

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

The New Brunswick game laws have been materially modified since they were printed in this Year Book. No cow moose is to be hunted under two years of age. No cow caribou is to be hunted or shot at all, the penalty for breach being from \$100 to \$200 or from 20 days to two months. No moose, caribou, or deer is to be shot at night under a penalty of \$50 to \$150 or imprisonment from one to three months. An increase is made in the license fee for nonresidents hunting moose or caribou from \$30 to \$50.

STATISTICAL SUMMARY

Index..... 764 et seq.

DIAGRAMS.

- A 1.—The growth of the Dominion.
- A 2.—Cultivated Land, proportion of.
- B 1.—Forest and Woodland, proportion of.
- B 2.—Population, proportion of (by Provinces).
- C 1.—Persons per square mile.
- C 2.—Size of Family, average.
- D 1.—Males, proportion of (by Provinces).
- D 2.—Foreign born population.
- E 1.—Aliens naturalized (by Provinces).
- E 2.—Indians, proportion of (by Provinces).
- F 1.—Distribution of Indians.
- F 2.—French origin, percentage of.
- G 1.—Owners and Occupiers of Farms.
- G 2.—Value of Farms per occupant.
- H 1.—Value of Farms, buildings and implements.
- H 2.—Average production of Farms.
- I 1.—Value of Farm Lots, &c., per occupant.
- I 2.—Production per Farm Lot.
- J 1.—Religious denominations, proportion of Catholics.
- J 2.—Religious denominations, proportion of Anglicans.
- K 1.—Religious denominations, proportion of Methodists.
- K 2.—Religious denominations, proportion of Presbyterians.
- L 1.—Persons able to read and write.
- L 2.—Expenditure per family for education.
- M 1.—Production, Annual income.
- M 2.—Production, Fisheries per head.
- N 1.—Production, Mines per head.
- N 2.—Production, Forests per head.
- O 1.—Production, Field farm and pasture per head.
- O 2.—Production, Factories per head.

INTRODUCTION.

The Year-book for 1904 consists of two parts, 1st, the 'Record,' and 2nd, the 'Abstract.'

Every effort has been made to secure accuracy and to introduce new features as the development of the country supplies additional material,

The estimate of the population in the middle of each year is based upon the assumption that the rate of increase which prevailed in the intercensal period immediately preceding has since been maintained. Since the census of 1901 afforded the needed data to make corrections, the estimates of the Decade 1891-1901 have been revised, just as the estimates for the several years of the decennial period 1881-1891 were revised after the taking of the Census of 1891. The per capita calculations have been revised in accordance with the usual custom.

Owing to the early publication of the Blue Books of the several Departments of the Federal Government and the kindly co-operation of the Provincial Governments, the Year-book for 1904 is published about the same date as last year's issue, which was two months in advance of previous issues.

I have pleasure in recording the good work done by Messrs. J. Wilkins and J. Skead in connection with the compilation.

GEORGE JOHNSON, D.C.L., F.S.S. (hon.),
Statistician.

Department of Agriculture,
Statistics Division,
May, 1905.

RECORD

The earliest official records show that John and Sebastian Cabot, sailing under commission from King Henry VII. of England, landed in 1497 on that part of the present Dominion of Canada known as Cape Breton in Nova Scotia.

Gaspar Cortereal discovered and named the Labrador coast in 1500.

Jacques Cartier, of St. Malo, France, acting under the authority and patronage of Francis I. of France, discovered, in 1534, those portions of the Dominion of Canada now called New Brunswick, Prince Edward Island, and Quebec, and on his return to France presented the King with the first official record there is of the existence of these regions.

Captain Cook in 1778 gave the first authentic record of the discovery of Vancouver Island and the Pacific Ocean coast of the present Dominion.

Frobisher, Hudson, Parry, Franklin, Richardson, Back, Mackenzie, Simpson, Vancouver and others, between 1576 and 1847 explored and named the north and north-west coasts of the Dominion.

Colonization was practically begun in 1605-8. In 1605 Baron de Poutrincourt established Port Royal (now Annapolis Royal, in Nova Scotia), the first actual settlement by Europeans. In 1608 Champlain founded Quebec.

The name Canada first appears in the 'Bref récit de la navigation faite en 1536-7, par Capt. Jacques Cartier.' The word comes from an Indian word meaning 'village,' and was used by the Indians when Cartier asked them where they lived: 'Kanata,' said they, as much as to say in 'our village' over yonder, pointing at the same time in the right direction.

By discovery, by occupation and by the Treaties of Utrecht (1713), of Paris (1763), and of Versailles (1783), all the country comprised in the Dominion of Canada became part of the British Empire.

The Dominion of Canada is about 3,500 miles from east to west and 1,400 miles from north to south.

It comprises the whole of the northern half of North America with the exceptions, on the west, of Alaska, on the north, of Greenland, and on the east, of the Labrador coast line, which latter is under the jurisdiction of Newfoundland, this colony not yet having entered the Canadian confederation.

Canada is bounded on the north by the Beaufort Sea and the Arctic Ocean; on the west by Alaska and the Pacific Ocean; on the east by Davis Straits, Labrador Coast and the Gulf of St. Lawrence; and on the south by the Atlantic Ocean and the United States of America. The latter boundary (starting from the Atlantic seaboard) commences at the mouth of the St. Croix River, which empties into the Bay of Fundy, then follows this river and Lake Chiputnecook and passes due north until it strikes the St. John River; thence by that river and one of its western branches it reaches the watershed between the St. Lawrence River and the Atlantic, which it follows by a tortuous south-westerly course to the 45th parallel of north latitude in longitude 71° 31" west; then by that

STATISTICAL YEAR-BOOK

westward to the St. Lawrence River and along mid-
river and of Lakes Ontario, Erie, Huron and the main
Superior to the mouth of Pigeon River, thence by it and
the north west angle of Lake of the Woods, thence it
parallel to the Gulf of Georgia and thence passes by the
the Straits of Fuca to the Pacific Ocean. The length of
3,000 geographical miles, 1,400 miles being a water line
and seas, and 1,600 miles being a land boundary.

This boundary line between Canada and the United States
is the line between Canada and Alaska (belonging to) the
purchase from Russia in 1867. This line was settled in
honour of Lord Alverstone in October, 1903.

This table gives the names and the areas of the several provinces
of the Dominion, together with the dates of their creation or
confederation.

THE DOMINION OF CANADA.

Date of Organization or Admission.	Statute or Order in Council	AREA, SQUARE MILES.		
		Water.	Land.	Total.
July 1, 1867	Act Imperial Parliament	40,354	230,508	260,862
1, 1870	Act Imperial Parliament	1,117	141,758	142,875
1, 1871	Act Imperial Parliament	1,117	141,758	142,875

THE DOMINION OF CANADA—*Concluded.*

Provinces and Districts.	Date of Organization or Admission.	Statute or Order in Council.	AREA, SQUARE MILES.		
			Water.	Land.	Total.
Districts created—<i>Con.</i>					
Assiniboia*	May 17, 1882	(Minute of Canadian P. C. concurred in by Fed. Parliament, May 17, 1882, and Order in Council, 2nd October, 1895.)	600	88,279	88,879
Saskatchewan	" 17, 1882		3,772	103,846	107,618
Alberta	" 17, 1882		362	101,521	101,883

Yukon†	June 13, 1898	Act of Federal Parlia- ment.	649	196,327	196,976
Mackenzie†	Oct. 2, 1895	Order in Council, Privy Council of Canada.	29,548	532,634	562,182
Ungava†	" 2, 1895	" "	5,852	349,109	354,961
Franklin†	" 2, 1895	" "		500,000	500,000
Totals			125,755	3,619,819	3,745,574

*In the Session of 1905 a bill was introduced in Parliament to create two Provinces out of The Four Territories of Assiniboia, Alberta, Saskatchewan and Athabasca.

†By Order in Council, 18th Dec., 1897, the boundaries of Ungava, Keewatin, Franklin, Mackenzie and Yukon were changed. Yukon was made a separate territory by Chap. 6, Acts of Canadian Parliament, 1898.

The Province of Newfoundland and the Labrador Coast are not included in the above statement. The area of the Labrador Coast is about 7,000 square miles, and that of Newfoundland 42,734 square miles.

The following table has been prepared in order to give an approximate idea of the annual value of the several classes of resources in the different provinces. In the case of farm dairy products, the figures are of dairy products, with the exception of factory made butter and cheese, the added value of which through the process of making appears under the head of manufactures. Live stock includes animals slaughtered on the farm and animals sold for slaughter or for export, but not the live stock on the farm.

Manufactures includes all manufactures as given in the census returns excepting home made butter and cheese included under farm dairy products. Twenty-five p. c. is added to make up the value of products in establishments having less than 5 hands. The figures are for the year 1900.

CENSUS AND OTHER SOURCES.

ANNUAL INCOME FROM UNDERMENTIONED SOURCES.

	British Columbia.	Manitoba.	New Brunswick.	Nova Scotia.

Following are dates and events connected with the discovery and history of Canada:—

- 1497 June 24. Cabot discovered the Eastern Coast of North America.
 1498 Sebastian Cabot discovered Hudson Strait.
 1500 Gaspar Cortereal entered the Gulf of St. Lawrence.
 1518 Baron de Lery visited Sable Island.
 1524 Verrazano explored the Atlantic Coast of Nova Scotia.
 1534 June 21. Landing of Jacques Cartier at Esquimaux Bay. First landing on Canadian soil.
 1535 July. Second visit of Cartier. August 19. Cartier anchored in a small bay at the mouth of St. John River, which in honour of the day he named after St. Lawrence. The name was afterwards extended to the Gulf and River. Sept. 14. Cartier landed at Stadacona (Quebec). Oct. 2. Cartier visited Hochelaga (Montreal).
 1540 Third visit of Cartier.
 1541 Cartier's men sowed turnip seed near Cape Diamond.
 1542-3. The Sieur de Roberval and his party wintered at Cap Rouge, near Quebec. The name 'Nova Gallia' appeared on Ulpius's globe.

- Sept. 1. Death of Jacques Cartier.
 Diego Homem's map showed the Bay of Fundy for the first time.
 7-8. Martin Frobisher made voyages of discovery to Arctic Canada.
 Sir Francis Drake took possession of the Pacific Coast and named the country New Albion.
 John Davis discovered Davis Straits.
 Davis made his second voyage to Arctic Canada.
 Davis made his third voyage to Arctic Canada.
 Juan de Fuca discovered the Straits of Juan de Fuca.
 The Marquis de la Roche landed 60 convicts on Sable Island, where they were left for five years without relief, only twelve being found alive at the end of that time. First attempt to colonize Acadie. First trading company formed to do business in Canada - Dupont-Grave & Chauvin of Harfleur.
 Champlain sails for this country under Pont-Grave & Prevost, and arrives at Quebec 22nd June.
 De Monts and Champlain on the coast of Nova Scotia, first officially mentioned as Acadie in the commission given by Henry IV. of France to the Sieur de Monts in 1604.
 Founding of Port Royal (Annapolis) Acadie (derived from an Indian word, "Cade", a place of abundance), by the Baron de Poutrincourt.
 Second visit of Champlain. Founding of Quebec, the first permanent settlement of New France. The name is an Indian one, "Kebec," a strait. Twenty-eight settlers wintered there, including Champlain. Acadie transferred to Virginia.
 Champlain provided a garden at Quebec in which he cultivated maize, wheat, rye and barley with vegetables of all kinds. He had a small vineyard of native grapes. Champlain defeated the Iroquois near Crown Point and discovered Lake Champlain.
 Henry Hudson wintered in James Bay, having spent three months in exploring Hudson Bay. Poutrincourt in Acadia.
 Jesuits arrived in Port Royal, Acadie. Brule ascended the Ottawa River the first European to do so, and the first white man to land on the shores of Lake Nipissing and to discover Lakes Huron and Ontario.
 Lescarbot's Nouvelle France published.
 St. John's, Newfoundland, founded. Ottawa River ascended by Champlain.
 Argall, of Virginia, destroyed Port Royal, Acadie.
 Lakes Huron, Ontario and Nipissing examined by Champlain. (Champlain sailed up the Ottawa River, crossed Lake Nipissing and descended French River into Georgian Bay thence to Lakes Simcoe and Ontario, returning to Quebec by the way he came. Recollet missions begun. Four of the Grey Friars landed at Quebec in May.)
 William Bathurst explored Bathurst Bay. First schools in Canada begun - one at Three Rivers, and the second at Tadoussac. In both cases the teachers were Recollet Fathers. Champlain attacks the Onondagas.
 Canada invaded by the Iroquois. Louis Hebert, the first farmer, arrived in Quebec. First marriage in New France.
 Population of Quebec, 60 persons.
 First register of births, deaths and marriages, opened in Quebec. First mention of the name "Nova Scotia" in a grant of the province (including what is now Nova Scotia, New Brunswick, Prince Edward Island and part of the State of Maine) to Sir W. Alexander by James I. First code of laws promulgated at Quebec. William de Caen in Canada.
 Nova Scotia first settled by the English. Gabriel Sagard, first historian of Canada, visited the country.
 May 6. Champlain laid the first stone of the Fort de St. Louis.
 Jesuits first arrived in New France. Order of Baronets of Nova Scotia created.
 Feb. 28. First Seigneurie granted, to Louis Hebert, St. Joseph. Radbault founded a mission near Lake Huron.
 Canada (including Acadie) granted to the Company of "100 Associates" by the King of France. Feudal system established in New France.
 Port Royal, Acadie, taken by Sir David Kirke. Quebec summoned to surrender to the English. First arrival of Scotch settlers.
 July. Capture of Quebec by the English under Sir David Kirke. 117 persons wintered there. Treaty of St. Germain between Great Britain and France.
 Charles La Tour defeated his father at Fort St. Louis, Acadie.

Pierre Biard was the first Jesuit who set foot on the soil of Canada. He arrived at Port Royal (Annapolis, N.S.), in company with Pere Masse, on 22nd May, 1611. He wrote the Relations of the Jesuits.

1631. Luke Fox made a voyage to Hudson Bay. Capt. Thomas James also made a voyage thither and wintered in 1631-2 at Charlton Island, James Bay. **C.J.**
1632. Canada, Cape Breton and Acadie restored to France by the Treaty of St. Germain-en-Laye. Champlain appointed the first Governor of Canada after the restoration. First school opened in Quebec. Champlain published his consolidated narratives, and in his map the falls of Niagara are first noted. Jesuits' Relations begun, extending to 1679.
1634. July 4. Town of Three Rivers founded by M. de la Violette. Seigniorship of Beauport granted to Sieur Robert Giffard. Jean Nicolet's exploration through the great lakes of the St. Lawrence.
1635. Marquis de Gamache founded Jesuits' College in Quebec. Lake Michigan discovered by Nicolet. December 25; death of Champlain at Quebec.
1636. July 10. First Notarial Act done in Quebec by M. Audouart, Notary. July 29. Concession of the Isle of Montreal to M. de Lauzon.
1637. De Sillery founded school and home for Indians near Quebec.
1638. First earthquake on record in Canada.
1639. Ursuline Convent founded at Quebec. Hotel Dieu founded in Quebec by Duchesse D'Aiguillon.
1640. Lake Erie discovered by the Jesuits, Chaumonot and Brébeuf.
1641. Peres Raymbault and Jogues reached Lake Superior.
1642. May 18. Ville Marie (Montreal) founded by Maisonneuve. Fort Richelieu (now Sorel) founded by Montmagny.
- 1642-1667. Frequent and serious wars between the French and the Iroquois Indians.
1644. Hotel Dieu, Montreal, founded by Mademoiselle Mance.
1645. Montmagny made peace with the Iroquois at Three Rivers, July 14. Fort La Tour taken by Charnisay.
1646. Exploration of the Saguenay River by the Jesuit Dablon.
1647. Lake St. John discovered by the Jesuit Pere de Quen. Governor and Council appointed to direct public affairs in New France. First white man went down the St. Lawrence River through the 1,000 Islands.
1648. The Jesuit Ragueneau gave the first recorded description of Niagara Falls.
1654. Acadie taken by the English.
1655. Treaty of Westminster, restoring Canada and Acadie to the French.
1657. Acadie transferred to Sir Wm. Temple. Canada made a Vicariate Apostolic. Sulpicians arrived.
1659. M. de Laval, first Roman Catholic Bishop of Canada, arrived from France.
1660. Dollard des Ormeaux killed.
1663. Company of '100 Associates' dissolved. Royal Government established. First Courts of Law. Great earthquake in the lower St. Lawrence region. Aug. 18. The Island of Montreal became the property of the Sulpicians.
1664. April 8. Formation of the Company of the West Indies.
1665. Carignan Regiment arrived in New France. Pere Allouez established a mission at La Pointe, on the shores of Lake Superior.
1666. La Salle obtained grant of land on Lake St. Louis, and established Lachine.
1667. Acadie restored to France by Treaty of Breda. White population of New France, 3,918.
1668. Talon constructed two sea-going vessels and established trade between Quebec, the Antilles and France. First library formed in Quebec. April 14. Decree permitted the establishment of a brewery. Pere Marquette founded a mission at Sault Ste. Marie. Quebec Seminary founded by Bishop Laval.
1670. May 13 n.s.c. Hudson's Bay Company founded.
1671. Sieur St. Lussan took formal possession of the Sault Ste. Marie and the adjacent country in the name of Louis XIV.
1672. Count de Frontenac appointed Governor. Population, 6,705. Albanel visited James Bay by overland route from Quebec.
1673. June 18. Cataragui (Kingston) founded by La Salle.
1674. Iroquois established in Caughnawaga. R.C. Bishopric established in New France.
1679. Le Griffon vessel built on Lake Ontario by La Salle.
1680. La Salle received a grant of the Island of Anticosti.
1682. Compagnie du Nord formed at Quebec for fur trading in Hudson Bay.
1685. Currency issued in New France.
1686. Towers and Hervey captured Hudson Bay Co. Posts Rupert and Albany.
1687. La Salle assassinated, March 18.
1689. August 5. Massacre of whites by Indians at Lachine.
1690. Capture of Port Royal by Sir William Phips, and his unsuccessful attack upon Quebec.
1691. Peter Schuyler's raid into Canada by way of Lake Champlain. Henry Kelsey, employee of the Hudson Bay Co., left York Factory, traversed the Assiniboine country and penetrated to the foot of the Rocky Mountains.
1692. A. de La Potherie's party of Massé-Bosses. Population of New France, 12,431.

1696. Nova Scotia made a Royal Province. Iberville destroys St. John's, Newfoundland, and departs 224 of the survivors to England in one small vessel.
1697. Treaty of Ryswick. Mutual restoration of places taken during the war. Great sea fight between Iberville and the Hudson Bay Co.'s ships on Hudson Bay; Iberville winning, Fort Nelson fell into the hands of the French. Frontenac's last campaign against the Iroquois.
1698. November 2. Death of Frontenac. Population of Canada, 13,356.
1701. De Callières at Montreal signed a treaty of peace with the Iroquois and other Indian tribes. Canadians granted leave to engage in manufacturing.
1702. de Beauharnois commissioned Intendant of Justice, Police and Finances of Canada.
1703. Oct. 29. The Members of the Sovereign Council of Canada increased from 7 to 12.
1704. Benjamin Church led an expedition from Massachusetts against Acadie in retaliation for Hertel de Rouville's attack upon Deerfield.
1706. Death of Pierre Le Moyne, Sieur d'Iberville.
1707. Col. March attacked unsuccessfully Port Royal, Acadie.
1708. May 6. Death of Laval, first R. C. Bishop of Quebec, from Oct. 1674 to Jan. 1688.
- 1709-10-11. Canada invaded by the English. Port Royal (Annapolis) taken by Nicholson (1710). Sir H. Walker's fleet partly destroyed at Isle aux Oufs, Aug. 22. One thousand lives lost.
1711. Merchants Exchanges established in Quebec and Montreal.
1713. Treaty of Utrecht, by which Hudson Bay and adjacent territory, Nova Scotia (Acadie) and Newfoundland were ceded to the English. Louisbourg founded by French from Newfoundland.
1719. First Government founded by the English in Nova Scotia.
1720. Population of New France, 24,434, and of St. John's Island (Prince Edward Island) about 100. Fort Louisbourg built. Governor and Council appointed for Nova Scotia. The historian Charlevoix arrived at Quebec.
1721. June 19. About one-half Montreal destroyed by fire. Coal shipped from Cape Breton.
1722. Division of settled country in Canada into 82 Parishes confirmed by the King.
1729. Giles Hocquart signed his first act as Intendant.
1733. First forge erected in Canada—at St. Maurice.
1736. Sep. Giles Hocquart signed an ordonnance declaring that whoever intended to free his slaves might do so by a notarial deed to be registered in the nearest office of Royal jurisdiction in civil matters; failure to do so making void the act of freeing the slave.
1737. Iron smelted at the St. Maurice forges. Giles Hocquart, Intendant, initiated Industrial Exhibitions by sending products of the Forests, the Mines, the Fisheries and the Field of Canada to France to be publicly exhibited.
1738. Grey Nunnery, Montreal, founded. La Franche explored the country between Lake Superior and Hudson Bay.
1739. Population of New France, 42,701.
1744. Charlevoix published his history of New France.
1745. Louisbourg, Cape Breton, taken by the English.
1747. Militia rolls drawn up for Canada. Courts of Justice constituted in Nova Scotia. English defeated in Grand Pre, Nova Scotia.
1748. Restoration of Louisbourg to the French in exchange for Madras, by the peace of Aix-la-Chapelle, signed Oct. 18th, 1748.
1749. June 21. The city of Halifax founded by Lord Halifax; 2 544 British emigrants brought out by the Hon. Edward Cornwallis. Two English school teachers arrived in Nova Scotia and began operations. Fort Rouillé (Toronto) built.
1750. St. Paul's Church, Halifax, built. It is still used (1904).
1751. Rocky Mountains seen by Niverville's Expedition.
1752. March 23. Issue of the *Halifax Gazette*, the first paper published in Canada.
1753. June 3. Grey Nuns of Montreal incorporated by King's letters patent.
1755. French driven out of Fort Beauséjour. Expulsion of the Acadians from Nova Scotia. About 6,000 were deported.
1756. War between France and England. Montcalm in Quebec.
1758. First meeting of Nova Scotian Legislature, representative institutions having been granted.
 - July 26. Final capture of Louisbourg by the English under General Amherst.
- 1759,
 - July 25. Capture of Fort Niagara by the English under General Prideaux, who was killed during the assault.
 - July 26. Commencement of the siege of Quebec.
 - September 13. Battle of the Plains of Abraham and defeat of the French by General Wolfe, who was killed on the field. Loss of the English, 700, and of the French, 1,500.
 - September 14. Death of General Montcalm, commander of the French forces.
 - September 18. Capitulation of Quebec to Admiral Saunders and General Townshend.

1759. September 25. Ship Tilbury wrecked off St. Esprit, Cape Breton, 200 lives lost.
1760. Unsuccessful attack on Quebec by General de Lévis. Capitulation of Montreal (Sept. 8th) and completion of the conquest of Canada. Population of New France, 70,000. Military rule began, lasting till the peace of 1763.
1761. Ship L'Auguste wrecked off the coast of Cape Breton, 114 lives lost.
1762. British population of Nova Scotia, 8,104. First English settlement in New Brunswick.
1763. February 10. Treaty of Paris signed, by which France ceded and guaranteed to His Britannic Majesty in full right "Canada with all its dependencies." Cape Breton and Isle St. Jean annexed to Nova Scotia. Labrador, Anticosti and the Magdalen Islands annexed to Newfoundland. In this year Pontiac, Chief of the Ottawas, organized a conspiracy for a simultaneous rising among the Indian tribes, and a general massacre of the British. The plan was successfully carried out in several places and all the inhabitants put to death, but finally the Indians were forced to succumb.
1764. Issue of the *Quebec Gazette*. Montreal nearly destroyed by fire.
1765. Sunbury County set apart by Executive Council of Nova Scotia—being the first organized county in New Brunswick. The first printed book published in Quebec, *Catéchisme du Diocèse de Sens*.
1766. Peace with Pontiac.
1768. General Carleton, afterwards Lord Dorchester, appointed Governor General. Charlottetown, P. E. Island, founded. March 20. North British Society founded in Halifax, Nova Scotia.
1769. St. John's Island (Prince Edward Island) made into a separate province, with Walter Patterson for the first Governor; the first meeting of an elected House of Assembly took place in July, 1773. Hearne began his explorations of the Coppermine River region.
1773. Escheat of Jesuits' Estate in Canada consequent on the order being abolished. Celtic settlers arrived in Nova Scotia.
1774. The "Quebec Act" passed. This Act gave the French Canadians the free exercise of the Roman Catholic religion, the enjoyment of their civil rights, and the protection of their own civil laws and customs. It annexed large territories to the province of Quebec, and provided for the appointment by the Crown of a Legislative Council, and for the administration of the criminal law as in use in England. Labrador transferred to Canada.
1775. Outbreak of the American Revolution and invasion of Canada by the Americans; every place of importance rapidly fell into their hands, with the exception of Quebec, in an attack upon which General Montgomery was defeated and killed on 31st December.
1776. Reinforcements arrived from England and the Americans were finally driven out of Canada by General Carleton. October 11. Sir Guy Carleton defeated General Arnold in a naval engagement in Lake Champlain.
1778. June 3. First issue of the *Montreal Gazette*; (this paper is still published). Captain Cooke arrived in Nootka Sound and claimed the present north-west coast (British Columbia) for the Crown of Great Britain.
1780. General Assembly of Nova Scotia passed an Act establishing Public Schools in Halifax and appropriating £1,500 for the purpose.
1782. North-west Fur and Trading Co. organized in Montreal. June 29. Govr. Hammond of Nova Scotia assented to a Bill repealing the law prohibiting public worship by the Roman Catholic church.
1783. September 3. Signing of the Treaty of Versailles between Great Britain and France, respecting fisheries on Newfoundland Coast from Gulf of St. Lawrence. Signing of Treaty of Paris; recognition of independence of the 13 States and definition of the boundary line between Canada and the United States, viz., the Great Lakes, the St. Lawrence River, the 45th parallel of north latitude, the highlands dividing the waters falling into the Atlantic from those emptying themselves into the St. Lawrence and the Ste. Croix Rivers. Kingston founded by U. E. loyalists. Nearly 500 families of U. E. Loyalists from New York landed at Shelburne, N.S.
1784. Population of Canada, 113,012. (United Empire Loyalists in Upper Canada not included.) Fredericton, N.B., founded by U. E. loyalists. Cape Breton separated from Nova Scotia politically.
August 16. New Brunswick made a separate province; population, 11,457. Reintroduction of the right of *habeas corpus*.
British population in Nova Scotia, 32,000 (about 11,000 Acadians not included).
1784. About this time began the migration into Canada and Nova Scotia of the United Empire Loyalists, as they were called—that is, of those settlers in the American States who had remained faithful to the British cause. This migration lasted for several years, and though it is not possible to arrive at any exact figure, it is probable that the number altogether was not less than 25,000. The

loyalists were well treated by the British Government, and large grants of lands were made to them in various parts of the country. The banks of the St. Lawrence and the shores of Lake Ontario, in particular, were settled by about 10,000 persons, on lands allotted to them by the Government.

- 1785 May 18 Date of charter of St. John, N.B., as Parrytown, the oldest incorporated town in Canada. Sydney, C.B., founded by Lieutenant-Governor Desbarres. English law declared to be in force in Cape Breton Island.
- 1786 First vessel on the Pacific coast launched by Captain John Meares. It was a 40-ton vessel. First classical school in Upper Canada opened. Halifax Marine Association founded for encouragement of trade. Several counties were established in New Brunswick, and on October 23rd the Government moved from St. John to Ste. Anne's Point (now Fredericton).
- 1787 First Colonial Soc. established in the British Empire in connection with the Church of England, in Nova Scotia.
- 1788 Western Canada (now Ontario) divided into four districts, and English law introduced. King's College (N.S.) opened. 'Hungry year'.
- 1789 Quebec Agricultural Society formed by Lord Dorchester. Halifax Agricultural Society was also formed this year; they played an important part in the early history of agriculture in Canada. Order in Council established the United Empire Loyalists.
- 1790 Vancouver Island circumnavigated by Capt. Vancouver. Belleville founded.
- 1791 Division of the province of Quebec into two provinces, viz., Upper and Lower Canada. Each province to have a Lieutenant Governor, and a Legislature composed of a House of Assembly and a Legislative Council. The members of the council to be appointed by the Lieutenant Governor for life; those of the Assembly to be elected by the people for four years. Act went into force by Royal proclamation, Dec. 26th. Population of the two provinces, 161,311.
- 1792 May 7 Lieut. Govr. Clarke divided Lower Canada into 21 electoral districts. July 8. First Executive Council for Upper Canada appointed by Lieut. Govt. Simcoe. July 15. Upper Canada divided into 19 counties. September 17. First meeting of the Legislature of Upper Canada at Newark, Niagara, under Lieutenant Governor Simcoe. The House of Assembly consisted of sixteen members. Capt. Vancouver on the Pacific Coast exploring. December 17. Opening of the Legislature of Lower Canada, at Quebec, by Gen. Clarke. The House of Assembly consisted of fifty members. Fortnightly mail service established between Canada and the United States.
- 1793 Importation of slaves forbidden in Upper Canada. Upper and Lower Canada separated from the Church of England Soc. of Nova Scotia, and made a separate Soc. Toronto given the name of York. Rocky Mountains crossed by Mackenzie. Public Accounts first published. Upper Canada Gazette (first paper in Upper Canada) published.
- 1794 Jay's Treaty signed, being treaty between Great Britain and the United States. Vancouver Island by arbitration between Great Britain and Spain acknowledged to be British territory.
- 1796 The seat of Government of Upper Canada removed from Niagara to York (Toronto). N. Y. Fur Trading Co. formed. Maroons brought from Jamaica to Nova Scotia.
- 1797 Weekly mail established between Canada and the United States. George III. directed waste lands of the Crown in Upper Canada to be set aside (1st) for establishment of free grammar schools, and (2nd) for establishing other seminaries of learning of a more comprehensive nature.
- 1798 The name of St. John's Island changed to that of Prince Edward Island, in honour of the Duke of Kent, the change taking effect in 1799. Population, 4,500.
- 1800 The first Baptist Association in Lower Canada organized at Grenville. David Thompson, explorer, crossed the Rocky Mountain range. Jesuits' estates taken possession of by the Government. New Brunswick college established.
- 1802 King's College, N.S., granted a royal charter.
- 1803 Lord Selkirk sent 800 Scotchmen to Prince Edward Island.
- 1804 Sedition Act passed in Upper Canada. N. W. Comp. & N. Y. Co. amalgamated.
- 1805 January. Founding of the Quebec Mercury by Thomas Cary, barrister; first copy issued January 1st.
- 1806 November 22. Issue of *Le Canadien*, the first newspaper printed entirely in French. Population of Upper Canada, 70,718, and of Lower Canada, 250,000.
- 1807 Public grammar schools founded in Upper Canada.
- 1808 Jonathan Sewall, a Loyalist expelled from the United States, became Chief Justice of Lower Canada.
- 1809 First steamer on St. Lawrence River from Montreal to Quebec.
- 1811 Judges excluded from Parliament. McGill University founded. Montreal Herald (newspaper) founded. Earl of Selkirk received a grant of 74,000,000 acres from

Hudson Bay Co., including all the present Province of Manitoba and 27 millions of acres more.

1812. 100 Scotch settlers went to Red River by way of Hudson Bay.

War of 1812-15 between Great Britain and the United States.

British Orders in Council were passed declaring a strict blockade of the European Coast from Brest to the Elbe; other Orders in Council connected with the blockade were subsequently passed. These affected seriously the trade of the United States, and with other causes produced a war which was declared by the United States on June 18, 1812, one day after the obnoxious Orders in Council had been repealed. If there had been cable communication in all probability there would have been no war of 1812-14.

July 12. General Hull's force of 2,500 men crossed the Detroit River near Sandwich into Canadian territory.

July 17. Fort Michillimackinac surrendered to Capt. Roberts commanding a British force of 193 men.

August 5. Brownstown Village. British troops and Indians under Tecumseh ambushed the United States forces; killed 20 men and wounded 9, driving the enemy back, August 5. United States General Hull (Aug. 7th) retreated to Detroit.

August 7. Rivière aux Canards. Col. Cass with United States troops was sent forward to take a bridge; made three several attempts, July 15, 19 and 24, but was repulsed on each occasion.

Lieut. Rolette attacked and captured a convoy of bateaux and boats of the United States on their way from Niagara to Detroit.

August 19. Hull surrendered Detroit to Brock. 2,500 prisoners, 33 cannon, 2,500 stand of arms and large quantities of military stores taken by the Canadians.

September 16. United States forces repulsed at Presq'le.

September 21. Gananoque raided by United States' force.

October 13. United States troops under Van Rensselaer crossed the Niagara River to Queenston. They were repulsed and defeated, losing 90 killed, 100 wounded and 900 made prisoners. The British loss was about 130 in killed, wounded and prisoners. The British General Brock was killed.

November 10. Kingston bombarded by United States forces.

November 20. United States General Dearborn with about 2,000 troops attacked Odelltown but was driven back to Champlain by Major de Salaberry.

November 28. United States forces repulsed near Fort Erie.

1813. January 22. Col. Proctor (British) with 500 soldiers and 800 Indians defeated United States General Winchester at Frenchtown, capturing the commander and 405 of his men.

February 6. United States force under Capt. Forsythe crossed from Ogdensburg to the Canadian side, raided Brockville and carried off 52 persons.

February 22. Major MacDonnell with 480 men crossed the river from Prescott to the United States town of Ogdensburg, and after a severe fight captured it, taking prisoners Capt. Forsythe and 500 men, and capturing 11 guns.

April 27. United States forces under General Pike attacked the town of York (now Toronto). The British garrison after a sharp resistance was driven away and the town capitulated. The military stores were captured, 300 prisoners were taken and ships at the docks and the public buildings were burned.

May 1. Proctor (British) attacked Fort Meigs but failed to take it.

May 8. United States forces evacuated York.

May 27. General Dearborn captured Fort George.

May 29. General Prevost (British) assaulted Sackett's Harbour without success.

June 1. Naval engagement between the "Shannon" (British) and the "Chesapeake"; the British frigate captured the enemy's vessel and carried her into the harbour of Halifax.

June 3. Two United States vessels captured by Major Taylor on Lake Champlain.

June 5. After the capture of Fort George the troops of the United States invaded Canada, 4,000 strong, but their advance guard, 1,400 strong, were surprised in the night by 800 British who advancing with the bayonet defeated them at Stoney Creek, capturing two generals, four cannons and 120 men.

June 19. United States military stores captured at Great Sodus.

June 24. Lieut. Fitzgibbon, in charge of a stone house at Beaver Dam, about 17 miles from Fort George, being warned by Laura Secord, the wife of a Canadian militia man, that an attempt would be made from Fort George by Colonel Boerstler with some 400 men and two field pieces to destroy the house and its defenders, prepared for the emergency by posting two hundred Indians, who ambushed the enemy. A detachment of 150 men reinforced Boerstler, but Capt. Fitzgibbon and forty-seven men reinforced the Indians, surrounded the United States force and compelled its surrender. Five hundred and forty men capitulated to a British lieutenant with 200 Indians, militiamen and regulars.

Mrs. Secord at great personal risk walked twenty miles through the forest to warn the British.

1813. July 4. Colonel Thomas Clark (British) with forty men surprised the United States Fort Schlosser and took it, re-crossing the river into Canada, with fifteen prisoners and a considerable quantity of stores and arms.

July 31. United States forces visited York and set fire to several buildings, carrying off what stores they could find.

July 31. Capts. Everard and Pring destroyed four United States vessels outside of Burlington.

July 31. Col. Murray captured Plattsburg, the headquarters of the United States army of the north.

August 2. Col. Proctor failed in an attempt to take Fort Stephenson on the Sandusky River.

August 10. Running fight on Lake Ontario, the British capturing two United States vessels and driving the United States commander under the guns of Fort Niagara for shelter. The damage to the British vessels was a few shot-holes through the sails.

August 20. General Hampton with 5,000 men entered Canada.

September 10. Perry (United States) defeated Barclay on Lake Erie. Barclay lost 38 killed and 85 wounded out of a total of 650 men.

October 1. United States forces repulsed at Four Corners.

October 4. Harrison, (United States) pursuing Proctor retreating from Sandwich, captured Proctor's ammunition and stores.

October 5. Harrison with 3,500 men defeated Proctor with 407 soldiers and 800 Indians at Moravian town. The celebrated Indian Chief, Tecumseh, was killed in this engagement. Harrison burned the town on the 6th.

October 26. The French Canadian militia, led by Lt.-Col. de Salaberry and numbering 350, overwhelmingly defeated 3,500 United States troops under General Hampton at Chateaugay.

"Believing themselves surrounded by forces far superior in numbers, the invaders became paralysed with fear and fled in disorder from an enemy whom they could not see, and who might close upon them at any moment. In this way Canadian pluck and strategy won a famous victory which saved the province of Lower Canada at a most critical moment of the war."—SIR JOHN BOURINOT.

November 11. Battle of Chrysler's Farm. The invading United States force consisted of 2,000 regulars with six field pieces. British force under Col. Morrison numbered 680 regulars, 120 Canadian militia and 30 Indians, with three field pieces. British loss, 22 killed, 150 wounded and 15 missing. United States loss, 102 killed and 237 wounded. The United States General Covington was among the slain. After being defeated the United States army hastened back to their own country.

December 11. United States General McClure abandoned Fort George, and after burning 149 houses in Newark and Queenston and compelling 400 women and children to seek shelter in the woods, crossed over to Fort Niagara on the United States side.

December 18. Col. Murray (British) with 550 men crossed Niagara River and captured Fort Niagara, killed 65 men and made 344 prisoners, only twenty of the garrison escaping. The British loss was six killed and five wounded.

December 19. General Riall (British) with 500 men crossed the river to Lewiston accompanied by 500 Indians. A skirmish took place between the Indians and a United States force, in which the latter lost eight men killed. The United States troops evacuated Lewiston, which was at once destroyed, as also were the villages of Youngstown and Manchester and Fort Schlosser, General Riall returning to Canada.

December 30. General Riall (British) again made a raid into United States territory, routed the United States troops opposed to him and captured and burned Buffalo. "On New Year's Day, 1814, the settlers along the whole length of the Niagara River—those of them who survived—were shivering beside the smouldering embers of their homes," and the burning of Newark was revenged.

1814. March 30. United States General Wilkinson led 5,000 men across the boundary against 350 British posted in La Colle Mill. After a fight of four hours, the United States troops retreated to Plattsburg.

May 6. Sir James Yeo and General Drummond with 1,080 rank and file left Kingston on May 4. The fleet arrived off Oswego on the 5th. On the 6th, 770 men embarked on boats, effected a landing under a fierce fire from the batteries and from the musketry discharge of 500 regulars and militia, and in a short time captured the town, losing 19 killed and 62 wounded. The United States troops lost 6 killed and 38 wounded and 25 missing. 60 prisoners were taken by the British, who destroyed all public property.

May 15. Col. Campbell of the United States Infantry with 500 men crossed from Erie, Pa., and burned Port Dover.

- 1814.** May 30. Sir James Yeo sent two gun boats up Sandy Creek, 16 miles to the west of Sackett's Harbour to capture stores. They were attacked by a United States force of 150 regulars, 200 Indians and a strong body of militia. After a loss of 8 killed and 20 wounded the remaining 120 British surrendered.
- July 3. United States General Brown having with him 6,000 rank and file marched against Fort Erie which surrendered, being held by but 170 British.
- July 5. General Brown, attacked by British General Riall with 1,800 men, engaged him in battle—the Battle of Chippewa. The United States force lost 308 men and the British 511 killed and wounded. General Riall retreated taking up a new position at Lundy's Lane—the enemy in the meantime plundering and destroying and burning the village of St. Davids—acts which enraged the people who “sniped” them at every opportunity, killing numbers.
- July 25. Col. Tucker (British) with 1,500 men crossed over and took Lewiston, destroying the public stores.
- General Drummond had hastened from Kingston on hearing of the Battle of Chippewa and arrived at Fort George on the 24th. With 800 men he hurried forward to aid Riall and reached Riall's camp just as the United States forces were within 600 yards of it. Then began the battle of Lundy's Lane “the bloodiest conflict of the whole war.” It lasted seven hours and the United States forces then withdrew having lost 1,200 of 4,900 engaged. The British force engaged was 1,640 during three hours, at the end of which time a reinforcement of 1,200 men arrived. Of the whole British force 84 were killed and 557 wounded. The United States troops withdrew to Fort Erie. “Nothing could have been more terrible nor yet more solemn than this midnight contest. The desperate charges of the enemy were succeeded by a death-like silence, interrupted only by the groans of the dying and the dull sound of the Falls of Niagara.”
- August 4. Commander Sinclair (American) attempted to capture Mackinaw, but failed.
- August 12. Capt. Dobbs (British) captured two United States schooners at Fort Erie.
- August 15. General Drummond assaulted Fort Erie, but failed to carry it, the accidental explosion of an ammunition chest nearly destroying the storming party.
- July and August. Sir John Sherbrooke, of Nova Scotia, invaded the State of Maine and held a chief portion of it till the close of the war.
- September 3 and 6. Two United States vessels captured off Nottawasaga.
- September 11. British Capt. Downie in naval engagement before Plattsburg on Lake Champlain after a desperate battle was defeated. The British had 8 vessels, 38 broadside guns and an aggregate crew of 337, against an United States fleet of 14 vessels, 52 broadside guns and 950 aggregate crew.
- September 17. United States troops made an unsuccessful sortie from Fort Erie.
- November 5. United States forces evacuated Fort Erie, destroyed it, and went across to United States territory.
- December 24. War terminated by the Treaty of Ghent.
- “The result of the three years' fighting” says Denison, “was that twelve distinct invasions by superior forces of the enemy were defeated and the invaders driven out of the country, making it a victorious war for us.”
- “The war did much to solidify the various racial elements” says Bourinot, “of British North America during its formative stage. Frenchmen, Englishmen, Scotsmen from the Lowlands and Highlands, Irishmen and Americans united to support the British connection. The character of the people, especially in Upper Canada, was strengthened from a national point of view by the severe strain to which it was subjected. Men and women alike were elevated above the conditions of a mere colonial life and the struggle for purely material necessities and became animated by that spirit of self-sacrifice and patriotic endeavour, which tends to make a people truly great.
- “Lundy's Lane was the most hotly contested of all the engagements which took place in the war of 1812-15. The invaders of Canada forming the centre division of the American Army under the command of General Brown fought with a courage which was truly heroic. This battle was not a long-range engagement, but a hand to hand, bayonet to bayonet, muzzle to muzzle conflict.
- “Of all the battles fought in America, the action at Lundy's Lane was unquestionably the best sustained and by far the most sanguinary. The rapid charges and real contests with the bayonet were of themselves sufficient to render this engagement conspicuous. Traits of real bravery and heroic devotion were that night displayed by those engaged, which would not suffer in comparison with those exhibited at the storming of St. Sebastian or the conflict of Quatre Bras.
- “General Drummond was himself wounded in the neck by a bullet. He places the killed, wounded and missing at 836. The United States General reported killed, wounded and missing, 858.”

1814. Population of Upper Canada 95,000 and of Lower Canada, 335,000.
1815. Treaty of London. Convention to regulate trade and navigation between the United States and Great Britain.
1816. Common Schools established in Upper Canada. Steamer "Frontenac" launched on Lake Ontario.
1817. First Treaty with the North-west Indians; the Earl of Selkirk signing on behalf of King George III. First bank opened in Montreal—the Bank of Montreal. Agreement with United States respecting gun boats on the Great Lakes. Ottawa founded by Nicholas Sparks.
1818. October 30. Convention signed at London regulating the privileges of Americans in the British North American fisheries. Halifax and St. John, N.B., made free ports. Bank of Quebec established.
- 1819-22. John Franklin's overland expedition to the Arctic Ocean.
1820. Cape Breton reannexed to Nova Scotia. Brantford founded. Bank of New Brunswick incorporated.
1821. Commencement of the Lachine Canal. (First vessel passed through in 1825.) McGill College received its charter. Quebec Savings Bank opened. Amalgamation of the Hudson's Bay Co., and the North-west Trading Co.
1822. General Hospital Montreal founded. Law Society of Upper Canada incorporated.
1824. Literary and Historical Society of Quebec founded. "Fabrique Act" passed in Lower Canada.
1825. Great fire in the Miramichi District of New Brunswick. Five hundred lives estimated lost. Three million acres of forest destroyed. Halifax Banking Company established. Treaty of St. Petersburg defining boundaries of Alaska.
1826. Franklin and Richardson explore the Mackenzie river and the coast east and west. Canada Land Company formed.
1827. Guelph founded by John Galt. Coal mining begun in Pictou Co., Nova Scotia. Treaty of London. Convention between the United Kingdom and the United States relative to territory west of the Rocky Mountains.
1828. Saguenay District explored. Pictou and Sydney made free ports.
1829. Upper Canada College founded. First Welland Canal opened. John Ross discovered the Peninsula of Boothia and in 1830 James Clarke Ross discovered the North Magnetic Pole in 70°, 5', 17" north latitude and 96°, 46', 45" west longitude.
1831. Population—Upper Canada, 236,702; Lower Canada, 553,131. Ship "Lady Sherbrooke" lost near Cape Ray, nearly 300 lives lost.
1832. Cholera in Canada checked immigration. Quarantine station established at Grosse Isle. June 5. Lord Aylmer proclaimed that His Majesty had (April 12) assented to Acts to incorporate the cities of Quebec and Montreal.
1833. August 5. The steamer "Royal William" left Quebec for Pictou, N.S., discharged cargo and coaled, leaving Pictou on the 18th August, for Gravesend, England, at which port she arrived after a stormy passage, during which she disabled one of her engines. The boat was built at Quebec during 1830-31, and was the first steamer that ever crossed the Atlantic, the motive power of which was entirely steam. Capt. George Back made overland journey to the Arctic Ocean.
1834. Toronto incorporated. Cholera again in Canada.
1835. Steamer "Beaver" (Hudson's Bay Co.) arrived at Fort Vancouver, being the first steamer on the North Pacific Ocean.

 November 3. General elections for Federal Parliament; Government sustained.
 Dec. 10. Earl Grey assumed office as Governor General.
1905. January. Provincial elections in Ontario; Government defeated.
-

The principal physical features of Canada are the Rocky Mountains and the Laurentian range, the plains of the North-west Territories, the great lakes and Hudson Bay and the Bay of Fundy, and the Mackenzie River and St. Lawrence River basins.

The great Laurentian lakes, five in number, form, with their connecting rivers, a complete system of navigation from the head of Lake Superior to the Atlantic Ocean, a distance of 2,384 miles. They cover an area of about 100,000 square miles.

Other great lakes are Great Bear, 11,200 square miles; Great Slave, 10,100 square miles; Winnipeg, 9,400 square miles; and Athabaska, 4,400 square miles.

The principal mountains are the Rocky Mountains in the west, extending from the Arctic Ocean to the United States; they contain the highest points in the Dominion, among the chief being Mount Hooker, 16,760 feet; Mount Brown, 16,000 feet; and Mount Murchison, 15,700 feet.

The principal rivers are the St. Lawrence (with its tributaries, the Ottawa, the St. Maurice, the Richelieu and the Saguenay), the St. John, the Restigouche and the Miramichi rivers, flowing into the Atlantic Ocean; the Mackenzie, Coppermine and Great Fish rivers emptying into the Arctic Ocean; the Saskatchewan and Red, the Nelson, Churchill and Albany rivers flowing into the Hudson Bay; the Fraser and Columbia emptying into the Pacific Ocean.

Hudson Bay is a large inland sea, having an area of 350,000 square miles. Including its two arms it has an extreme length north and south of 1,000 miles, and a width across the bay proper of about 600 miles.

The Bay of Fundy, 170 miles long, and from 30 to 50 miles wide, nearly separates Nova Scotia from New Brunswick, the connecting Isthmus of Chignecto being about 15 miles wide.

The principal islands in Canada are Baffin Land, Prince Albert Land (which are the principal islands in the district of Franklin), Vancouver and Queen Charlotte Islands in British Columbia; Prince Edward Island, Cape Breton Island and Anticosti in the Gulf of St. Lawrence.

The climate varies greatly. The average mean temperature is—in Prince Edward Island, summer, 61·9 degrees F., and 19·5 in winter; New Brunswick, summer, 60 degrees, and winter 19·0; Nova Scotia, summer, 65·2, and winter 25·0; Quebec, 58·3 summer, and 15· winter; Ontario, 63·0 summer, and 19·8 winter; Manitoba, 60·1 summer, and 0·8 winter; British Columbia, summer 61·, and winter 32·4.

In a general view Canada consists of the mountainous region of the west ; the prairie country between the Rocky Mountains and Hudson Bay, and the woodland region comprising the provinces of Ontario, Quebec, New Brunswick and Nova Scotia. The width of these several belts, east and west is ; Mountain, 600 miles ; prairie, 1,000 ; woodland, 2,300.

The great spruce forest of Canada extends through all the eastern provinces, goes as far north as Ungava Bay on the east side of Hudson Bay, and as far north and north-west, on the west side of Hudson Bay as Coronation Gulf and the mouths of the Mackenzie River,—thus constituting one of the greatest pulp wood regions in the world.

The proportion of forest and woodland to total area varies very much. British Columbia has about 80 per cent of its area in forest and woodland, the North-west Territories about 34 per cent, Manitoba 40 per cent, Ontario, 46 per cent, Quebec over 51 per cent, New Brunswick over 51 per cent, Nova Scotia over 30 per cent, and Prince Edward Island over 36 per cent.

* Any average of rain or snow for British Columbia is misleading. The various parts of the province seem to have an amount of precipitation dependent on the position of the particular locality. As far as can be ascertained the following division may convey a somewhat definite idea.

Representative institutions were granted by the British government to Nova Scotia in 1758, to Prince Edward Island in 1773, to New Brunswick in 1785. Upper and Lower Canada were separated in 1791, each province receiving a Legislature. The Imperial Act creating the two provinces contained the germ of responsible government which was brought into active exercise in 1841, when the two provinces were re-united. Responsible government was definitely established in the province of Canada in 1847. It was granted by the Imperial Parliament to Nova Scotia and New Brunswick in 1848, to Prince Edward Island in 1851, and to British Columbia in 1871.

The North-west Territories were governed at first under the administration of the Lieutenant-Governor of Manitoba; then by a Lieutenant-Governor and Council nominated by the Dominion Government (Act 1880); then by a Lieutenant-Governor and Council, part elected and part nominated; then in 1888 by a Lieutenant-Governor and an Advisory Council of four persons selected from an elected Assembly of 22 members; then by a Lieutenant-Governor, an Executive and a Legislative Assembly, with powers the same as those conferred on the legislatures of the other provinces, excepting as to the borrowing of money on the sole credit of the province. Then, by a Lieutenant-Governor and an Executive Council selected by the Governor from the Assembly and re-elected, on accepting office, by the people, the latter arrangement having come into force on 1st October, 1897.

In 1905, bills establishing two provinces in place of the four territories to the east of British Columbia were introduced into parliament.

In the session of 1887 the districts of Assiniboia, Alberta, Athabasca and Saskatchewan were represented for the first time in the Dominion Parliament, four representatives in the House of Commons and two in the Senate being given to them.

The district of Yukon was constituted and declared to be a separate territory under the name of the Yukon Territory by Chap. 6, Acts of the Parliament of Canada, 1898, and amended by Chap. 11, Acts of 1899. The first commissioner was appointed by Order in Council, dated 4th July, 1898.

The first representative in the Federal Parliament was elected on Dec. 2nd, 1902, pursuant to Chap. 34, Act 2nd Edward VII.

The system of government established in Canada under the Union Act of 1867 is a Federal Union (the first of the kind in the British Empire) having (a) a general or central government controlling matters essential to the general development, the permanency and the unity of the whole Dominion, and (b) a number of local or provincial governments having the control and management of certain matters naturally and conveniently falling within their defined jurisdiction, while each government is administered in accordance with the British system of parliamentary institutions.

The chief executive government and authority is vested in the Sovereign, in whom is also vested the chief command of the militia and of all naval and military forces in Canada. His Majesty is represented by a Governor General, appointed by the King in Council but paid by Canada.

The Parliament of Canada consists of first, the Sovereign , 2nd, an Upper House, called the Senate ; and 3rd, a Lower House, called the House of Commons.

The Governor General governs under the advice of a Council of Ministers, known as the King's Privy Council for Canada, which is responsible to the Parliament.

The Senate, as at present constituted, consists of 81 members, 24 each from Ontario and Quebec, ten each from Nova Scotia and New Brunswick, four each from Prince Edward Island and Manitoba, three from British Columbia, and two from the North-west Territories.

The House of Commons, which is elected by the people for a term of five years, consists at present of 214 members.*

This number is fixed under the provisions of the Act of Confederation and the representation is arranged after each decennial census, by Act of Parliament, the basis being that the province of Quebec is always to have 65 representatives, and each of the other provinces such a number as will give the same proportion of representatives to its population as the number 65 bears to the population of Quebec as ascertained by the census. British Columbia, by the terms of the agreement made between the Dominion and province prior to the union, is never to have less than six members.

The number of representatives and the population to each member are as under :—

Provinces.	Number of Repre- sentatives.	Population to each Member.
Ontario.....	86	25,383
Quebec.....	65	25,367
Nova Scotia.....	18	25,532
New Brunswick.....	13	25,470
Prince Edward Island.....	4	25,812
Manitoba.....	10	25,521
British Columbia.....	7	25,522
North-west Territories.....	10	18,443
Yukon.....	1	27,219
	214	25,100

The Electoral Franchise.

In addition to those of age, citizenship and sex (male of full age of 21 and a British subject) common to all voters in the provinces, the further qualifications of electors for Representatives in the House of Commons are regulated by Chap. 14, Act of 1898, which provides that the provincial franchises and provincial machinery shall be adopted, and that special disqualifications caused by the holding of federal offices shall be set aside.

In Ontario the qualification is practically residential manhood suffrage, the term of residence being, within the province 9 months and within the

*Under the Redistribution Act, which came into operation in the general elections of 1904, the number of members of the House of Commons is fixed at 214, the same as under the previous Redistribution Act. The loss by Ontario of 6, by Nova Scotia of 2, by New Brunswick and P. E. Island of 1 each—10 in all—being made up by the gains of Manitoba (3), British Columbia (1) and North-west Territories (6). The Yukon received a representative in 1902 by special Act.

municipality from the time fixed for beginning to make up the assessment rolls to the date of voting.

In Manitoba practically residential manhood suffrage, the term being 12 months within the province and 3 months within the electoral division.

In British Columbia practically residential manhood suffrage, the term being 6 months in the province and 1 month in the electoral district.

In North-west Territories practically residential manhood suffrage, the term being 12 months within the territories and 3 months in the electoral district.

In the province of Quebec, qualifications for voter are ownership or occupancy of real property, position as teachers or clergymen after 5 months' domicile in electoral district, income or personal property of specified amount—real or real and personal, valued at \$300, \$200 and \$100 (fishermen); Income, rentiers, \$100, others \$300. Absentees in the United States may vote if they have returned with their families and have resided in electoral district 1 month before election day.

In Nova Scotia qualifications are ownership or occupancy of real property, valued at \$150, real and personal property or personal alone, \$300—widows' sons, \$150, fishermen, \$150; income, \$250, and residence of 12 months in electoral district.

In New Brunswick qualifications are, ownership of real property valued at \$100, or personal and personal and real, \$400, position as clergymen, teachers or professors in colleges, income of \$400, residence in electoral district, the term of residence requisite being 12 months in electoral district next preceding the first day of May of the year in which the list is made up.

Prince Edward Island. Full age, male, British subject by birth or naturalization. In the electoral district of Charlottetown Common and Royalty the owner of freehold estate, or actual possessor of one water lot, common lot, town lot or pasture lot, within the electoral district of the clear annual value of \$6, and in other electoral districts is owner or occupier of dwelling house, warehouse, shop or other building, or farm or piece of land within the electoral district of the clear annual value of \$6, having owned or occupied it for 6 months before the teste of the writ for holding the election; (2) or has performed statute labour on the public roads or commuted the same, having resided a twelvemonth in the electoral district, (3) or in the city of Charlottetown and the town of Summerside, has paid poll and civic tax for the year immediately preceding the election and has resided for a twelvemonth in the electoral district; (4) or is in actual occupancy of farm value at \$100.

The disqualifications (other than those of Federal officers) are:

Ontario.—Judges of Supreme Court of Canada and of Ontario, of Exchequer Court and County Courts; Clerks of the Peace, County Crown Attorneys, Registrars, Sheriffs and their Deputies, Deputy Clerks of the Crown, agents for the sale of Crown lands, Stipendiary Magistrates, Police Magistrates of cities of 30,000 inhabitants, imprisoned criminals, lunatics and paupers. Returning officers, election clerks, persons engaged as counsel, agents and solicitors or persons interested in the elections owing to pecuniary considerations promised or paid; unenfranchised Indians.

STATISTICAL YEAR-BOOK

officers disqualified from voting in provincial elections in towns and cities.

the customs and excise.

as in province of Ontario and in addition collectors and officers and men of the provincial police for 6 months from the close of their contracts with the several Governments, absentees (other than owners) if for a year and a day unless they have returned within a month before election day, with intention to reside

officers of the several departments are disqualified in the

rk. —Judges of the Supreme Court of the province (the county of which he is sheriff) ; criminals in jail and Indians.

officers as such are disqualified

Judges of the Supreme Court, employees of the Crown public works and mine office ; paupers and all emigrants, &c., within 15 days before election in the Dominion Government railway or post office, but not to extend to office keeper, way post keeper or mail carrier.

The number of voters on the voters' lists at the latest dates obtainable, 1887, 1891, 1895 and 1900 being added for purpose of comparison, is as follows:—

CANADA.

Year.	Voters on Electoral Lists.	Increase.		Proportion to Population.
		Number.	Per cent.	
1887, Dominion Lists	993,914	180,012	22.40	21.49
1891 — " "	1,132,201	138,287	13.81	23.43
1895 — " "	1,353,735	220,534	19.48	27.04
1900, Provincial "	1,289,180	24.00
1904, Dominion "

According to provinces, the number of voters on the lists in the years named was:—

NUMBER of Voters on the Electoral Lists (by Provinces).

Year.	Ontario.	Quebec.	Nova Scotia.	New Brunswick.	Prince Edward Island.	Manitoba.	North-west Territories.	British Columbia.
1882	406,096	229,067	65,885	54,003	*20,042	23,533	4,961

* No Voters' lists in 1882; figures approximate.

† As provided by the several provinces for the Liquor Prohibition Plebiscite, held on September 29, 1898.

‡ General elections for House of Commons. ** No lists of voters; figures are those of actual votes.

The constitutions of the four provinces, viz., Ontario, Quebec, Nova Scotia and New Brunswick, which composed the Dominion in 1867 (when the Act of Confederation was passed), are the same in principle and details, except that Ontario and New Brunswick have only one chamber, a Legislative Assembly; the other two being bicameral. Of the provinces since created or admitted each has only one house, an elective Assembly.

In details the Dominion Parliament is closely copied.

The members of the Legislatures as well as the Members of Parliament are paid an indemnity for attendance.

Municipal institutions are general. In the complete form as adopted by Ontario, Manitoba, British Columbia and other provinces, the whole municipal organization comprises (a.) The townships, being rural districts of an area of eight or ten square miles ; (b.) Villages with a population over 750 ; (c.) Towns with a population of over 2,000. Such of these as are comprised within a large district, called a county, constitute (d) the county municipality ; (e) Cities are established from the growth of towns when their population exceeds 15,000.

The townships and villages are administered by a reeve and councillors ; the towns by a mayor and councillors, and the cities by a mayor and aldermen. The governing body of the county municipality is composed of the members elected by districts containing one or more townships or villages, the presiding officer being styled warden.

By the Act of Confederation it is provided that the Governor General in Council shall appoint the judges of the Superior, District and County Courts, the salaries, allowances and pensions for whom are fixed by the Dominion Parliament.

The highest court in Canada is known as the Supreme Court of Canada. It has an appellate, civil and criminal jurisdiction in and throughout Canada. It has also appellate jurisdiction in controverted election cases, and may examine and report upon any private bill or petition for the same. It has jurisdiction in case of controversies between the Dominion and the provinces, and between the provinces themselves on condition that the Legislatures pass Acts agreeing to such jurisdiction. Under Act of the Canadian Parliament passed in 1891, the Governor in Council may refer to the Supreme Court for an opinion upon any matter which he deems advisable in the public interest.

The court is presided over by a chief justice and five puisne judges. From its decision an appeal lies by leave to the Judicial Committee of the Privy Council of England, except in criminal cases ; in these the judgment of the Supreme Court is final.

The Exchequer Court, presided over by a single judge, possesses exclusive original jurisdiction in all cases in which demand is made or relief sought in any suit or action of the Court of Exchequer, on its revenue side, against the Crown or any of its officers. This court also possesses original jurisdiction in all cases in which it is sought to enforce any law relating to the revenue. It is also a Colonial Court of Admiralty.

The superior courts of the several provinces are constituted as follows :—
Ontario—The Supreme Court of Judicature, consisting of two permanent divisions called respectively the Court of Appeal for Ontario and the High Court of Justice for Ontario. The first division is composed of a Chief Justice and four puisne judges ; the second is divided into three parts having concurrent jurisdiction, King's Bench, Common Pleas and Chancery, the first two of which are presided over by a Chief Justice and two judges

for each, and the third of which is composed of a chancellor and three judges. Quebec—The Chief Justice of the King's Bench and five puisne judges, and the Chief Justice of the Superior Court and twenty-nine puisne judges, whose residences are fixed in various parts of the province. Nova Scotia and New Brunswick—The Chief Justice of the Supreme Court, the Judge in Equity and five and four puisne judges respectively. Manitoba—The Chief Justice and three puisne judges. British Columbia—The Chief Justice and four puisne judges. Prince Edward Island—The Chief Justice and two assistant judges. In the North-west Territories—The Chief Justice and five puisne judges of the Supreme Court. The Yukon Territory has a Territorial Court constituted under the Federal Act of 1898. It consists of two judges.

There are also county courts with variously limited jurisdiction in all the provinces, excepting in Quebec and in the North-west Territories. Police magistrates and justices appointed by the provincial governments have their place in the administration of justice.

The Mounted Police Force in the North-west Territories constitute a tribunal of justice, the Commissioner and the Assistant Commissioner having all the powers of a stipendiary magistrate, and the superintendents being ex-officio justices of the peace.

Part of the unorganized territories came into possession of Canada by virtue of the Queen's Order of June 23, 1870 (see Statutes of Canada, 1872, p. lxiii) and part by virtue of the Queen's Order of 21st July, 1880 (see Statutes of Canada, 1881, pp. ix., x).

As to the portion of the unorganized territory which was by the Queen's Order of 23rd June, 1870, transferred to the Dominion, it may be taken that the law of England as it stood on 2nd May, (o.s.), 1670—the date of the Hudson's Bay Company's charter—applies, subject only to such ordinances as were enacted in references thereto by the Hudson's Bay Company.

With respect to the other unorganized territories, the title to which was acquired under the Queen's Order of 21st July, 1880, the Order itself states that such territory shall become and be subject to the laws for the time being in force in the Dominion in so far as applicable to such territories.

By Chap. 47, Federal Acts of 1899, offences committed in any part of Canada east of the province of Manitoba and the district of Keewatin and north of the provinces of Ontario and Quebec may be tried within the provinces mentioned, the provincial courts of criminal jurisdiction being constituted courts with competent powers.

The following is a list of the Governors General and Governors of the several provinces before confederation, together with the years of office.

LT.-GOVERNORS OF NEW BRUNSWICK.

1784. Thomas Carleton.	1824. John M. Bliss (Administrator).
1803. Gabriel Ludlow (Administrator).	1824. Maj.-Gen. Sir H. Douglas.
1808. Edward Winslow "	1829. William Black (Administrator).
1808. Lt.-Col. George Johnstone (Admin.)	1831. Maj.-Gen. Sir A. Campbell.
1809. Maj.-Gen. Martin Hunter "	1837. Maj.-Gen. Sir J. Harvey.
1811. Maj.-Gen. William Balfour "	1841. Sir W. Colebrooke.
1812. Maj.-Gen. Geo. Stracy Smyth "	1848. Sir Edmund Head.
1813. Maj.-Gen. Sir Thos. Saumarez "	1854. Hon. Sir J. H. T. Manners-Sutton
1816. Lt.-Col. Harris W. Hailes "	1861. Hon. A. H. Gordon.
1817. Maj.-Gen. Geo. S. Smyth "	1862. Col. J. Cole (Administrator).
1823. Ward Chipman (Admin'r).	1866. Major-Gen. Hastings-Doyle (Adm.)

LT.-GOVERNORS OF LOWER CANADA.

1766. Guy Carleton.	1791. A. Clarke.
1770. H. T. Cramahé (Acting.)	1796. R. Prescott.
1784. Henry Hamilton.	1799. R. S. Milnes.
1785. Henry Hope.	1808. Sir F. N. Burton.

LT.-GOVERNORS OF UPPER CANADA.

1792. Col. John G. Simcoe.	1813. Sir G. Drummond (Administrator).
1796. Peter Russell (Administrator).	1815. Sir G. Murray "
1799. Peter Hunter.	1815. Sir F. P. Robinson "
1805. Alex. Grant (Administrator).	1817. Samuel Smith. "
1806. Francis Gore.	1818. Sir Peregrine Maitland.
1811. Sir Isaac Brock (Administrator).	1828. Sir John Colborne.
1812. Sir Roger H. Sheafe "	1836. Sir Francis Bond Head.
1813. Major-Gen. F. de Rottenburg.	1838. Sir George Arthur.

LT.-GOVERNORS OF CAPE BRETON.

1784. Major J. F. W. Desbarres.	1800. Gen. Despard (Administrator).
1787. Lt.-Col. Macarmick.	1807. Brig.-Gen. Nepean "
1795. D. Mathews (Administrator).	1813. Brig.-Gen. Swayne "
1798. Gen. Ogilvie "	1816-20. Major-Gen. Anslie.
1799. Brig.-Gen. Murray (Administrator).	

In 1820 Cape Breton was re-annexed to Nova Scotia.

LT.-GOVERNORS OF PRINCE EDWARD ISLAND.

1770. Capt. Walter Patterson.	1836. Sir John Harvey.
1775. P. Callbeck (Administrator).	1837. Sir Charles A. Fitzroy.
1779. Thomas DesBrisay "	1841. Sir Henry Vere Huntley.
1786. Lt.-Gen. Edmund Fanning.	1847. Sir Donald Campbell.
1805. Col. J. F. W. Desbarres.	1850. Ambrose Lane (Administrator).
1812. W. Townshend.	1851. Sir Alexander Bannerman.
1813. Chas. Douglas Smith.	1854. Sir Dominick Daly.
1824. Col. John Ready.	1859. Chas. Young (Administrator).
1825. Geo. Wright (Administrator).	1859. George Dundas.
1831. Sir Aretas W. Young.	1868. Sir Robert Hodgson (Admin.)
1834. George Wright (Administrator).	1870. Sir Wm. C. F. Robinson.

GOVERNORS OF VANCOUVER ISLAND.

1849. Richard Blanshard.	1864. Arthur E. Kennedy, C.B.
1851. James Douglas.	

GOVERNORS OF BRITISH COLUMBIA

(Mainland.)

1858. Sir James Douglas, K.C.B.

| 1864. Capt. F. Seymour.

GOVERNORS OF UNITED COLONY.

1866. Capt. F. Seymour.

1869. Anthony Musgrave.

FATHERS OF CONFEDERATION.

Of those who took part in the deliberations of 1864, which resulted, on July 1, 1867, in the union of the four provinces of Ontario, Quebec, Nova Scotia and New Brunswick, as the Dominion of Canada, the following are alive at the present date (March, 1905):

- Hon. Wm. McDougall, C. B., born January 25, 1822.
- Hon. Sir Hector Langevin, K.C.M.G., C.B., born August 25, 1826.
- Hon. Sir Charles Tupper, Bart., G.C.M.G., C.B., born July 2, 1821.
- Hon. Sir Ambrose Shea, K.C.M.G. (Nfld.), born 1818.
- Hon. A. A. McDonald, senator, born February 14, 1829.

The following is a list of those who have died, with the date of their deaths, and the province they represented in the Conference:—

- Hon. Sir E. P. Tache, Quebec, born September 5, 1795, died July 30, 1865.
- Hon. Ed. Whalen, P. E. Island, born July 25, 1824, died December 10, 1867.
- Hon. T. D. Arcey McGee, Quebec, born April 13, 1825; died April 7, 1868.
- Hon. J. M. Johnson, New Brunswick, born October 1, 1818, died November 8, 1868.
- Hon. Sir George E. Cartier, Bart., Quebec, born September 6, 1814, died May 20, 1873.
- Hon. W. H. Steeves, New Brunswick, born May 20, 1814, died December 9, 1873.
- Hon. George Coles, P. E. Island, born September 20, 1810; died August 21, 1875.
- Hon. Mr. Justice J. McTully, Nova Scotia, born January 25, 1809, died January 2, 1877.
- Hon. W. H. Pope, P. E. Island, born May 29, 1825; died October 7, 1879.
- Hon. E. B. Chandler, New Brunswick, born August 22, 1800, died February 6, 1880.
- Hon. George Brown, Ontario, born November 29, 1818, died May 9, 1880.
- Hon. Charles Fisher, New Brunswick, born September 16, 1808, died December 8, 1880.
- Hon. J. Cockburn, Ontario, born February 13, 1819; died August 14, 1883.
- Hon. J. C. Chapais, Quebec, born September 21, 1812; died July 17, 1885.
- Hon. Col. J. H. Gray, P. E. Island, born June 11, 1811, died August 13, 1887.
- Hon. Mr. Justice Henry (Wm. A.), Nova Scotia, born December 30, 1816; died May 3, 1888.
- Hon. Mr. Justice Gray (J. H.), New Brunswick, born 1814, died June 5, 1889.
- Hon. E. Palmer, Chief Justice, P. E. Island, born September 1, 1809, died November 3, 1889.
- Rt. Hon. Sir John A. Macdonald, G.C.B., Ontario, born January 11, 1815; died June 6, 1891.
- Hon. Sir Alexander Campbell, K.C.M.G., Ontario, born March 9, 1821; died May 24, 1892.
- Hon. Sir Adams G. Archibald, K.C.M.G., Nova Scotia, born May 18, 1814; died December 14, 1892.
- Hon. Sir Alexander Galt, Quebec, born September 6, 1817; died September 19, 1893.
- Hon. T. Heath Haviland, P. E. Island, born November 13, 1822; died September 11, 1895.
- Hon. Sir Samuel Leonard Tilley, K.C.M.G., C.B., New Brunswick, born May 8, 1818; died June 25, 1896.
- Hon. Peter Mitchell, New Brunswick, born January 4, 1824; died October 25, 1899.
- Hon. Sir Frederick B. T. Carter, K.C.M.G., Newfoundland, born February 12, 1819; died March 1, 1900.
- Hon. Sir Oliver Mowat, G.C.M.G., Ontario, born July 20, 1820; died April 19, 1903.
- Hon. R. B. Dickey, K.C., Nova Scotia, born November 10, 1811; died July 14, 1903.

Divided between the pre-confederation political parties, 19 of the Fathers of Confederation were Conservatives and 14 Liberals.

The following is a list of the Governors General of Canada since Confederation, with the dates of their appointments :—

GOVERNORS GENERAL OF CANADA.

Name.	Date of Appointment.	Date of Assumption of office.
The Right Hon. Viscount Monck, G.C.M.G.	June 1, 1867	July 1, 1867
The Right Hon. Lord Lisgar, G.C.M.G. (Sir John Young)..	Dec. 29, 1868	Feb. 2, 1869
The Right Hon. the Earl of Dufferin, K.P., K.C.B., G.C.M.G.	May 22, 1872	June 25, 1872
The Right Hon. the Marquess of Lorne, K.T., G.C.M.G., P.C., &c.	Oct. 5, 1878	Nov. 25, 1878
The Most Hon. the Marquess of Lansdowne, G.C.M.G., &c.	Aug. 18, 1883	Oct. 23, 1883
The Right Hon. Lord Stanley of Preston, * G.C.B.	May 1, 1888	June 11, 1888
The Right Hon. the Earl of Aberdeen, K.T., G.C.M.G.	May 22, 1893	Sept. 18, 1893
The Right Hon. the Earl of Minto, G.C.M.G.	July 30, 1898	Nov. 12, 1898
The Right Hon. the Earl Grey, G.C.M.G.	Sept. 26, 1904	Dec. 10, 1904

* Succeeded to the Earldom of Derby on the death of his brother, April 21, 1893.

The succeeding tables give the names of the present members of the Dominion Government, arranged according to precedence, of the members of the Privy Council and the dates of the opening and closing of each session composing the several Parliaments since Confederation.

DOMINION OF CANADA.

SEAT OF GOVERNMENT—OTTAWA.

GOVERNOR GENERAL, THE RIGHT HON. THE EARL OF GREY, G.C.M.G. (\$48,667).

Hon. H. J. Macdonald, Minister of the Interior.
Hon. L. O. Taillon, Postmaster General.
Hon. D. Tisdale, Minister of Militia and Defence.
Hon. J. F. Wood, Controller of Customs.
Hon. E. G. Prior, Controller of Inland Revenue.
Sir Frank Smith, without portfolio.
Hon. D. Ferguson, without portfolio.
Hon. J. J. Ross (Speaker of the Senate), without portfolio.
Sir C. H. Tupper, Solicitor General, without seat in the Cabinet

The General Elections took place on 23rd June, 1896, and the Tupper Administration resigned 8th July.

Hon. Wilfrid Laurier was sworn in as first Minister, 11th July, and the other members of the Cabinet on 13th July, excepting the Minister of the Interior, who was sworn in on 17th November. This formed the eighth Ministry.

The following tables give the names of the Lieutenant-Governors of the several provinces ; a list of the sessions of each Legislative Assembly, with the dates of the opening and closing, from the time each province, respectively, entered confederation ; and the names of the present members of each Government.

New Brunswick	11·8	British Columbia	0·4
Ontario	9·9	Provisional Districts	0·5
Canada	1·7		

TREATIES.

In the Year Book of Canada for 1895, a digest was given of the Treaties relating to Canada made by our sovereigns with the rulers of other countries.

On 8th February, 1896, a convention was signed by Great Britain and the United States, providing for reference to two commissioners to determine the liability of the United States in respect to claims on account of injuries sustained by persons in whose behalf Great Britain is entitled to claim compensation under the provisions of the treaty between Great Britain and the United States, signed 29th February, 1892, concerning the jurisdictional right of the United States in the waters of Behring Sea and the preservation of the fur seal therein.

Mr. Justice Putnam, on behalf of the United States, and Mr. Justice King, on behalf of Canada, were appointed commissioners in July, 1896. The King of Sweden consented to act as umpire. The Dominion Parliament passed the necessary Act on 23rd April, 1896. The commissioners, after holding sessions in several cities, met in Boston, in December, 1897, and gave their award against the United States in the sum of \$463,454. This amount was paid on 16th June, 1898.

On 30th July, 1897, the Government of the United Kingdom denounced the commercial treaties with Belgium and Germany which had been in force since 1862 and 1865, respectively. Under the treaties, a year's notice was required. These treaties, therefore, ceased to be operative on 30th July, 1898.

British Treaties of Commerce affecting Canada are :

(Arranged alphabetically.)

1825. Argentine Confederation.—Reciprocal most-favoured nation stipulations. Applicable to British dominions. No term fixed.

1876. Austria-Hungary.—Reciprocal most-favoured stipulations. Applicable to British colonies and foreign possessions. Terminable one year after notice.

1840. Bolivia.—Reciprocal most-favoured nation stipulations. Applicable to British dominions. No term fixed.

1897. Bulgaria.—Reciprocal most-favoured nation stipulations. Applicable to Canada on her accepting. To remain in force till end of December, 1899. Canada declined to accede. O.C., Nov. 16, 1897.

1866. Columbia.—Reciprocal most-favoured nation stipulations. Applicable to British dominions. Terminable one year after notice.

1883. Corea.—Article X. stipulates that the government, public officers and subjects shall participate in all privileges, immunities and advantages, especially in relation to import or export duties on goods and manufactures, which shall then have been granted or may hereafter be granted by His Majesty the King of Corea to the government, public officers or subjects of any other power. Applicable to British colonies unless excepted by notice. May be modified one year after notice.

1849. Costa Rica.—For foreign affairs reciprocal most-favoured nation stipulations. Applicable to British territories and dominions. Terminable

one year after notice. The Secretary of State received from the Minister for Foreign Affairs of the Costa Rican Republic a note denouncing Articles V., VI. and VII. of this treaty and these accordingly ceased and determined on 26th November, 1897. They related to the most-favoured nation stipulations.

1860-61. Denmark—Confirmed 1814. Reciprocal most-favoured nation stipulations. Applicable to British dominions. No term fixed.

1860. Dominican Republic.—Reciprocal most-favoured nation stipulations. Applicable to British dominions. Terminable on notice.

1893. Treaty with France, Paris.—Commercial agreement between the United Kingdom (on behalf of Canada) and France.

Article I. provides that still wines less than 26 per cent alcohol shall be exempt from the surtax or ad valorem duty of 30 per cent. That the duty on common and castile soaps shall be reduced one-half, and the duty on nuts, almonds, prunes and plums by one-third.

Article II. provides that tariff advantages granted by Canada to a third power shall be enjoyed by France, Algeria and French colonies.

Article III. provides that certain goods of Canadian origin shall be subject only to the minimum duty in France, Algeria and French colonies, viz.: Canned meat, condensed milk, fresh water fish, fresh lobsters and crawfish preserved in their natural forms, apples and pears, fresh or dried, preserved fruit, building timber, wood pavement, staves, wood pulp, tanning extract, common paper, prepared skins, boots and shoes, common furniture, except chairs, flooring of soft wood and wooden ships.

Hawaii.—See Sandwich Islands.

1848. Liberia.—Reciprocal most-favoured nation stipulations. Applicable to British dominions. No term fixed.

1865 and 1883. Madagascar.—Special stipulations Applicable to British dominions. No term fixed.

1856. Morocco.—Most-favoured nation clause in favour of British subjects. Applicable to British dominions. No term fixed.

1891. Muscat. Most-favoured nation clause in favour of British subjects, and duties not to exceed 5 per cent. Applicable to British colonies and possessions. Canada was excepted but acceded by Order in Council, 6th February, 1893. May be revised and amended after twelve years, on one year's notice.

1841 and 1857. Persia.—Reciprocal most-favoured nation stipulations. Applicable to British dominions. No term fixed. Persia and Great Britain exchanged ratifications of a treaty on the 27th May, 1903, securing to the colonies of the empire the most favoured nation treatment so long as they severally did not withhold from Persia the same treatment they accord to other nations. The Persian Minister assured His Majesty's Government that Persia did not consider the grant of preferential treatment by one part of the empire to another as contravening the most favoured nation treatment.

Portugal.

Imperial Blue Book Com. No. 17, 1893, says that the treaties of 1842 and 1882 have expired, but British trade continues to enjoy most-favoured nation treatment in Portugal.)

1859. Russia.—Reciprocal most-favoured nation stipulations, except Sweden and Norway. Applicable to British dominions. Terminable one year after notice.

1883. Siam.—Most-favoured nation clause in favour of any part of the British dominions for spirits, beer, wines, &c. Applicable to British dominions for spirits, beer, wines and spirituous liquors. Terminable after six months' notice.

1892. Spain.—By Royal Order of 29th June, 1892, Spain ordained that so long as the United Kingdom granted the most-favoured nation treatment, British goods imported into Spain should enjoy the benefit of being subject to the duties of the second column of the tariff.

1826. Sweden and Norway.—Reciprocal most-favoured nation stipulations. Applicable to British colonies. Terminable one year after notice.

1855. Swiss Confederation.—Reciprocal most-favoured nation stipulations. Applicable to British colonies. Terminable one year after notice.

1875. Tunis.—Reciprocal most-favoured nation stipulations. Applicable to British colonies. Revised in September, 1897, to continue to end of 1912. Six months' notice to be then given.

1825 and 1834. Venezuela.—Reciprocal most-favoured nation stipulations. Applicable to British dominions. No term fixed.

British treaties of commerce, from which Canada was excepted, unless by consent :

Egypt, 1889. Canada declined to accede. Order in Council, 7th September, 1891.

*Greece, 1886. Canada declined to accede. Order in Council, 25th March, 1888.

Italy, 1883. Canada declined to accede. Order in Council, 15th September, 1883.

Japan, 1894. Canada declined to accede.

Mexico, 1888. Canada declined to accede. Order in Council, 22nd May, 1889.

†Muscat, 1892. Canada acceded. Order in Council, 6th Feb., 1893.

Paraguay, 1884. Canada declined to accede. 27th December, 1886.

Rumania, 1892. Canada declined to accede. Order in Council, 8th May, 1893.

Salvador, 1886. Canada declined to accede. Order in Council, 27th December, 1886.

Servia, 1893. Canada declined to accede. 9th March, 1894.

Uruguay, 1885. Canada declined to accede to renewed Treaty. Order in Council, November 4, 1899.

‡Zanzibar, 1886. Canada did not accede.

* The Imperial Blue Book. Commercial No. 17, 1893. Reply not yet received from Canada.

† Particulars of the treaty with Muscat, to which Canada has acceded, will be found in the list of Treaties of Commerce now applicable to Canada.

‡ No notification of the treaty with Zanzibar was, apparently, received from the Imperial authorities.

EXTRADITION TREATIES.

proceedings in Canada are governed by "The Extradition Act, 1870" (Revised Statutes of Canada, 1886).

This Act applies to any foreign state with which there is an extradition arrangement, but so as not to contravene such arrangement.

The Imperial Extradition Act of 1870 is made subject to any limitation by such arrangement, this Act shall be subject to the same limitation. Judges of the Superior and County Courts, and commissioners appointed for that purpose, have power to act.

When a warrant being issued for the fugitive, the judge is to receive evidence of the charges and as to whether the offence is not an extraditable crime of a political character, for which he cannot be surrendered. After compliance, the fugitive may be surrendered after fifteen days.

In the case of the extradition of a Canadian fugitive by a foreign State, he is not to be prosecuted or punished for any prior offence not of a nature contemplated in the extradition arrangements with the State in question.

The extradition crimes contained in a schedule to the Act are: Murder, attempts and manslaughter; counterfeiting and forging, larceny, embezzlement, obtaining value under false pretenses, crimes against bankruptcy, insolvency law, criminal frauds by agents, trustees, &c.; rape, abduction, stealing, kidnapping, false imprisonment, burglary, arson, robbery, as to extort, perjury and subornation; piracy and various other crimes at sea. Criminal accessories are included.

The Imperial authorities, by Order in Council, exempt Canada from the operation of the Imperial Extradition Acts of 1870 and 1873, so long as the Canadian Extradition Act remains in force.

The following are the countries with which the United Kingdom has extradition arrangements which apply to Canada:—

Argentine Republic.....	May 22,	1889

IRRIGATION

further sections will be constructed until the whole scheme is completed, at an estimated cost of between four and five million dollars.

The Provincial Crown Lands are situated within the limits of the several provinces, and are controlled by the respective governments, from whom particulars of transactions concerning them can always be obtained. Summaries of the regulations for the disposition of Dominion Lands, Provincial Lands and the lands belonging to the principal railway companies who have received land subsidies in Manitoba and the North west Territories are given below.

LAND REGULATIONS.

Under the Dominion Lands Regulations, all surveyed even numbered sections (excepting 8 and 26) in Manitoba and the North west Territories, which have not been homesteaded, reserved to provide wood lots for settlers, or otherwise disposed of or reserved, are to be held exclusively for homesteads.

Homestead Entry for one quarter section (160 acres) of surveyed agricultural land, open to such entry, may be obtained by any person who is the sole head of a family, or by any male who has attained the age of eighteen years, on application to the local agent of Dominion Lands, and on payment of an office fee of \$10.

The homesteader must perfect his entry by beginning actual residence on his homestead and cultivation of a reasonable portion thereof within six months from the date of entry, and is required by the provisions of the Dominion Lands Act and the amendments thereto to perform the conditions connected therewith, under one of the following plans

(1) At least six months' residence upon and cultivation of the land during the term of three years.

It is the practice of the department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock, and 20 head of cattle, to be actually his own property, with buildings for their accommodation, will be accepted instead of the cultivation.

(2) If the father (or the mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his first homestead, or a certificate for the issue of such patent countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead.

NOTE.—The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses (2) (3) or (4) must cultivate 30 acres of his homestead, or substitute 20 head of stock, with buildings for their accommodation, and have besides 80 acres substantially fenced.

The privilege of a second entry is restricted by law of those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1889.

(4.) If the settler has his permanent residence upon farming lands owned by him in the vicinity of his homestead the requirements of this Act as to residence may be satisfied by residence upon the said land.

The Government make no advance of money to settlers, but for the better encouragement of bona fide settlement, in cases where any person or company is desirous of assisting intending settlers, when the sanction of the Minister of the Interior to the advance has been obtained, the settler has power to create a charge upon his homestead for a sum not exceeding six hundred dollars, and interest not exceeding 8 per cent per annum, provided the particulars of the expenditure of such an advance for his benefit be first furnished to and acknowledged by the settler and verified by the local agent, homestead inspector, or other agent, appointed by the Minister of the Interior; or if the charge be made previous to the advance, then such charge shall only operate to the extent certified to by the local agent, homestead inspector or other agent as having been actually advanced to or expended for the benefit of the settler. The advance may be devoted to paying the cost of the passage of the settler, paying for the homestead entry, providing for the subsistence of the settler and his family, erecting and insuring buildings on the homestead, and breaking land and providing horses, cattle, furniture, farm implements, seed grain, &c.

For the further protection of the settler, it is provided that the time for payment of the first instalment of interest on any such advance shall not be earlier than November 1 in any year, and shall not be within less than two years from the establishment of the settler upon the homestead, and also that the settler shall not be bound to pay the capital of such advance within a less period than four years from the date of his establishment on the homestead.

The odd numbered sections are at present reserved for the purpose of being granted as land subsidies in aid of the construction of colonization railways in Manitoba and the North-west Territories, except in special cases otherwise ordered by the Minister of the Interior.

Payments for land may be made in cash or by such scrip as has been issued by the Department of the Interior for that purpose.

A homestead settler, whose land is destitute of timber, may, upon payment of an office fee of 25 cents, procure from the Crown Timber Agent a permit to cut the following quantities of timber free of dues: 3,000 lineal feet of building timber, 400 roof poles, 500 posts and 2,000 fence rails. Any settler may obtain a permit, free of dues, to cut dry timber for fuel or fencing for his own use.

In cases where there is timbered land in the vicinity available for the purpose, the homestead settler, whose land is without timber, may purchase a wood lot, not exceeding in area twenty acres.

Licenses or permits to cut timber on surveyed or unsurveyed lands are granted, after competition, to the highest tenderer.

The price per acre for coal land is: For land containing lignite or bituminous coal, \$10, and for anthracite coal, \$20.

When two or more parties apply to purchase the same land, tenders may be invited between the applicants, or it may be sold by public competition, by tender or auction, as may be deemed expedient, at the upset price of coal lands. A royalty of 10 cents per ton of 2,000 lbs. is collected on the coal mined.

On April 3, 1889, judgment was given by the Judicial Committee of the Privy Council, declaring that the right to administer the minerals within the railway belt in British Columbia was vested in the government of that province. In order to dispose of the anomalous condition of affairs that consequently arose, viz., that the jurisdiction over the lands was vested in the Dominion Government, and the right to administer the minerals in that of the province, the following arrangement, ratified by Order in Council of February 28, 1890, was agreed upon between the two governments.

No disposition of lands containing minerals (except coal lands) shall be made by the Dominion Government other than by patent in fee simple, thereby bringing the minerals at once under the administration of the provincial mining laws.

All lands containing minerals (except coal lands and Indian reserves) offered for sale by the Dominion Government, shall be open for purchase by the Provincial Government at the price of from \$1 to \$5 per acre.

Any land sought to be acquired by the Provincial Government under the last clause shall be set apart from alienation by the Dominion, upon the Provincial Government making a written application for the same. Such lands to be surveyed (if not already done) by a Dominion land surveyor, at the expense of the Provincial Government.

Nothing in the agreement shall apply to coal lands.

The agreement may be terminated at any time by either government.

All minerals, including gold and silver, within Indian reserves, shall be administered by the Department of Indian Affairs.

ONTARIO.

Agricultural lands can be obtained from the Crown by actual settlers only, subject to conditions as to improvements and residence before the issue of the patent. In some districts free grants of land are offered, and in others the land is for sale at the uniform price of 50c. per acre. In Nipissing district including the Temiskaming townships in the Eastern part of New Ontario, in Algoma, in the middle west and in Wabigoon or Dryden further to the west the land is for sale in lots of 160 acres, but in case a portion is rough and broken the quantity may be increased so as not to exceed 240 acres. The settlement conditions to be fulfilled before a title is granted are the erection of a habitable house 16 x 20 ft. at least and the clearing of 10 per cent of the land. There are slight differences in the several localities as to the time allowed for the payment of the purchase money and the number of years residence required on the land before the issue of the patent.

The Temiskaming region possesses the largest continuous area of first class land of all the sections now open for settlement. The thirty three townships thus far thrown open to settlers extend in a north westerly direction from Lake Temiskaming. The settlement is now closely connected with the leading markets of the Dominion by the opening up of railway communication by way of North Bay.

The fertile area of the Wabigoon country, situated almost in the centre of the Rainy River district, comprises nine townships having a total area of about 234,000 acres in addition to a large area of good land yet unsurveyed. The Canadian Pacific Railway runs through this tract for about 40 miles.

The Free Grant system prevails in Muskoka, Parry Sound and Thunder Bay districts, and in the Rainy River Valley the quantity obtainable by one individual varying from 100 to 160 acres. In the Rainy River Valley where townships have been surveyed for settlement with an area of about 600,000 acres, the limit of a grant is 160 acres, but the head of a family locating is entitled to purchase an additional 80 acres at \$1 per acre. A single male settler may be located for 120 acres and purchase an additional 80 acres on the same terms. The settlement duties in this district include the clearing of 15 acres during 3 years with the building of a house and continuous residence during that period, and similar provisions with some variations are in force in all the free grant districts.

In Thunder Bay district the locatee of a free grant of 160 acres may purchase another 160 acre lot at 50 cents per acre and the settlement regulations require 5 years residence to acquire a patent. Fuller particulars may be obtained on application to the Commissioner of Crown Lands, Toronto.

QUEBEC

On June 30, 1904, 6,537,464 acres of land have been surveyed by the Government of Quebec for sale.

Lands purchased from the government are to be paid for in the following manner. One fifth of the purchase money is required to be paid the day of the sale, and the remainder in four equal yearly instalments, bearing interest at 6 per cent. But the price at which the lands are sold is so low from 20 cents to 60 cents per acre (10d. to 2s. 5½d. stg.) that these conditions are not very burdensome.

The purchaser is required to take possession of the land sold within six months of the date of the sale, and to occupy it during two years from the date of the sale. He must clear and have under crop, in the course of four years, ten acres for every hundred held by him, and erect a habitable house of the dimensions of at least 16 feet by 20 feet. The letters patent are issued free of charge. The parts of the province of Quebec now inviting colonization are the Lake St. John district, the valleys of the Saguenay, St. Maurice and Ottawa Rivers, the Eastern Townships, the Lower St. Lawrence, Lake Temiscamingue, Gaspé and Metapédia Valley.

The Temiscamingue settlement, at the head of Lake Temiscamingue on the Upper Ottawa, consists of a level tract of many thousands of acres of rich calcareous clay.

NOVA SCOTIA.

There are now in Nova Scotia about 1,500,000 acres of ungranted lands, a considerable quantity of which is unsuited for cultivation. Most of the best land has been granted and is now occupied, but a very large area of the province has been granted for lumbering purposes, and is now being used by lumbering establishments.

The price of Crown lands is \$80 per 100 acres. Until April, 1764, the only reservations of minerals on Crown lands were gold, silver, precious stones and Lapis Lazuli. From 1764 to 1807 the mineral reserves included

gold, silver, Lapis Lazuli, precious stones, lead, copper and coal. After 1807 the reserves included coal, gold, silver and other mines and minerals. After 1808 iron was reserved. In 1892 it was provided that all minerals and ores should be reserved, excepting limestone, plaster and building materials.

In 1904 it was provided by statute that lands for lumbering purposes should be leased instead of granted absolutely. The lease to be for 20 years with right to renew for another 20 years. Price of lease, 80 cents per acre.

If the lease is for the cutting of pulp wood which enables the lessee to cut timber not less than five inches in diameter, the charge is \$1.00 per acre rented. Timber leases at 80 cents per acre only permit the cutting of timber 10 inches or more in diameter.

In 1904 a provision was made requiring all leases to contain a proviso that the Government may at any time during the term of the lease, grant any portion of the land so leased, not exceeding 200 acres, to any one who satisfies the Government that he proposes to become a *bona fide* settler, erect a dwelling and cultivate and improve the land so granted. Upon such grant being issued the Department of Crown Lands is to refund to the lessee the amount of 80 cents or \$1.00 per acre, as the case may be, for the number of acres of land so granted.

NEW BRUNSWICK.

It is estimated that there are about 7,000,000 acres of ungranted lands in New Brunswick.

Crown lands may be acquired for actual settlement as follows.—

(1.) One hundred acres are given to any settler over eighteen years of age, not owning other land, who pays \$20 (£4) in cash, or does work on the public roads, etc., equal to \$10 (£2) per annum for three years. Within two years a house 16 by 20 feet must be built and 2 acres of land cleared. Continuous residence for three years from date of entry, and the cultivation of 10 acres in that time are required.

(2.) Single applications may be made for not more than 200 acres of Crown lands without conditions of settlement. These are put up at public auction at an upset price of \$1 per acre. Purchase money to be paid with application. Cost of survey to be paid by purchaser. The above sections apply only to land fit for agricultural purposes. Lands well timbered are not sold outright.

BRITISH COLUMBIA.

Any person being the head of a family, a widow or a single man over eighteen years of age, and a British subject, or an alien purposing to become a British subject, can pre-empt 160 acres of land belonging to British Columbia, west of Cascade Mountains, or 320 acres east of these mountains, at \$1 per acre. Two months leave of absence under the Land Act, and an additional four months for sufficient cause, when applied for to the Commissioner, can be had in each year till the Crown deed is obtained. A certificate of improvement showing that the claim has been improved to the extent of \$2.50 per acre is necessary before a Crown deed can be issued. Timber and hay lands may be leased from the government. Timber lands pay a yearly rental and a royalty of 50 cents per 1,000 feet of all logs cut.

STATISTICAL YEAR-BOOK

other purposes may also be granted by the Chief Com-

PRINCE EDWARD ISLAND.

8,000 acres of vacant government lands available in
land, consisting of lands of barren or poor quality, and
from 25 cents to \$1 an acre.

RAILWAY LANDS.

Pacific Railway lands consist of odd-numbered sections
and branches and in the Lake Dauphin district in
Northern Alberta and Saskatchewan. These lands are for
office of the Land Department at Winnipeg and at the
Company in Manitoba and the North-west Territories at the

Province of Manitoba and in Assiniboua east of the 3rd
an acre.

3rd Meridian \$3.50 to \$7 per acre.

is made at the time of purchase a discount of ten per cent
the purchase money is allowed. Lands for immediate
ceding 640 acres may be purchased with a cash instal-
seventh of the purchase money and nine equal annual
include interest at six per cent. The payments for 160
re on the settlement plan are cash \$119.85, and nine
cents of \$1.00 each, including interest

of \$1.00 each, including interest

PURCHASE EXHIBITION HELD AT ST. LOUIS, U.S.A.

April 30, 1904.

December 1, 1904.

The pavilion was situated in a very prominent position.

The exhibit made by Canada was the largest and most re-

spectful economic minerals in the Mines building.

Canada was awarded 2 grand prizes, 27 gold, 27 silver and 14

bronze medals. The exhibit was full and was awarded 2 grand prizes

The exhibit contained specimens of many varieties of Ca-

ndian and other animals, &c.

The collection comprised 90 varieties of apples, and 400 vi-

representatives by Wm. Hutchison, Exhibition Commi-

tee, A. Burns, secretary.

The cost was over \$300,000.

CENSUS.

POPULATION OF CITIES AND TOWNS OF 5,000 AND ABOVE.

The following are the cities and towns of the Dominion of Canada having, according to the census of 1901, a population of 5,000 and upwards. For purposes of comparison, the populations by the previous census-takings are given. Whenever necessary the annexations of territory have been taken into account, so as to give for each census-taking as exact a comparison as is possible.

1904	286,081,376	28,439,695	474,092,560	102,770,189

The development in the export of butter and tender fruits is the result of cold storage.

Insulated chambers cooled with ice were introduced on steamers in 1885, but this system failing to maintain throughout the voyage the low temperature necessary for success, the more complete system of mechanical refrigeration was employed in 1897 on twenty-one ocean steamers sailing to Canadian ports. This gave a cold storage capacity of 100,000 packages of butter. Other steamers have been fitted with mechanical refrigerators as the increased trade called for more space. In 1904 there were forty steamers with cold storage sailing from the port of Montreal for ports in the United Kingdom, with a total cold storage capacity of 732,321 cubic feet.

A cold storage service was also provided on the South African line on monthly sailings. The number of packages of butter carried in cold storage from Montreal during the seasons of navigation since 1898 is as follows:—

1898	209,172 packages.
1899	429,734 "
1900	227,863 "
1901	410,893 "
1902	525,735 "
1903	337,880 "
1904	487,182 "

The system of refrigerator cars on railways has been developed so that in 1904 refrigerator cars were started at forty-nine different points and were available for shipments of butter at all stations on routes to Montreal. At the end of the year (1904), by a system of bonusing, 561 creameries had received the first instalment of \$50; 390 the second instalment of \$25, and 171 the full bonus.

The efforts of Canada to secure a larger share of the butter trade of the United Kingdom have resulted in a great success, as will be seen by the following comparative table, taken from British Returns, years ended December, 31, 1895 and 1904.

Countries.	1895.		1904.	
	Quantity.	Percentage.	Quantity.	Percentage.
	Lbs.		Lbs.	
Canada.	4,362,288	1 36	30,083,984	6 23
Victoria.	23,833,264	7 53	28,640,192	6 03
New South Wales	5,133,744	1 62	17,877,064	3 76
New Zealand	5,965,344	1 89	33,037,984	6 96
Queensland.			6,661,200	1 40
Russia	14,397,600	4 55	45,328,504	9 54
Sweden	34,810,608	11 00	23,160,592	4 88
Denmark	130,230,240	41 15	191,365,328	40 29
Germany	12,581,856	3 95	456,960	0 10
Holland.	21,414,512	6 77	28,253,344	5 93
France.	50,942,416	16 10	41,558,832	8 73
United States	7,496,384	2 37	7,700,448	1 62
Other Countries	5,305,888	1 69	20,867,728	4 39
Total.	316,474,144	100 00	474,992,560	100 00

Prices of butter per pound in England. (*From English Trade Returns.*)

	1895.	1904.	Increase per cent.
	cts.	cts.	
Danish	22 23	22 90	3 01
Australian.	19 77	20 46	3 49
Canadian.	17 11	19 33	12 97

These figures indicate that the result of the cold storage is to increase largely the quantity exported and to increase greatly the price. The increase in the price applied to the quantity exported is equal to an increase of \$667,864 on the business of the season of 1904.

During the year ended June 30, 1904, the Department of Agriculture expended the following sums on agriculture, dairying, &c.:—

Aid to Agricultural Societies.	\$ 7,000
Experimental Farms	100,000
Printing and distribution of reports and bulletins of Farms.	7,000
Fumigation Stations.	
Commissioner's Branch—Agriculture and Dairying.	\$
Dairying Service—Advance for milk and cream.	
Total.	

outlay by the Department of Agriculture in connection with cold storage is as follows:—

Year ended June 30.	Amount.
.....	\$
.....	16,741
.....	39,657
.....	70,702
.....	83,700*
.....	69,390
.....	100,060
.....	42,862
.....	56,021
.....	17,004

The total outlay for the year was \$86,072, but the returns from trial shipments were leaving the net expenditure as above.

Statement of the quantity and value of condensed milk imported into Britain during the calendar years 1888–1904:—

STATEMENT showing Number and Total Capacity in Bushels of Canadian and United States Vessels carrying Grain from Fort William and Port Arthur during Season of Navigation, May 7 to December 12, 1904.

Nationality.	No.	Company.
		Bush.
Canadian.....	38	3,260,000
United States.....	16	2,815,000
Totals.....	54	6,075,000

SUMMARY of Revenue accrued for year ended June 30, 1904, from Inspection of Staples or General Inspection Branch.

Toronto—Grain Inspection.....	\$ 3,112
Montreal—Grain Inspection and samples sold.....	4,599
Manitoba Inspection Division—Grain Inspection and Weighing, Warehouse Licenses and samples sold.....	53,157
Toronto—Inspection of Hay.....	28
Binder Twine—Fines and Penalties.....	922
Culling Timber.....	9,449
Total.....	\$ 71,267

STATEMENT respecting Grain Elevators in Operation in Western Grain Inspection Division of Canada.

	1903-4.	Capacity in Bushels.
Public country elevators.....	912	} 27,214,000
Warehouses.....	64	
Terminal elevators.....	6	13,972,000
	982	41,186,000

With reasonable railway transportation facilities this is estimated to take care of 100,000,000 bushels of wheat.

The Canadian Northern Elevator at Port Arthur is the largest, having a capacity of 3,350,000 bushels.

There are but few 3,000 bushel warehouses in operation at present, although there are 60 under 10,000 bushels. The average capacity for all elevators and warehouses, exclusive of the 6 Terminals, is about 28,000 bushels.

	Licenses issued for 1903-4.
Elevators.....	982
Space in elevators.....	58
Commission merchants	36
Track buyers.....	16
Total	1,092

COAL.

The coal areas of Canada are estimated at 97,200 square miles, not including areas known, but as yet undeveloped, in the far north.

There are 1st, the coal fields of Nova Scotia and New Brunswick ; 2nd, those of the North-west Territories ; 3rd, those of the Rocky Mountains ; and 4th, those of British Columbia. The coal areas of Nova Scotia cover about 635 square miles. They are divided into Cape Breton, the Pictou and the Cumberland basins.

The workable thickness of the coal is very great, in Cape Breton a total of 25 to 60 feet, in Pictou at least 70 feet, and in Cumberland at least 30 feet. If the workable area is reduced one-quarter, say from 407,400 acres to 300,000 acres, and the average thickness of the workable area put at 25 feet, on the basis of 1,000 tons of coal an acre for every foot of coal, the amount of coal in the measures of Nova Scotia is 7,000,000,000 tons.

The following average analysis from a paper on Canadian Coals read at the Montreal meeting of the British Association will give a fair idea of the coals from the districts :—

	Cape Breton.	Pictou.	Cumberland.
Water	0·75	1·19	1·46
Volatile combustible	37·26	29·10	33·69
Fixed carbon	58·74	60·63	59·35
Ash	3·25	9·34	5·50

There are no coal measures from New Brunswick westward until the province of Manitoba is reached. The coal areas of Manitoba are roughly estimated at 15,000 square miles. They yield lignites only, and of a very good quality. Analysis gives the following result :—

Water	15·40
Volatile combustible.....	37·97
Fixed carbon	41·21
Ash.....	5·36

Analyses of the coal found in the area (50,000 square miles) extending along the base of the Rocky Mountains, from the international boundary to the vicinity of the Peace River—a distance of 500 miles—gives the following results :—

	Belly River.	Bow River.	Peace River.
Water.....	6·52	12·37	2·10
Volatile combustible.	31·03	32·33	21·54
Fixed carbon	56·54	46·39	71·63
Ash	5·91	8·91	4·73

The third coal area is that in the Rocky Mountains. Though small, as measured by miles, it contains much coal of the best quality. The small coal area of the Crow's Nest Pass is very rich. Several seams of anthracite of excellent quality have been found. Those in the Cascades Basin have an area of sixty square miles.

The fourth area is that of the Pacific coast. Dr. George M. Dawson gives the following estimate of its extent : -

	Square Miles.
Nanaimo coal basin (coals), approximately correct	200
Comox coal basin (coals), rough approximation.....	700
Queen Charlotte's Island, very rough approximation.. . . .	800
Tertiary lignite-bearing rocks in different parts of British Columbia south of the 5th parallel of latitude (very rough approximation)..	12,000

The character of the coal is evidenced by the following analysis : --

	Slow Coking.	Fast Coking.
Water.....	1·47	1·47
Volatile combustible.	28·19	32·69
Fixed carbon.	64·05	59·53
Ash	6·29	6·29

Anthracite in 3-feet and 6-feet seams, comparing favourably with that in Pennsylvania, has been found in Queen Charlotte's Island. Samples analysed give the following results :—

	Sample 1.	Sample 2.
Water	1.60	7.89
Volatile combustible.	5.02	4.77
Fixed carbon	83.09	85.76
Ash	8.76	6.69
Sulphur	1.53	0.89

* United Kingdom alone. Br. Possessions with. Other Countries. † In 1903 the United Kingdom produced 257,974,645 tons of coal. The India, 8,330,992 tons; the Commonwealth of Australia, 7,965,627 tons; New Zealand, 1,490,016 tons; Natal, 799,164 tons; Cape of Good Hope, 207,193 tons; Transvaal, 2,253,677 tons; Labrador, 15,616 tons; Canada, 7,409,860 tons. The British Empire contributes about one-third to the whole production of the world.

IRON.

The iron ores of the Dominion have a wide range, both geographically and geologically. From Vancouver Island in the west to Cape Breton Island in the east they occur at varied intervals. Sir William Fairbairn, in "Iron, its History, Properties, and Processes of Manufacture," says: "In the Mineral and Geological Department of the Exhibition of 1862 were exhibited striking specimens of iron ore from the colonies, among which was the remarkable collection from Canada, consisting of oxide, red hematite and bog ores. The thickness of some of the beds from which the specimens were taken is worthy of notice. In Nova Scotia some of the richest ores yet discovered occur in boundless abundance. The iron manufactured from them is of the very best quality, and is equal to the finest Swedish metal. In the same province the iron ore, the coal and the flux lie in close contiguity to each other, and are within a comparatively short distance from fine ship harbours, making that province one of the best regions in the world for the seat of iron and steel ship-building on a large scale.

Magnetic ores occur abundantly throughout several counties of Ontario. An important deposit in the township of South Crosby has been worked for years. A very fine and valuable ore exists as a large deposit in North Crosby. The contiguous townships of Madoc, Marmora, Belmont and Seymour contain several beds of magnetic iron ore. In the region west of Lake Superior, the province of Ontario has a country rich in iron ore. In the province of Quebec there are large and valuable deposits of magnetic ore. In the county of Beauce a bed of granular iron ore, about two-thirds magnetic with a vein of 45 feet wide, occurs in serpentine.

Hematite iron ores are found in all parts of Canada. One of the most valuable deposits of Quebec province is near Hull opposite Ottawa a specular ore, assaying from 64 to 68 per cent of metallic iron. In New Brunswick large deposits of hematite ore are found near Woodstock. Limonite and bog ores are widely distributed.

Chromic iron.- During the year 1885 large deposits of chromic iron were found in Coleraine, province of Quebec. The ore averaged over 50 per cent of metal, is easily mined, and finds a ready market in the United States.

The Dominion Parliament in 1883, authorized the payment of a bounty of \$1.50 a ton upon all pig iron manufactured in Canada. This bounty was continued until 1st July, 1889, when the rate was made \$1 a ton. A further change was made on 1st July, 1892, when the rate was increased to \$2 a ton until 1st July, 1897.

In the session of 1894 an Act was passed providing that the Governor in Council may authorize the payment of a bounty of \$2 per ton on all pig iron made in Canada from Canadian ore, or a bounty of \$2 per ton on all puddled bars made in Canada from Canadian pig iron made from Canadian ore, and a bounty of \$2 per ton on all steel billets manufactured in Canada from Canadian pig iron and such other ingredients as are necessary and usual in the manufacture of steel billets. These bounties were applicable till March 26, 1899, in the case of furnaces in operation on March 27, 1894, and in the case of furnaces commencing operations subsequent to that date, but before March 27, 1899, for five years from the date of commencing.

This Act was repealed by Chap. 6 of the Acts of 1897, which authorized the Governor General to give (1) a bounty of \$3 per ton on steel ingots

The following table gives the steel production of the world in the years, 1901 and 1903 :—

Countries.	1901.	1903.
	Tons.	Tons.
Austria-Hungary	1,259,035	1,311,380
Belgium	580,390	1,081,877
Canada	*64,445	†134,651
France	1,570,797	2,099,810
Germany	7,046,432	9,699,269
Italy	133,678	119,968
Russia	2,000,130	2,356,106
Spain	185,495	220,005

* Not including the value of imports of ships' boilers, fish hooks, printing presses, &c., surgical and dental instruments, and tin plates and sheets.

The imports of iron and steel may be divided into :—

1st. Interchangeable mechanism, the manufacture of which requires the highest skill and workmanship. (This class includes sewing machines, fire-arms, locomotive engines and agricultural implements.)

2nd. Hardware, cutlery and edged tools.

3rd. Machinery.

4th. Castings and forgings.

5th. Rails and railway supplies.

6th. Other forms of iron and steel.

7th. Pig-iron.

STATISTICAL YEAR-BOOK

include (1st) pig-iron, the basis of the iron and steel in other forms of iron and steel in the making of which enters to a limited extent. They constitute the raw material for the manufacture of iron and steel articles by Canadian work (in addition to pig-iron), bar iron, rolled or hammered, boiler ends, rolled iron for horse-shoe nails, steel for skates, files and scrap-iron, &c., and parts of articles in other respects in Canada.

above division and applying it to our imports from Great Britain and the United States, from which two countries came, in the four years under consideration, 98 per cent, 95 per cent, 97 per cent and 95 per cent respectively, of the whole import, we obtain the following results:—

	Total for the five-year periods.	Yearly Average.

The total production of gold since the discovery of this continent is estimated by Dr. Soetbeer at \$10,948,899,300. In the 6 years, 1896-1901, the total value of gold produced was \$1,549,880,100, an average of \$258,313,350 a year. In the previous 5-year period, 1891-1895, the total production was \$814,736,000, annual average of \$162,947,000.

In 1904 the quantity of copper exported to the United States was 22,174 tons, valued at \$4,440,341.

NICKEL.

In 1883 the first discovery of a deposit of nickeliferous pyrrhotite was made while the Canadian Pacific Railway Company was making a cutting through a small hill near Sudbury, in the District of Algoma, Ontario. The ore, which contains on the average about 2.25 per cent of nickel, is roasted and smelted into a copper-nickel matte, the usual composition of which, from average analysis, is about as follows:—Copper, 26.91; nickel, 14.14; iron, 31.335; sulphur, 26.95, and cobalt, 935. The matte is also said to contain some ounces of platinum to the ton. The amount of fine nickel in the matte produced at the Sudbury mines in 1889–1904, is given below.

ANNUAL PRODUCTION OF NICKEL IN MATTE.

of nickel during the year 1904, Great Britain took 2,307, and at \$292,036, and the United States 11,922,355 pounds, 56.

PETROLEUM.

been found in Quebec, Nova Scotia and New Brunswick, in the North-west Territories, where it seems certain there is an unexplored oil region, but it is in the county of Lambton, most of the oil has been and is obtained, Oil Springs and the largest oil producing districts. The oil is obtained at a depth of 20 to 500 feet.

The following table contains the only trustworthy statistics of Canadian petroleum that are available, and these figures do not give the total quantity of crude oil, used as such, is not included.

PETROLEUM AND NAPHTHA INSPECTED, AND CORRESPONDING QUANTITIES OF CRUDE OIL—1881-1904

According to returns published by the Ontario Bureau of Mines, the production of Canadian oil refineries in 1901, 1902 and 1903 (calendar years) was as follows:—

PRODUCTION OF OIL REFINERIES IN CANADA, 1901, 1902 AND 1903.

		1901.	1902.	1903.
Crude produced	Imp. Galls.	21,433,500	18,135,592	16,640,338

* From April 7. † To April 1, 1871.

If the quantity of dutiable salt imported into Canada in 1904, 14,886 came from the United States.

An Act was passed by the Parliament of Canada, in the Session of 1895, providing for a bounty to encourage silver smelting and the smelting of ores of silver and gold. By that Act the bounty was not to exceed cents a ton, nor to be more than \$150,000 in all. No more than \$30,000 any one year was to be paid, and if the quantity of ore smelted was less than would allow of 50 cents per ton, the bounty would be reduced proportionately.

The expenditure under the Act, between the years 1896-1900, was \$150,000, all paid as bounty excepting \$285, expenses of administering the Act. The particulars are:

1896	83,329 tons	\$ 16,606
1897	89,490 "	30,000
1898	101,998 "	30,000
1899	88,995 "	43,184
1900	122,896 "	29,865
Expenses		285
Total expended.....		\$ 150,000

ASBESTUS.

of supply of commercial asbestos are deposits of two kinds: one is a variety of serpentine known as Chrysotile; the other is Amphibole. The Canadian product is of the Chrysotile kind. There are three distinct Canadian districts, all in the province of Ontario. The first is in the vicinity of Danville, the second is near Chatham, and the third is near Broughton. A fourth is near Ottawa, but it is as yet of small economic value.

PRODUCTION OF ASBESTUS IN CANADA 1879-1904.

	Total	48,646	1,180,244	24 26

* Subject to revision.

The demand for Canadian asbestos is increasing, as indicated above. The variation in value, as seen, is due to the varying amount of asbestic included in the total. The prices of the various grades of asbestos are, approximately:—No. 1 crude, \$150 to \$250 a ton; No. 2 (white), \$75 to \$125; No. 3 (red), \$50 to \$75; mill fibre or paper stock, \$20 to \$40; asbestic, \$1 to \$3 a ton.

* Barrels.

In 1904, 511,218 cwt., valued at \$185,191, came from Great Britain; 536,730 cwt., valued at \$161,617 from Belgium; 1,039,923 cwt., valued at \$510,718, from United States; 334,849 cwt., valued at \$113,915, from Germany; 51,113 cwt., valued at \$22,934, from Japan. The amount of duty collected on the value of imports of Portland cement in 1904 was \$290,778. Rate of duty, 12½ cents per 100 lbs.

Quantity and value of cement for building and engineering purposes imported into Great Britain, by countries, during the calendar years 1902 and 1903.

(G. B. Accounts.)

Countries.	1902.		1903.	
	Quantity.	Value.	Quantity.	Value.

Bounty paid on Lead contained in Lead-bearing ores mined in Canada—
1904.

Quantity. Lbs.	Bounty Paid.
24,480,580.....	\$193,569

An Act to provide for the payment of bounties on lead contained in lead-bearing ores mined in Canada.

1. The Governor in Council may authorize the payment of a bounty of seventy-five cents per one hundred pounds on lead contained in lead-bearing ores mined in Canada, such bounty to be paid to the producer or vendor of

STATISTICAL YEAR-BOOK

vided that the sum to be paid as such bounty shall not exceed three hundred thousand dollars in any fiscal year: Provided also that if it appears to the satisfaction of the Minister charged with the execution of this Act that the standard price of pig lead in Great Britain is at the time twelve pounds ten shillings sterling per ton of two thousand four hundred and forty pounds such bounty shall be reduced in the amount of such excess.

Part of the said bounty may be made from time to time out of the sum of five per cent upon smelter returns showing that the ore has been smelted at a smelter in Canada. The remainder shall be paid at the close of the fiscal year, upon evidence that the ore has been smelted in Canada.

At the close of any year it appears that during the year to which the bounty is authorized, exceeds three hundred and thirty-three tons of two thousand four hundred and forty pounds such bounty shall be reduced to such sum as will bring the payment within the limit mentioned in section 1.

Whenever it appears to the satisfaction of the Governor in Council that there is any discrimination which prevents the free importation of lead ores into Canada on fair and reasonable terms, the Governor in Council may authorize the payment of bounty at such reduced rate as may be determined for the lead contained in such ores mined in Canada and refined in Canada.

Whenever it appears to the satisfaction of the Governor in Council that lead ores manufactured in Canada direct from the mine without the intervention of the smelting process may be made such provision as he deems equitable for the payment of bounty to the producers of such ores.

The provisions of this Act shall cease and determine on the thirtieth day of March one thousand nine hundred and eight.

The Governor in Council may make regulations for carrying out the provisions of this Act.

The Statutes of 1901, entitled *An Act to provide*

rental of 50 cents per area secures it from forfeiture for non-working. If an amount of work equivalent to 40 days per annum per area is performed on the lease, the rental for that year is refunded. A royalty is payable on all gold at the rate of 2 per cent, the gold being valued at \$19 an ounce smelted, and \$18 an ounce unsmelted, and at the rate of 2 per cent on the silver valued at \$1 per ounce.

In the case of the other minerals the payment of \$30 secures a license to search for 18 months over a tract of land 5 square miles in extent, and not exceeding $2\frac{1}{2}$ miles in length.

All ores and minerals, other than gold or gold and silver, mined are subject to the following royalties :—

Coal.—10 cents per ton of 2,240 pounds of coal sold or removed from the mine or used in the manufacture of coke—royalty not demanded on coal used by the workmen or in any mining operations in and around the mine.

Copper.—4 cents upon every unit, i.e., upon every one per cent of copper contained in each and every ton of 2,352 pounds of copper ore sold or smelted.

Lead.—2 cents upon every unit.

Iron.—5 cents on every ton of 2,240 pounds of ore sold or smelted.

Tin and precious stones and any other minerals that may be reserved, 5 per cent on their values.

The Governor in Council has power to lower the rates of royalty above stated on iron, copper, lead, tin and precious stones, on being satisfied that the owners of such leased minerals have commenced effective mining operations. The leases of coal mines contain a proviso that royalties on coal may be increased, diminished or otherwise changed by the legislature.

QUEBEC.

The mining laws of the province of Quebec provide that mining rights are property separate from the soil covering mines and minerals, unless the proprietor of the surface has purchased from the Crown, as a mining concession or otherwise, the underground properties.

Mining concessions are divided into three classes :

1. In unsurveyed territory (a) the first class contains 400 acres, (b) the second, 200 acres, and (c) the third, 100 acres.

2. In surveyed townships the three classes respectively comprise one, two and four lots.

All lands supposed to contain mines or ores belonging to the Crown may be acquired from the Minister of Lands, Mines and Fisheries (a) as a mining concession by purchase, or (b) be occupied and worked under a mining license.

No sale of mining concessions containing more than 400 acres in superficies can be made by the commissioner to the same person. The Governor in Council may, however, grant a larger extent of territory up to 1,000 acres under special circumstances. When it concerns inferior metals, the extent of mining concessions which may be granted to the same person is determined by the Lieutenant-Governor in Council. 2 Ed. VII., c. 15.

The rates charged and to be paid in full at the time of the purchase are \$5 and \$10 per acre for mining lands containing the superior metals* ; the

* The superior metals include the ores of gold, silver, lead, copper, nickel, graphite, asbestos, mica and phosphate of lime. The words 'inferior metals' include all other minerals and ores.

first-named price being for lands situated more than twelve miles, and the last-named for lands situated less than twelve miles from the railway.

If for the mining of inferior metals, the price shall be fixed by the Lieutenant Governor in Council. 2 Ed. VII., c. 15.

Unless stipulated to the contrary in the letters patent in concessions for the mining of superior metals, the purchaser has the right to mine for all metals found therein ; in concessions for the mining of the inferior metals, those only may be mined for.

Mining lands are sold on the express condition that the purchaser shall commence bona fide to mine within two years from the date of purchase, and shall not spend less than \$500, if mining for the superior metals ; and not less than \$200, if for inferior metals. In default, cancellation of sale of the mining land.

Licenses may be obtained from the commissioner on the following terms: Application for an exploration and prospecting license, if the mine is on private land, \$2 for every 100 acres or fraction of 100 ; if the mine is on Crown lands (1) in surveyed territory, \$5 for every 100 acres, and (2) in unsurveyed territory, \$5 for each square mile, the license to be valid for three months and renewable. The holder of such license may afterwards purchase the mine, paying the price mentioned.

Licenses for mining are of two kinds. Private lands' licenses, where the mining rights belong to the Crown, and public lands' licenses. These licenses are granted on payments of a fee of \$5, and an annual rental of \$1 per acre. Each license is granted for 200 acres or less, but not for more ; is valid for one year and is renewable on the same terms as those on which it was originally granted. The Governor in Council may at any time require the payment of the royalty in lieu of fees for a mining license and the annual rental—such royalties, unless otherwise determined by letters patent or other title from the Crown, being fixed at a rate not to exceed three per cent of the value at the mine of the mineral extracted, after deducting the cost of mining it.

According to the law of 1892 the proprietor of a lot for agricultural purposes was entitled to a right of preference to the mines on said lot, but according to amendments made by (1 Ed. VII., c. 13) the first applicant to the mines has the first right on all lands which may have been sold since 1880.

Prior to 1880 the proprietor of a lot is also proprietor of the mines, with the exception of gold and silver mines, which are always reserved in favour of the Crown.

BRITISH COLUMBIA.

Free Miners' Certificates.

Any person over the age of 18, and any joint stock company, may obtain a free miner's certificate on payment of the required fee.

The fee to an individual for a free miner's certificate is \$5 for one year. To a joint stock company having a capital of \$100,000, or less, the fee for a year is \$50 ; if capitalized beyond this, \$100.

All these certificates expire at midnight on May 31 in each year. Certificates may be obtained for any part of a year, terminating on May 31, for a proportionately less fee.

The possession of this certificate entitles the holder to enter on all unoccupied lands of the Crown, or on other lands on which the right to so enter is not reserved, and prospect for minerals, locate claims and mine.

A free miner can only hold, by location, one mineral claim on the same vein or lode, but may acquire others by purchase. In the case of placer claims only one can be held by location on each creek, ravine, or hill, and not more than two in the same locality, only one of which shall be a 'creek' claim.

In the event of a free miner allowing his certificate to lapse his mining property (if not Crown-granted) reverts to the Crown, but where other free miners are interested as partners or co-owners the interest of the defaulter becomes vested in the continuing co-owners or partners, pro rata, according to their interests.

It is not necessary for a shareholder, as such, in an incorporated mining company, to be the holder of a certificate.

Mineral Claims.

Mineral claims are located and held under the provisions of the 'Mineral Act.'

A mineral claim is a rectangular piece of ground not exceeding 1,500 feet square. The angles must all be right angles unless the boundaries, or one of them, are the same as those of a previously surveyed claim.

A mineral claim is located by erecting three legal posts, which are stakes having a height of not less than four feet above ground and squared for four inches at least on each face for not less than a foot from the top. A tree stump so cut and squared also constitutes a legal post.

The 'discovery post' is placed at the point where mineral in place is discovered.

Nos. 1 and 2 posts are placed as near as possible on the line of the ledge or vein, shown by the discovery post, and mark the boundaries of the claim. Upon each of these three posts must be written the name of the claim, the name of the locator and the date of location. On No. 1 post, in addition, the following must be written:—'Initial post. Direction of post No. 2 (*giving approximate compass bearing*); ——— feet of this claim lie on the right, and ——— feet on the left of the line from No. 1 to No. 2 posts.'

The location line, between Nos. 1 and 2 posts, must be distinctly marked—in a timbered locality by blazing trees and cutting underbrush, and in bare country by monuments of earth or rock not less than two feet in diameter at the base, and at least two feet high—so that the line can be distinctly seen.

Mineral claims must be recorded in the Mining Recorder's Office for the mining division in which they are situated within fifteen days from the date of location, one day extra being allowed for each ten miles of distance from the recording office after the first ten miles. If a claim is not recorded in time it is deemed abandoned and open for re-location, but if the original locator wishes to re-locate he can only do so by permission of the Gold Commissioner of the district and upon payment of a fee of \$10. This applies also to a claim abandoned for any reason whatever.

Mineral claims are, until the Crown grant is issued, held practically on a yearly lease, the condition of which is that assessment work be performed

STATISTICAL YEAR-BOOK

gs " any mine between high and low water marks on
rge body of water :
gs " any mine over which water never extends :
one diggings " any deposit of precious stones, wh
avel deposits '

PROVISIONS AS TO EXTENT OF THE VARIOUS CLASSES OF CLA

A placer claim must be recorded in the office of the Mining Recorder for the Mining Division within which the same is situate, within fifteen days after the location thereof, if located within ten miles of the office of the Mining Recorder by the most direct means of travel. One additional day shall be allowed for every ten miles additional or fraction thereof. The number of days shall be counted inclusive of the day upon which such location was made, but exclusive of the day of application for record. The application for such record shall be under oath and in the form set out in the schedule to this Act. A claim which shall not have been recorded within the prescribed period shall be deemed to have been abandoned.

To hold a placer claim for more than one year it must be re-recorded before the expiration of the record or re-record.

A placer claim must be worked by the owner or someone on his behalf, continuously, as far as practicable, during working hours. If work is discontinued for a period of 72 hours, except during the close season, lay over, leave of absence, sickness, or for some other reason to the satisfaction of the Gold Commissioner, the claim is deemed abandoned.

Lay overs are declared by the Gold Commissioner upon proof being given to him that the supply of water is insufficient to work the claim. Under similar circumstances he has also the power to declare a close season, by a notice in writing and published in the *Gazette*, for all or any claims in his district. Tunnel and drain licenses are also granted by him on the person applying giving security for any damage that may arise. Grants of right of way for the construction of tunnels or drains across other claims are also granted on payment of a fee of \$25, the owner of the claim crossed having the right for tolls, &c., on the tunnel or drain which may be constructed. These tolls, however, are, so far as the amount goes, under the discretion of the Gold Commissioner.

Placer Discovery Claims

The following provision is made for new discoveries of placer mining ground.

'If any free miner, or party of free miners, discover a new locality for the prosecution of placer mining and such discovery be established to the satisfaction of the Gold Commissioner, placer claims of the following sizes shall be allowed to such discoverers, viz:—

• To one discoverer, one claim. 600 feet in length.

• To a party of two discoverers, two claims, amounting together to 1,000 "

• And to each member of a party beyond two in number, a claim of the ordinary size only:

'Provided that where a discovery claim has been established in any locality no further discovery shall be allowed within five miles therefrom, measured along the watercourses. The width of such claims shall be the same as ordinary placer claims of the same class.'

No special privileges are allowed for discovery of new mineral claims.

CO-OWNERS AND PARTNERSHIPS.

In both the 'Mineral' and 'Placer Mining' Acts provision is made for the formation of mining partnerships, both of a general and limited liability

STATISTICAL YEAR-BOOK

These are extensively taken advantage of and have proved their working. By an amendment to the 'Mining Act', provision is made for collection of the pro rata share may be due from any co-owner in a mineral interest. It is forgotten that if any co-owner permits his free mineral interest to be sold, the title of his associates is not prejudiced, but he is liable to the remaining co-owners, pro rata, according to their

HYDRAULIC AND DREDGING LEASES.

unoccupied Crown lands may be granted by the Council, upon recommendation of the Gold Commissioner, by placing a legal post at each corner for. On the post nearest the placer ground the locator must post a notice stating the name of the placer ground to be acquired, the quantity of ground for which the lease is to be applied for. Within thirty days the applicant must file in writing to the Gold Commissioner, in duplicate, the application on the back, and the application must contain the name of each applicant's free mine claim on the ground, the quantity of ground, the tax to be paid, and the rent proposed to be paid. A sum of \$20 must be paid with the application, which is returned if the application is not granted. The term of the lease must not exceed 20 years. The extent of ground for which a lease may be granted is as follows: Creek half a mile or less, for dredging leases—5 miles; precious

Under Order in Council the minimum rental for

all as published in the *Gazette* and in a local paper for the
e. Application must be made in writing to the Assistant
Lands and Works, in duplicate, accompanied by plans of

ONTARIO.

The Mines Act of Ontario provides for the abolition of all royalties imposed upon ores or minerals within the province. Reservations of gold, silver and other mines contained in any patent are also made void, and all such mines in and upon such lands are deemed to have been granted in fee simple and to have passed with the lands, excepting as to lands patented under the Free Grants and Homestead Act, and the Public Lands Act, (since 4th of May, 1891) being lands sold for agricultural purposes only.

Provision is made for requiring nickel mines to be worked under authority of a license and on payment of certain license fees, to be remitted or reduced if the ore is refined in Canada, but this part of the Act has not yet been brought into operation.

Any person may explore for mines and minerals on any Crown land not staked out or occupied, and not withdrawn from sale by Order in Council as being valuable for pine timber or other reason. Crown lands supposed to contain ores or minerals may be sold as mining lands, called mining locations, or may, when situated within a Mining Division, be staked out and worked as mining claims under miner's license.

Mining locations containing not less than 40 acres, are sold as follows: If in a surveyed township and within six miles of a railway, \$3.50 per acre; if within twelve miles, \$3; if beyond twelve miles, \$2.50; if in unsurveyed territory, \$3, \$2.50 and \$2, according to distance from railway. All these mining locations revert to the Crown in default of the expenditure in actual mining operations of \$1 per acre during the first two years and of \$1 per acre in each year of the next five years, or of the equivalent in a shorter time.

Instead of granting mining lands in fee simple, the province will lease such lands for a term of ten years, and if at the end of the term all rents have been paid and working conditions performed the lessee will be entitled to a patent. The rental is \$1 per acre for the first year and fifteen cents to thirty cents per acre per annum (according to distance from the nearest railway and situation in townships or unsurveyed lands) for subsequent years.

Miners' licenses in parts of the province which may be set apart as mining divisions are granted for one year on payment of \$10, renewable at the end of the year on payment of a like fee. The holder of a license may stake out a claim of 15 chains square, 22½ acres, or 20 chains square, 40 acres, and he can hold it by expending \$150 per annum in actual mining operations thereon, reckoning grown men's labour at \$2 per day. Where the licensee desires to procure a patent or lease of a claim he may do so by completing the working conditions, for a period of four years on a claim of 20 chains square, or for three years on a claim 15 chains square, or the equivalent in a shorter time. But he is required to procure a survey of the land and to pay in the purchase money or first year's rental.

In unsurveyed lands of the Crown outside of mining divisions the holder of a prospector's license (fee \$10) may stake out two claims of 40 acres each and hold them for a period of two years by expending \$3 per acre in the first year and \$7 per acre in the second on development work, when the licensee may proceed in the usual way to acquire the property by survey and payment of the purchase price or the first year's rent.

The Legislature of Ontario created a Bureau of Mines in 1891. It has issued a series of valuable reports. The present director is Mr. Thos. W. Gibson.

NEW BRUNSWICK.

LEASES FOR MINES OF GOLD AND SILVER.

Prospecting licenses up to 100 areas (each 150 feet by 250 feet, running east and west and north and south by the magnet) are issued at 50 cents an area, up to 10 areas, and 25 cents afterwards per area, good for one year. These licenses can be renewed for second year by payment of one-half of above amounts. No one application for more than 100 areas, nor less than 10 areas.

Leases for 20 years to work and mine on payment of \$2.00 an area of 150 feet by 250 feet, renewable annually at 50 cents an area in advance.

Royalty on Gold and Silver $2\frac{1}{2}$ per cent. (See amendment to G. M. A. Cap. X, 55 Vic., and Cap. X, 56 Vic.)

MINES—OTHER THAN GOLD AND SILVER, MANGANESE, OIL AND NATURAL GAS.

Licenses to search, good for one year and six months, \$20.00 for five square miles. Lands applied for must not be more than $2\frac{1}{2}$ miles long, and the tract so selected may be surveyed on the Surveyor-General's order at expense of Licensee, if exact bounds cannot be established on maps in Crown Land Office. Lines to run north and south and E. and W. by the magnet.

No renewals are granted. Second rights to search can be given over same ground, subject to party holding first rights, on payment of \$20.00 for every application.

Licenses to work are granted on payment of \$50.00 for one square mile, good for two years, and extended to three years by further payment of \$25.00. The lands selected must be surveyed and returned to Crown Land Office. Leases are given for 20 years, and renewable to 80 years at an annual rental in advance of \$50.00 per square mile for all minerals excepting gold and silver and manganese. The Surveyor-General, if special circumstances warrant, may grant a lease larger than one square mile. (See 56 Vic., Cap. X.)

Manganese leases are granted to the owners of the soil or their assigns for a period of ten years, upon the following terms: Annual rental \$25.00 per square mile and \$5.00 for 100 acre lots.

ROYALTIES.

Coal, 10 cents per ton of 2,240 lbs.

Copper, 4 cents on every 1 per cent in a ton of 2,352 lbs.

Lead, 2 cents on every 1 per cent in a ton of 2,240 lbs.

Iron, 5 cents per ton of 2,240 lbs.

Tin and Precious Stones, 5 per cent of value.

Other Minerals in proportion.

distance from coal mines worked by purchasers, r
ng them to mine for domestic purposes, on pay
ts for anthracite and 15 cents for bituminous an
The regulations provide that the latter shall

allowed for every additional 10 miles or fraction. If a claim is situated more than 100 miles from a Recorder's office and situated where other claims are being located, five free miners may appoint a Free Miner's Recorder; but if the latter fails within three months to notify the nearest Government Mining Recorder of his appointment, the claims will not hold good. Fee for recording a claim is \$5.

At least \$100 per year must be expended on the claim, or paid to the Mining Recorder in lieu. When \$500 have been expended or paid, the locator, may upon having a survey made and upon complying with certain other requirements, purchase the land at \$1 per acre cash.

A location for mining iron and mica not exceeding 160 acres may be granted, but if therein other valuable mineral is discovered the miner's right is limited to the area prescribed for other minerals, the remainder reverting to the Crown. The Minister of the Interior may also grant 160 acres for copper mining in the Yukon Territory.

The patent for a mining location shall reserve to the Crown for ever a royalty of $2\frac{1}{2}$ per cent on the sales of the products of all mines therein, and the same royalty shall be collected on the sales which may be made prior to the issue of the patent. The royalty shall be collected in such manner as may be prescribed by the Minister of the Interior.

PLACER MINING IN THE YUKON TERRITORY.

Creek, gulch, river and hill claims shall not exceed 250 feet in length, measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 250 feet square.

Claims are marked by two legal posts, one at each end bearing notices. Entry must be obtained within ten days if the claim is within ten miles of Mining Recorder's office. One extra day allowed for each additional ten miles or fraction.

The person or company staking a claim, must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged; the rest of the party ordinary claims only.

Entry fee \$10.00. Royalty at the rate of $2\frac{1}{2}$ per cent on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller, for the purpose of estimating which, the gold shall be valued at \$15 an ounce.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners, may work their claims in partnership, by filing notice and paying fee of \$2. A claim may be abandoned and another obtained on the same creek, gulch or river, by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed to be abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notices in the *Yukon Official Gazette*.

DREDGING IN THE YUKON TERRITORY.

Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low-water mark, that boundary to be fixed by its position on the 1st day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty, 2½ per cent on the value of the gold shipped from the Territory.

PLACER MINING, MANITOBA AND THE NORTH-WEST TERRITORIES, EXCEPTING THE YUKON TERRITORY.

Placer mining claims generally are 100 feet square ; entry fee, \$5, renewable yearly. On the North Saskatchewan River claims are either bar or bench, the former being 100 feet long and extending between high and low water mark. The latter includes bar diggings but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where steam power is used claims 200 feet wide may be obtained.

DREDGING IN THE RIVERS OF MANITOBA AND THE NORTH-WEST TERRITORIES, EXCEPTING THE YUKON TERRITORY.

A free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have, or who may receive entries for bar diggings or bench claims, except on the Saskatchewan River, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease one dredge for each fifteen miles or fraction is sufficient. Rental, \$10 per annum for each mile of river leased. Royalty at the rate of two and half per cent, collected on the output after it exceeds \$10,000.

PETROLEUM.

All unappropriated Dominion lands in Manitoba, the North-west Territories and within the Yukon Territory, shall be open to prospecting for petroleum by any individual or company desiring to do so, and the Minister may reserve for an applicant who has machinery on the land to be prospected, an area of 1,920 acres. Should the prospector discover oil in paying quantities he may acquire 640 acres of land, including the oil well, at the rate of \$1 an acre, and the remainder of the area reserved, viz. : 1,280 acres will be sold at the rate of \$3 per acre.

STATISTICS OF FISHERIES.

The fisheries of Canada are : (1.) The Atlantic division, from the Bay of Fundy to the Coast of Labrador, embracing deep sea and inshore fisheries. (2.) The Estuarine and inland waters of the Eastern Maritime provinces. (3.) The Great Laurentian lakes and rivers. (4.) The Great North-west lakes. (5.) The Rocky Mountains rivers fisheries. (6.) The Pacific coast fisheries, and (7.) The Peri Arctic fisheries at the mouth of the Mackenzie River and in Hudson Bay.

Under an Act passed in 1882 to encourage sea-fishing and the building of fishing vessels, provision was made for the distribution of \$150,000 annually among the fishermen and vessels. By Act of 1891, chapter 42, the amount was increased to \$160,000. Vessels in 1903 were paid at the rate of \$1 per ton to owner, \$7.30 each to vessel fishermen, \$3.90 per man to boat fishermen, and \$1 per boat to the owners. The number of vessels which received bounty in 1903 was 851, with a tonnage of 26,501, showing an increase of 56 vessels and 980 tons as compared with 1902. The number of boats on which bounty was paid was 11,327, and the number of boat fishermen who received bounty was 19,149, being a decrease of 601 boats and 1,077 fishermen, as compared with the previous year. The total number of fishermen in vessels and boats to whom bounty was paid in 1903 was 25,510 as against 26,510 in 1902. The number of fishing bounty claims filed was 12,217 and the number paid was 12,178. The total bounties paid since 1882 amount to \$3,474,911, distributed as follows:—

" Indians	653	587	646	465	437	538
Value of seal skins....	\$285,520	\$441,825	\$562,845	\$366,330	\$337,660	\$307,440

Prior to 1878 very few seals were killed by Canadian sealers. Hunting was not carried on further than 20 miles from shore.

The following statement shows the number of seals killed in 1883–1903 :

	Number.		Number.
1883	9,195	1896	55,677
1889	35,310	1897	30,410
1890	43,325	1898	28,552
1891	52,365	1899	35,346
1892	49,743	1900	35,523
1893	70,892	1901	24,422
1894	95,048	1902	16,143
1895	73,614	1903	20,496

From 1871 to 1903 the total products of the Canadian pelagic sealing industry amounted to 798,109 seal skins.

In addition to the take of Canadian vessels in 1902, 582 skins were landed at B.C., which were sent to the London market.

During 1903 eight Canadian vessels have captured 21,126 seals in the South Atlantic Ocean.

AGGREGATE TRADE OF THE DOMINION—Concluded.

Fiscal year ended 30th June.	Belgium.	Newfoundland.	West Indies.	South America.	China and Japan.	Switzerland.	Other Countries.	Total.

STATISTICS OF TRADE AND COMMERCE.

TRADE AND COMMERCE.

The legal weights and measures of Canada are the Imperial yard, Imperial pound avoirdupois, Imperial gallon (of 277·27384 cubic inches), and the Imperial bushel. The Imperial gallon is equal to 4·54174 litres, while the wine gallon, used in the United States, is equal to 3·785 litres.

By Act 42 Vic. (1879), Chap. 16, (amended by Chap. 30, Acts of 1898), it is provided: That in contracts for sale and delivery of any of the under-mentioned articles the bushel should be determined by weighing, unless a bushel measure be specially agreed upon, the weight equivalent to a bushel being as follows:—

Wheat.....	60 lbs.	Castor beans.....	40 lbs.
Indian corn.....	56 "	Potatoes.....	60 "
Oats.....	56 "	Turnips.....	60 "
Peas.....	60 "	Carrots.....	60 "
Barley.....	48 "	Parsnips .. .	60 "
Salt	36 "	Beets.....	60 "
Beans.....	34 "	Onions†.....	50 "
Flax seed*.....	60 "	Bituminous coal..	70 "
Flax seed*.....	56 "	Clover seed ...	60 "
Tempe.....	44 "	Timothy.....	48 "
Blue grass seed	14 "	Buckwheat	48 "
Linseed.....	80 "		

By the same Act the British hundredweight of 112 pounds and the ton of 2,240 pounds were abolished, and the hundredweight was declared to be 100 pounds and the ton 2,000 pounds avoirdupois, thus assimilating the weights of Canada and the United States.

By recent Acts it is ordered that for apples the barrel shall be 96 quarts. Size, length, 26 inch between head, (inside measure): diameter (head) 17 inches; middle diameter 18½ inches. Boxes, 11 x 10 x 20 inches containing 200 cubic inches.

* Changed from 50 to 56 lbs. by the Act of Parliament, 1898. † Changed from 60 to 50 lbs. by Act of Parliament, 1898. ‡ Added by Act of 1898.

Under the new regulations of the Customs Department commenced July 1, 1900, all export entries are delivered at the 'frontier port of exit,' and the totals thereof are credited to the respective ports where the goods pass onwards from Canada. In view of the more complete returns obtained under this system, the additions heretofore made to the Export Statistics (prior to July 1, 1900) under the head of 'Short Returns,' are now omitted.

STATISTICAL YEAR-BOOK

BRITISH PREFERENTIAL TARIFF, 1898.

are (1) a completion of the pro-British tariff beginning on 1st of August, 1898, all imports from Canada on paying a duty of customs, twenty-five () per cent levied on goods from foreign countries : (2) a provision for the West Indies by admitting their products at the full reduced rate, and a similar provision for any other British colony or possession of which is on the whole as favourable to Canada as the preferential tariff is to such colony or possession ; provide that manufactured articles admitted under such preferential tariff, (b) that such benefits shall not extend to the extent of the production of which there has not been an increase of the labour of such countries, (3) a provision that the tariff shall apply to wines, malt liquors, spirits, spirituous liquors, and articles containing alcohol : tobacco, cigars, and pipes.

parts of the British Empire are included in the arrangement :—The United Kingdom: Bermuda, Barbados, Bahamas, Jamaica, Turks and Caicos Islands, British Honduras, and Islands, Barbados, Trinidad and Tobago, British Ceylon, Straits Settlement, New Zealand.

From 1st of 1900 the preferential given to the above part of the Empire has been increased from 25 p.c. to 33½ p.c. from July 1, 1900.

TABLE OF DUTY ON IMPORTABLE GOODS IMPORTED INTO CANADA FROM FOREIGN COUNTRIES, AND THE DUTY COLLECTED THEREON, UNDER THE GENERAL AND PREFERENTIAL TARIFFS DURING THE YEARS ENDED JUNE 30, 1899 TO 1902.

VALUE OF DUTIABLE GOODS IMPORTED INTO CANADA FOR HOME CONSUMPTION, AND THE DUTY COLLECTED THEREON, UNDER THE GENERAL AND PREFERENTIAL TARIFFS, BY COUNTRIES DURING THE YEAR ENDED JUNE 30, 1903.

The German government having applied the least favourable customs tax to goods from Canada in consequence of not being treated by Canada with the same consideration as the United Kingdom, the Canadian Government applied a surtax by the terms of which one-third of the custom duties imposed by Canada upon any article were added to the duties imposed by the general tariff Act. It cost $33\frac{1}{3}$ per cent more in the shape of duties to import German goods than to import goods from countries not under the Canadian Preferential Tariff. The surtax came into operation on German goods purchased after April 16, 1903. By amendments to the Customs Tariff, made in 1903, the surtax applies to all countries whose tariffs treat imports from Canada less favourably than those from other countries.

STATEMENT showing the Value of Dutiable Goods entered for Consumption under the Surtax Tariff, the Duty collected thereon and the country from which Imported during the months of May and June, 1903.

WOOD PULP INDUSTRY IN CANADA, 1903.

The wood pulp industry of Canada for the calendar year 1903 was carried on by 39 mills which had an output of 275,619 tons of wood pulp. Of this quantity, 187,871 tons were mechanical pulp, 84,808 sulphite, and 2,940 soda. The corresponding quantities for 1902 were : mechanical, 155,210 tons ; sulphite, 76,735 tons, and soda, 9,044 tons. This shows an increase of 34,630 tons in 1903. The increase is distributed : sulphite, 8,073 ; mechanical, 32,661 tons ; soda showing a decrease of 6,104 tons.

The total value of the output of 1903 was \$5,219,892.

There are several large mills in course of construction, or which, being finished, did not operate during the year 1903.

Two or three firms have gone out of business or manufacture only paper where before they made pulp.

Nine of the thirty-nine mills manufacture sulphite pulp and three soda pulp. Twenty-seven manufacture mechanical pulp and five make both chemical and mechanical.

Taking the returns of thirty-nine mills the average time the mills ran during the year was nearly nine months.

The power to drive the mills is chiefly derived from water. Of a total power equal to 110,630 horse power, 102,960 is water power.

The growth of the industry is considerable. In the census of 1881 there were five establishments with an output of \$63,000. In 1891 there were twenty-four with an output of \$1,057,810. The census returns for 1901 have not yet been tabulated. For 1903 the returns to the Statistical Branch preparing the Year Book show, as given above, thirty-nine establishments with an output of \$5,219,892.

Of the product of Canadian mills the Customs returns show that during the calendar year 1903 the export amounted to \$3,013,441, leaving \$2,206,451 for home use. In a general way, therefore, we export about fifty-seven per cent of our production.

Of the \$3,013,441 worth exported by Canada in 1903, Great Britain took \$865,826, the United States \$1,899,448, and other countries \$248,167.

STATISTICAL YEAR-BOOK

for this product in the United Kingdom is large. In 1903 the requirements of Great Britain were of the value of £1,364,821, of which 68·7 per cent was chemical pulp. Our exports to Great Britain were about 7·1 per cent of her needs.

The Value of Exports of Wood, Blocks and other, from Canada during the years ended June 30, 1890-1904.

The amendments to the Banking Act passed in the Session of the Federal Parliament, 1900, provided, by schedule, for a fuller analysis of the Banking Statistics than there was previously supplied. The new schedules called for a further division of deposits and discounts so as to enable the public to ascertain the amounts belonging to countries outside of Canada. The first full year of the new tables closed on June 30, 1901, and the following table is the result of the 12 months average for the years 1901, 1902, 1903 and 1904 :—

ANALYSIS OF COLUMN 3, 1901, 1902, 1903 AND 1904.

Calendar Year.	DEPOSITS OF CHARTERED BANKS IN CANADA AND ELSEWHERE.				
	Total Amount on Deposit in Canada and Elsewhere.	Deposits by the public.		Deposits Elsewhere than in Canada.	Balances due to Dominion and Provincial Governments.
		Payable on Demand in Canada.	Payable after Notice or on a fixed day in Canada.		
	\$	\$	\$	\$	\$
1901.....	349,573,327	95,169,631	221,624,664	26,560,444	6,218,588
1902.....	390,370,493	104,424,203	244,062,545	34,529,739	7,354,006
1903.....	424,167,140	112,461,757	269,911,501	34,931,701	6,862,181
1904.....	470,265,744	117,962,023	307,007,192	36,388,330	8,908,199

ANALYSIS OF COLUMN 4, 1901, 1902, 1903 AND 1904.

Calendar Year.	DISCOUNTS OF CHARTERED BANKS IN CANADA AND ELSEWHERE.						
	Total Discounts in Canada and Elsewhere.	Call and Short Loans on Stocks and Bonds in Canada.	Call and Short Loans Elsewhere than in Canada.	Current Loans in Canada.	Current Loans Elsewhere than in Canada.	Loans to Provincial Governments.	Overdue Debts.
	\$	\$	\$	\$	\$	\$	\$

*In Canada.
†Elsewhere than in Canada.

A comparative statement showing the proportions of the principal items of assets and liabilities to the total amounts in the years 1899 to 1904 is given below :—

ASSETS AND LIABILITIES—PERCENTAGE OF PRINCIPAL ITEMS.

Items.	1899.	1900.	1901.	1902.	1903.	1904.
<i>Liabilities.</i>	Per cent	Per cent	Per cent	Per cent	Per cent	Per cent
Notes in circulation... ..	12·36	13·39	11·77	11·60	11·59	10·84
* Deposits	82·80	82·16	†81·46	†82·54	†82·48	†83·47
<i>Assets.</i>						
Specie and Dominion notes.	6·41	6·41	5·83	6·20	6·78	7·02
Debts due to the banks.	80·44	81·98	85·09	84·37	84·28	84·04
Notes of and cheques on other banks	2·69	2·27	2·25	2·91	3·03	2·90
Balances due from other banks.	7·86	6·07	3·01	3·34	2·64	3·19

*Includes deposits payable on demand and after notice or on a fixed day. †Also includes deposits made by other banks and deposits elsewhere than in Canada.

By five year periods the yearly average circulation of bank notes is as follows :—

1869-73, yearly average of 5 years.....	\$ 19,613,142
1874-78 " "	22,673,300
1879-83 " "	27,479,560
1884-88 " "	31,377,000
1889-93 " "	33,140,600
1894-98 " "	33,130,678
1899-03 " "	50,869,159
1904.	61,769,888

The circulation of Dominion Government notes of \$20 and under, being the denominations which circulate among the people, averages as under :—

1874-78, yearly average of 5 years... ..	\$ 3,712,894
1879-83 " "	4,928,216
1884-88 " "	6,358,407
1889-93 " "	7,097,000
1894-98 " "	7,674,610
1899-03 " "	10,716,262
1904.....	12,813,912

* Not including Newfoundland.

According to Dun & Co., 24.64 per cent of the failures in Canada in 1904 were manufacturing firms, 73.35 trading, and 2.01 'other,' the liabilities of the manufacturing class being 36.31 per cent. of the total liabilities and those of the trading class being 57.73 per cent, 'other' being 5.96 per cent.

The following gives the two sets of figures, both including Newfoundland, except in 1894 to 1904, when both agencies separated Newfoundland from Canada:—

Year.	BRADSTREETS.		DUN & Co.	
	No.	Value of Liabilities.	No.	Value of Liabilities.

POST OFFICE AND OTHER SAVINGS BANKS.

The Post Office Act, which provides for the establishment of Post Office Savings Banks in Canada, was passed on December 20, 1867, and was limited in operation, as regards the savings banks to the provinces of Ontario and Quebec. Under its provisions a deposit must not be less than \$1, and by Order in Council, February 7, 1891, must not exceed \$1,000, in any one year; neither must the total amount on deposit exceed \$3,000. On September 1, 1885, the system was extended to the provinces of Nova Scotia and New Brunswick, and the offices are now distributed in the several provinces as follows:—Ontario, 512; Quebec, 168; Nova Scotia, 67; New Brunswick, 50; Manitoba, 53; British Columbia, 64; Prince Edward Island, 10; and the Territories, 37; making a total of 961.

Government savings banks, under the management of the Finance Department, have been established in the maritime provinces and in Manitoba and British Columbia. In these, deposits are allowed to the extent of \$1,000. The number of offices under this system is 23, viz.: 15 in Nova Scotia, 4 in New Brunswick, 1 in Prince Edward Island, 1 in Ontario, 1 in Manitoba, and 1 in British Columbia. On June 30, 1904, there were 47,531 depositors with \$16,738,744 on deposit. Arrangements are made for the transfer of the Government savings banks in each province to the Post Office Department, as the position of superintendent of each place becomes vacant.

STATISTICAL YEAR-BOOK

gives the particulars of the transactions of the government savings banks in Canada for the nine years 1896-1904

ASSETS

The rate of interest paid in both classes of savings banks was formerly 4 per cent, but on October 1, 1889, it was reduced to $3\frac{1}{2}$ per cent, and on July 1, 1897, it was reduced to 3 per cent.

The post office system went into operation on April 1, 1868, when 81 offices were opened. At the close of the three months ended June 30, 1868, there were 2,102 depositors, 3,247 deposits had been made, and the amount on deposit was \$204,589. On June 30, 1904, there were 961 offices opened, 168,572 depositors, and the total amount on deposit was \$45,419,706.

In addition to the above there are special savings banks, chiefly the Caisse d'Economie of Quebec and Montreal City and District Savings Banks. The chartered banks also have savings branches, but the amounts on deposit in these branches are not separated from the general business and other deposits in the returns to the Government.

The following table gives the deposits with the Government in the two branches under Government control and the deposits in the special savings banks, but does not include deposits in the chartered banks and in the loan companies and building societies:—

DEPOSITS WITH THE UNDERMENTIONED BANKS.

Year ended June 30.	Post Office Savings Banks.	Other Government Savings Banks.	Special Savings Banks.	Total.	Amount per head of Population.

* Including \$1,383 transferred to 1894-95.

† The total population of Canada is used in working out the amounts per head.

‡ Including \$1,383 transferred to 1894-95.

The amount on deposit in the Government savings banks (postal and other) in 1895 and 1900-04 per head of the population, by provinces, is given in the next table:—

PROVINCES.	1904.	1903.	1902.	1901.	1900.	1895.

RAILWAYS AND CANALS.

There were 19,431 miles of railway in operation in the whole Dominion on the 30th June, 1904 and 19,611 miles of track laid.

The distribution by provinces is as follows :—

MILEAGE OF TRACK LAID AND SQUARE MILES OF AREA TO EACH MILE OF RAILWAY.

Provinces.	MILES OF TRACK LAID.		Square miles of area to each mile of track in 1904.
	1867.	1904.	
Ontario	1,275	7,220	30·54
Quebec	523	3,510	97·37
New Brunswick	196	1,460	12·27
Nova Scotia.....	93	1,104	19·08
Prince Edward Island.....		209	10·45
Manitoba.....		2,364	27·20
North-west Territories and Yukon.....		2,200	333·24
British Columbia		1,544	240·00
Total.....	2,087	19,611

In addition to the above there are 59·08 miles of railway owned by five coal and iron companies, three of which are in Nova Scotia and two in British Columbia. This mileage is all of the 4 ft. 8½ in. gauge, with the exception of about five miles with a 3 ft. gauge.

Taken according to population (census of 1901):—

Ontario	population, 39·77 per cent ;	railway miles, 36·80 per cent.
Quebec	" 30·52 "	" 17·90 "
Nova Scotia	" 8·35 "	" 5·63 "
New Brunswick	" 6·03 "	" 7·44 "
P. E. Island	" 1·84 "	" 1·06 "
Manitoba	" 5·23 "	" 12·05 "
N. W. Territories	" 4·56 "	" 11·22 "
British Columbia	" 3·70 "	" 7·90 "

Canada has 167 steam railways. Twenty-five of these have been amalgamated and form the Grand Trunk railway system. The consolidation of 30 others has produced the Canadian Pacific railway system. The remaining 112 are more or less consolidated. Three of these are bridge companies with 4¾ miles of rails, and one is a tunnel, with 2¼ miles of rails.

The mileage (rails laid) of these several organizations is :—

Canadian Pacific	8,062·00
Grand Trunk.....	3,158·60
Intercolonial, Prince Edward Island and Drummond Co.....	1,551·26
Other railways.....	6,832·11
Bridges and tunnel.....	6·96
Total.....	19,610·93

The number of miles laid with steel rails was 19,545, of which 763 miles was double track.

STATISTICAL YEAR-BOOK

is a statement of the gauge and length of steam
Canada in 1904.

* For 1904 coal has been transferred from 'all other articles' to 'coal and other fuel.' In the previous years, the 'coal and other fuel' column represents only firewood.

These figures show an improvement in the railway accident statistics of Canada, the lowest in 1904 having been 1·06 per million carried, against 2·39 per million in 1903. In the United Kingdom the passengers injured were, in 1904, 9·86 in the million carried, and in the United States the proportion of passengers killed is the same in 1904 as in 1903. In the United States passengers injured increased to 11·9 per million carried from 10·2 per million in 1903. The United Kingdom is far below either Canada or the United States in the proportion of passengers killed, though her railways carried over 60 per cent more passengers than either of Canada and the United States combined.

The following is a summary statement of aids granted to Railways constructed and under construction by Governments and Municipalities, to June 30, 1904 :—

Governments and Municipalities.	Loans.	Bonus.	Subscription to Shares or Bonds.	Total.
<i>Governments.</i>	\$	\$	\$	\$
Dominion.....	15,964,259	172,433,056	188,397,314
Ontario.....	26,000	8,896,378	8,922,378
Quebec.....	3,722,956	13,846,133	17,569,089
New Brunswick.....	4,563,013	300,000	4,863,013
Nova Scotia.....	3,065,087	3,065,087
Manitoba.....	900,000	1,016,953	1,916,953
British Columbia.....	37,500	37,500
Total.....	20,613,215	203,858,120	300,000	224,771,334
<i>Municipalities in</i>				
Ontario.....	1,632,854	10,102,844	1,211,500	12,947,198
Quebec.....	2,434,000	873,074	1,568,000	4,875,074
New Brunswick.....	281,500	60,000	341,500
Nova Scotia.....	233,024	333,024
Manitoba.....	595,600	595,600
British Columbia.....	37,500	37,500
North-west Territories.....	25,000	25,000
Total.....	4,066,854	12,248,542	2,839,500	19,154,896
Grand total.....	24,680,069	216,106,662	3,139,500	243,926,230

The changes which have taken place in 1904, compared with 1903, are :—

Dominion Government	bonus increased by	\$ 5,425,712
Ontario	bonus decreased by.....	786,000
Quebec	bonus increased by.....	8,000
New Brunswick	bonus	273,573
Nova Scotia	bonus	403,331
Manitoba	bonus	641,576
<i>Municipalities :—</i>		
Ontario	bonus increased by	550
New Brunswick	bonus decreased by.....	20,000
Nova Scotia	bonus decreased by.....	193,535
Total increase.....		5,753,207

STATISTICAL YEAR-BOOK

Government in 1883 began to give subsidies to its own province, the result of the policy is that total paid was \$56,341,931 as shown by the following table.

RAILWAY SUBSIDIES.

Subsidies paid in aid of Railway Construction, Subsidy granted for same Railways.

	Subsidy paid to June 30, 1904.

since 1883. \$31,341,9

ystem of subsidizing railway enterprises was inaugur
s have been paid --

al year 1883-84, ended on June 30, 1884	\$	208
1884-85	"	403
1885-86	"	1,171

To the above there have to be added the following exceptional subsidies :

The Canada Central Railway, paid between 1878-83.	\$ 1,525,250
The Canadian Pacific Railway extension from St. Martin's Junction to Quebec, paid in 1885	1,500,000
<hr/>	
Total subsidies paid from 'Consolidated Fund' up to June 30, 1904	\$ 31,341,931
The main line subsidy to the Canadian Pacific Railway was paid from 'Capital,' amounting to	25,000,000
<hr/>	
Total paid as subsidies	\$ 56,341,931†

The above does not include the amount, \$2,394,000, due to the province of Quebec for the railway between Ottawa and Quebec, which has been transferred to the public debt, and on which interest at 5 per cent is paid, amounting to \$119,700 a year.

Additional subsidy payments, made from July 1, 1904, to December 31, 1904, and not included in the foregoing statement, were as follows :—

Algoma Central and Hudson Bay Railway.. . . .	\$ 331,379
Atlantic and Lake Superior Railway	43,132
Atlantic and North-west Railway	93,300
Can. Pacific Ry. (Kootenay and Arrowhead Branch).	4,176
Lindsay, Bobcaygeon and Pontypool Railway	123,840
<hr/>	
Total	595,827

Railway aid has consisted : (1) of money grants (a) by the Federal Parliament, (b) by the Provincial Legislatures, (c) by the municipalities ; (2) loans ; (3) Government guaranty of interest ; (4) Government issue of debentures by way of loan to railway companies ; (5) Government guaranty of railway bonds ; (6) direct issue of Government bonds to railways with a first mortgage on the companies properties ; (7) Imperial Government guaranty of capital ; (8) share capital locally distributed ; (9) land grants ; (10) release of Government loans by placing them behind other loans ; (11) composition of Government claims ; (12) assumption by Government of liabilities ; (13) direct construction by Government ; (14) combined land and money grants. (15) Construction in part by Government and part by Company, the latter leasing the Government built road.

† The sum of \$500,000 granted by the Act 50-51 Vic., ch. 25 (1887) to the Western Counties Railway Company, in settlement of matters in dispute with the Government, towards the construction of a link of railway between Annapolis and Digby, has in previous years been included in this statement as a subsidy ; it is now omitted, as under authority of the Act 52 Vic., ch. 8 (1889) the Government itself constructed the said link, which was handed over to the Company in 1891. The cost was charged against 'Capital.'

RAILWAYS aided by grant of Loans.

Total.....	7,211	152,305	152,305

In addition, about \$90,000 worth of used iron rails have been loaned to the Kent Northern Railway Co., the Halifax Cotton Co., the Steel Company of Canada and the Albert Railway Co.

The table following gives particulars of the assistance afforded by means of land grants.

GOVERNMENT RAILWAYS.

The railways belonging to the Government of Canada are known as the Canadian Government Railway System. They include, 1st, the Intercolonial and its branches ; 2nd, the Prince Edward Island Railway.

The total mileage of the Intercolonial system on June 30, 1904, was 1,342 miles of operated road, including the Windsor Branch (32 miles) and the Drummond County Railway (170 miles), and the completed Rivière Ouelle Branch (6 miles)

The Intercolonial touches six Atlantic points, viz.: Pointe du Chêne, Pictou, St. John, Halifax, Sydney and North Sydney, as well as the ports of Quebec and Montreal on the St. Lawrence river.

	Miles.
Lévis (opposite Quebec) via St. Joseph and St. Charles Junction (14 miles) to Halifax.	675
Lévis to St. John.	578
Lévis via Truro to Sydney.....	827
" North Sydney..	820

The following statement shows the financial position of each road on June 30, 1904 :—

—	Capital paid up.	Earnings.	Expenses.	Profits.	Loss.	Percentage of Expenses to Earnings.
	\$	\$	\$	\$	\$	
Intercolonial.....	*72,742,164	6,339,231	†7,239,982	900,751	114·21

* After 1890 the Eastern Extension was amalgamated with the Intercolonial Railway.
The amount of coal carried over the Intercolonial is an indicator of the interprovincial business done. In 1878 the coal carried over the railway was 97,043 tons. In 1901 it was 694,761 tons, an increase of over seven times. The use made of the Intercolonial Railway as a medium for over-sea trade is seen in the statistics of ocean borne goods to and from Europe via the port of Halifax. In 1878, the freight carried in connection with this trade amounted to 24,271 tons and in 1904 to 174,520 tons, an increase of seven times.

The following table gives the receipts and expenditure of the Windsor Branch Railway from 1881 to 1904 :—

Year.	Receipts.	Expenditure.
	\$	\$

uring the year 1904 the following sums were expended on Capital
ount of the Intercolonial Railway :—

	Amount.
Amqui—Increased accommodation	\$ 663
Campbellton—Siding on wharf.	1,250
Canso Ferry—Improving service.	16,613
Chaudière Junction—Engine house.	48,476
Davelnyville—New freight shed.	1,328
Eel River—Dwelling for agent.	1,700
Elgin Road, L'Anse à Giles, &c.	1,347
Grand Narrows Bridge—Protection.	9,999
Halifax—Increased accommodation.	105,763
" Dredging and blasting.	8,896
Lévis—Increased accommodation.	62,108
Little Métis—Improvements, &c.	1,193
Métapédia—New station, &c.	4,829
Miramichi Bridge	55,900
Moncton—Increased accommodation.	95,199
" Extension, freight car repair shops.	26,377
New Glasgow—Extensions to freight sheds, &c.	1,071
Nicolet—Improvements.	497
North Sydney—Improvements.	8,350
Oxford and New Glasgow Branch.	206
Pictou—Increased accommodation.	1,109
Pictou Landing—Siding.	13,691
Point Tupper—Improvements.	4,888
" Settlement of interest account.	5,163
Restigouche Bridge—New superstructure.	95,106
Rivière du Loup—Engine house.	48,806
" Yard for freight.	9,761
Rivière Ouelle—Spur line.	32,370
St. Alexis—Improvements.	3,216
St. Andre—Extension of siding.	1,000
St. Charles Junction—Water supply.	4,621
St. Flavie—Increased accommodation.	27,473
St. John—" "	67,356
Springhill Junction—Water supply.	1,941
Stellarton—Increased accommodation.	11,566
Sussex—Platform extension.	581
Sydney—Increased accommodation.	25,683
Truro—" "	1,525
Along the line—Increased accommodation.	30,936
" Additional sidings.	55,118
Rolling stock.	643,021
Passenger cars—Equipment.	13,782
Freight cars—Equipment.	70,990
New machinery—Locomotive and car shops.	17,007
Strengthening bridges.	164,928
Steel rails and fastenings.	50,356
Double tracking part of line.	85,138
Other improvements, &c.	19,343
Total.	<u>\$ 1,958,240</u>
Less refunds of previous years.	78,674
Total.	<u>\$ 1,879,566</u>

STATISTICAL YEAR-BOOK

table is compiled from a variety of sources, and gives the opening of the first railway in the British Empire, and in all countries in the world, the length of railway lines therein and railway mileage to area : -

Making the total expenditure	<u>\$ 107,235,627</u>

ount the sum of \$20,692,244 was expended before Confedera-
921 by the Imperial Government and \$16,518,233 by the
overnment interested. The total amount spent for construc-
argement alone is \$95,264,443, including in this sum the cost
s of the Baie Verte Canal, and at one time considered a feasible
ing the Bay of Fundy and the Gulf of St. Lawrence.

ost of the construction of the Welland Canal to June 30, 1904,
643. Of this amount \$222,220 was contributed by the Im-
ment, and \$7,416,020 by the Provincial Government prior to
n, leaving \$18,347,423 as the expenditure since Confederation.
mount \$795,735 represents renewals, chargeable to income.

f \$2,965,526 has been paid out for staff, and \$2,541,250 for
ring the same period the receipts have been \$7,162,702. The
for staff, maintenance, repairs and renewals was \$6,305,512,
,190 to represent the surplus to meet interest.

revenue from canals since Confederation is \$13,327,506, being
i \$361,500 a year.

Persons were lost by the wreck of the White Star ss. *Atlantic*, in Turn's Bay,

records of the Dept. of Marine and Fisheries give the number of lives lost at 602, which includes 562 persons who were drowned in the wreck of the steamship *Titicaca*, which happened 60 miles to the south of Sable Island, and was therefore on the coast of Nova Scotia.

The vessel was running between New York and Havre.
ended June 30.

STATISTICAL YEAR-BOOK

able deals with the number and tonnage of wrecks and in Canadian waters. It shows how small the percentage is to the tonnage frequenting Canadian waters and how it has become in recent years.

WRECKS AND CASUALTIES OF VESSELS.

Wrecks and Casualties in Canadian waters.		Total number of Sea-going vessels entered and cleared.	Total tonnage in and out Sea-going.	Number of vessels wrecked of every 1,000 entered and cleared.

Indian vessels not distinguished.

Coasting trade of Canada is regulated by the Act, chap. 83, Revised Statutes of Canada, which provides that no goods or passengers can be carried by water from one port in Canada to another except in British ships. An exception, however, may be declared by the Governor General in Council to be applicable to the vessels of any country that allows British vessels to participate in its coasting trade on the same footing as its own vessels. By different orders in council the ships of the following countries have been admitted to the coasting trade of Canada, viz., Italy, France, the Netherlands, Sweden and Norway, Austria-Hungary, Denmark and the Argentine Republic.

The coasting trade of Canada is not included in any of the foregoing tables, but is given in the following one, since 1876, before which no returns were kept:—

TONNAGE OF VESSELS, BRITISH AND FOREIGN, EMPLOYED IN THE COASTING TRADE, WHICH ARRIVED AT AND DEPARTED FROM CANADIAN PORTS, 1876-1904.

Land...	192,178	317,391	338,464	237,987	138,170

figures are for the year following that stated above.

Italy and Malta being merely ports of call, it will be seen that no possession outside of the United Kingdom and Hong Kong has a shipping trade than Canada, though the combined shipping of the Asian colonies exceeds that of this country; the latter figures however include the intercolonial trade.

GRAVING DOCKS IN CANADA.

There are four graving docks in Canada, three belonging to the Federal Government and one owned by a company. For 20 years from the completion the company has subsidies from the Imperial and Canadian Governments and from the city of Halifax, where it is located, amounting in all to about \$30,000 (£6,180), of which the Canadian Government pays \$10,000 a year. The following statement shows the dimensions of these graving docks :—

NAME.	Length.	WIDTH.			Water on Sills.	RISE OF	
		At coping.	At bottom.	At entrance.		Spring tide.	Neap tide.
	Ft.	Ft.	Ft.	Ft.	Ft.	Ft.	Ft.

POST OFFICE STATISTICS.

POSTAGE RATES.

December 25, 1898, the inter-imperial rate of postage on letters made two cents per half ounce or fraction of half ounce.

The following parts of the British Empire joined in establishing the rate on themselves :—

Aden.	Lagos.
Ascension.	Leeward Islands.
Bahama Islands.	Malay States.
Barbados.	Malta.
Bermuda.	Mauritius.
British Central Africa.	Natal.
" East "	Newfoundland.
" Honduras.	New Zealand.
" Guiana.	Nigeria (Northern).
" India.	" (Southern).
" North Borneo Company's Territory.	Orange River Colony.
Canada.	Sarawak.
Cape Colony.	Seychelles.
Cayman Islands.	Sierra Leone.
Ceylon.	Somaliland Protectorate.
Cyprus.	Straits Settlement.
Falkland Islands.	St. Helena.
Fiji.	Tobago.
Gambia.	Transvaal.
Gibraltar.	Trinidad.
Gold Coast.	Turk's Island.
Hong Kong.	Uganda.
Jamaica.	United Kingdom.
Johore.	Windward Islands.
Labuan.	Zanzibar.

December 31, a proclamation in the *Official Gazette* announced that on and after January 1, 1899, the postage rates on letters within Canada shall be two cents per ounce. On and after March 7, 1903, a proclamation in the *Canada Gazette* announced that on and after that date, newspapers and periodicals published in Canada, posted in any post office in Canada for transmission to the United Kingdom shall pass at the same rates of postage, &c., as if intended for transmission to points in Canada.

December, 1903, the Department arranged for the transmission of post cards within Canada as private post cards. These cards can be sent also to the United Kingdom, the United States, France, Tunis, Switzerland and Italy.

Newspapers and periodicals published in Canada and posted in Canada shall pass at the same rates and under the same regulations as if such papers were addressed to any post office in Canada to the following British possessions, viz :—Bahamas, Barbados, Bermuda, British Guiana, British Honduras, British North Borneo, Ceylon, Cyprus, Falkland Islands, Fiji,

STATISTICAL YEAR-BOOK

Gibraltar, Hong Kong, Jamaica, Leeward Islands, St. John's, Newfoundland, New Zealand, Northern Nigeria, St. Vincent, Sierra Leone, Southern Nigeria, Transvaal, Trinidad, Barbados, and Zanzibar.

Australia has not reduced her letter rate to Canada she will continue to send to her at the Canadian domestic rate for letters.

Actual railway mileage over which mails were carried in 1904 was 1,001 miles, and the train mileage numbered 19,756,019 miles. In addition to the above mileage by rail there was a water service of 1,000 miles and the mileage travelled on stage routes was 16,129,121.

* Included in letters returned to writers or offices of origin.

† This large number is accounted for by the fact that an immense number of franchise notices were returned N. C. P. and were refused by the sender and were destroyed.

Of 5,986,000 registered letters estimated to have been sent in 1904 only 14 containing money failed to reach their destination. The contents, or a portion thereof, of 56 were made good by the officials or others held responsible for the loss, 8 were stolen, and in 18 cases no evidence could be obtained to account for discrepancies: 3 accidentally destroyed during course of post, and 50 still under investigation. There was an increase in the number sent, as compared with 1903 of 516,000, and an increase in the number that miscarried of 21. In every 44,341 letters registered

STATISTICAL YEAR-BOOK

ment was concluded on April 1, 1901, between Canada and the United States, under which all postal moneys sent to Newfoundland or the United States, go at the domestic rate of one per cent instead of the international rate of one and a half per cent to the 1st.

Postal rates in Canada are now as follows, viz.:—

	Rate.
Letters up to \$5.00	3 cents
\$5.00 " 10.00	6 "
10.00 " 30.00	10 "
30.00 " 50.00	15 "
50.00 " 75.00	25 "
75.00 " 100.00	30 "

POSTAL NOTE SYSTEM.

The Postal Note system was inaugurated throughout Canada on January 1, 1901. These notes offer a cheap and convenient means of transferring money through the mails. Arrangements have been made with the Post Office Administration of the United States for the payment of Canadian Postal Notes.

There are seventeen denominations of Postal Notes in number, and the following table gives the different amounts and the commission on each.

umber and value of paid Postal Notes and the revenue derived from mission on the same during the years ended June 30, 1903 and 1904.

Manitoba, not included in estimated population until 1871.

British Columbia " " 1872.

Prince Edward Island " " 1874.

The Territories " " 1881.

* These estimates of population are based upon the percentage of growth shown in each decennial census as compared with its predecessor. The annual growth of Canada's population is worked out by logarithmetical calculations, as is done in all countries where from lack of statistics of births and deaths and movement of population no other way is available. After the results of each census are known the estimates are revised in the light of the knowledge obtained. It is as successful a system as has been devised. For instance, the population of 1900 as estimated by this process was given at about one per cent more than it appeared when the census of 1901 afforded the means of rectifying the estimate.

EXPENDITURE OF THE YUKON TERRITORY BY THE

The following are the particulars of the provincial debts assumed by the Dominion at Confederation :—

Canada (Province).....	\$ 62,500,000
Nova Scotia	8,000,000
New Brunswick.....	7,000,000
	<hr/>
Total.....	\$ 77,500,000

Debts subsequently assumed or allowed :—

Nova Scotia (1869).....	\$ 1,186,756
The old Province of Canada (1873) debts allowed.	\$ 10,506,089
Province of Ontario, debts allowed.....	2,848,290
" Quebec " 	2,549,214
" Nova Scotia " 	2,343,059
" New Brunswick, debts allowed.....	1,807,720
" Manitoba " 	4,042,632
" British Columbia " 	2,029,392
" Prince Edward Island " 	4,884,023
	<hr/>
	31,010,419
	<hr/>
Total provincial debts assumed.....	\$ 109,697,175
	<hr/> <hr/>

The total expenditure on capital account since Confederation has been :—

Debts allowed to provinces.....	\$ 31,010,419
Canadian Pacific Railway.....	62,785,320
Canals	66,694,740
Intercolonial and connecting railways.....	62,729,541
North-west Territories.....	3,787,963
Dominion Lands.	6,158,984
National Transcontinental Railway.....	6,249
Prince Edward Island Railway.. . . .	3,013,382
Public works.....	*17,069,813
Militia	4,702,081
	<hr/>
	\$ 257,958,497
Increase in debt.....	185,139,077
	<hr/>
Expenditure in excess of increase of debt.....	\$ 72,819,420

* Including the sum of \$2,725,504 expended in previous years by the Montreal Harbour Commission on the improvement of the St. Lawrence and assumed in 1890 by the Dominion Government.

1901	264,003,585	28 20

In addition to this fund another, called Superannuation Fund No. 2, established by statute, 1893. The receipts from Superannuation Fund No. 2 are

1895	\$ 4,472	1900	\$ 11,033
1896	7,358	1901	11,968
1897	8,411	1902	13,070
1898	11,294	1903	14,432
1899	6,125	1904	15,370

Pensions, which are of a different nature to superannuation allowances, are also granted, in accordance with various Acts of Parliament, to retired judges and to a certain number of persons, or their widows and children, for military services. The total amount paid under this head in 1901 was \$93,551, in 1902, \$83,305, in 1903, \$87,925, and in 1904, \$9,495.

The amount paid out for pensions in the United States during 1903 was \$138,425,646, and \$142,559,266 in 1904.

the receipts from income of Canadian companies in 1899 to 1904 were up as follows :—

—	1899.	1900.	1901.	1902.	1903.	1904.
	\$	\$	\$	\$	\$	\$
ams and annuity	9,293,880	10,999,604	11,074,492	12,472,590	13,883,211	15,640,665
st and dividends..	2,065,001	2,326,363	2,555,359	2,972,874	3,272,592	3,695,181
f.....	119,143	194,260	236,902	309,603	412,205	373,128
Total..	11,478,024	13,520,227	13,866,753	15,755,067	17,568,008	19,708,974

and the expenditure during the same years was :—

—	1899.	1900.	1901.	1902.	1903.	1904.
	\$	\$	\$	\$	\$	\$
o policy-holders..	3,838,536	5,195,146	4,890,754	5,086,307	5,516,778	6,054,703
al expenses.....	2,615,710	3,117,578	3,262,458	3,757,986	4,443,827	5,018,758

	1901	9,305	38,134	*2,050,000
	1902	9,735	41,354	*2,050,000
	1903	10,000	45,000	*1,821,000
	1904	10,000	45,000	*1,800,000
Cableway Co.	1895	3,041	1,000	350,000
	1904	3,041	1,000	350,000

The latest world's statistics show that there were, in 1903, in operation 1,764 cables having an aggregate length of 204,527 nautical miles, 364 of the number belong to private companies and 1,400 are under government administration. The private companies aggregate 174,453 miles and the government cables 30,074 miles. Sir J. Wolfe Barry states that there are now 225,000 miles of cable, considerably more than one-half of which are British. Forty cables touch England.

MANUFACTURES.

For the purpose of presenting the results of the Census of 1901 in as compact a form as possible, the industrial establishments have been grouped together, not with scientific accuracy but with the design of bringing into the groups such industries as are more or less allied so that comparison with similar groups as obtained in the Census of 1891 can be made.

In the Census of 1901 the statistics of manufactures were taken only for establishments employing five hands or more. In the Census of 1891 the returns of all establishments were compiled.

The results were divided into five groups according to output as follows:— Establishments having an output (1) of under \$2,000 a year, (2) of \$2,000 to \$12,000, (3) of \$12,001 to \$25,000, (4) of \$25,001 to \$49,999, and (5) of \$50,000 and over.

INDUSTRIAL ESTABLISHMENTS, 1891.

	No. of Establishments.	Capital.	No. of Employees	Annual Wages Paid.	Value of Raw Material.	Value of Articles Produced.
		\$		\$	\$	\$
Under \$2,000....	50,777	25,546,608	74,376	11,038,084	11,070,938	32,195,192
\$2,000 to \$12,000...	19,629	60,178,387	92,843	22,963,579	43,572,071	93,260,957
\$12,001 to \$25,000..	2,679	31,596,006	36,118	10,852,514	23,925,078	47,709,005
\$25,001 to \$49,999..	1,208	30,152,282	28,339	8,966,833	22,090,463	42,238,542
\$50,000 and over...	1,675	207,147,467	139,080	46,842,640	155,460,492	260,795,190
Totals.....	75,968	354,620,750	370,256	100,663,650	256,119,042	476,198,886

By analysing the returns of 1891 and following the line of division adopted in the Census of 1901, viz. : hands employed instead of value of product, we obtain the following comparison.

ESTABLISHMENTS EMPLOYING FIVE HANDS AND OVER.

	Establishments.	Capital.	Employees.	Wages.	Value of Products in Census year.
		\$		\$	\$

In connection with the item 'Miscellaneous' it is to be noted that in the Census of 1901 where there were less than three establishments of a kind the details are not given separately but are lumped together. In the Census of 1891 large and small industries having been taken there was less likelihood of disclosing the details of individual business establishments, but in separating them necessarily in some cases the details of a single business, here and there, are disclosed. After 10 years no one will be incommoded.

STATISTICAL YEAR-BOOK

ending figures for 1891 are scattered through the
er for ease of comparison they are:—

* The quantity of home made cheese was not procured in the Census of 1901.

By Chap. 5 of the Acts of 1903, Parliament of Canada, a bounty is given to develop the manufacture of binder twine from September 1, 1902. This bounty is equal to the amount paid as export duty in the Philippine Islands on manilla fibre imported from those islands into Canada.

STATEMENT of bounty paid on manilla fibre used in the manufacture of binder twine. The rate being 75 cents per 100 kilos of 2·2 lbs. each:—

Name of Company.	Number of Pounds.	Amount Paid.

Total.....	7,465,946	25,452

EDUCATION.

The Census returns of 1901 give a population in Canada of 4,728,631 persons of five years old and upwards. Of these 3,918,915 persons could read and write and 129,584 persons could only read. There were, therefore, 4,048,499 persons in the total population of 5,371,315 who could read. That is 75·4 per cent of the total population as recorded in 1901, and 85·6 per cent of the population five years old and over.

STATISTICAL YEAR-BOOK

1891 gave a population of 4,279,634 persons five years and over. Of these 3,176,667 could read and write and 207,126 could not. Therefore, 3,383,794 persons in the population of 4,279,634.

That is 69.3 per cent of the whole population recorded in 1891. That is 69.3 per cent of the population of five years and over.

Assuming, then, that the increase in literacy in the ten years 1891-1901 was uniform, then, that the increase in literacy in the ten years was 10 per cent.

In every group of 100 persons five years old and over, there were 5 persons able to read more than there were in 1891.

That is, there were in every group of 100 persons 5 persons who could not read and, therefore, could not write.

This sub group has been reduced to 24.6 per cent.

The following table gives statistics of illiteracy in Canada in 1891 and 1901.

		Census Year.	Illiterates.	Po
Total	1891	1,449,446		
	1901	1,322,816		
Male	1891	34,198		
	1901	55,902		
Female	1891	43,282		
	1901	67,833		
Provinces	1891	98,438		
	1901	87,442		

Taking into account the somewhat decreased proportion of children under five in 1901 as compared with 1891 the statement stands ; in 1891, Canada had of all illiterates 29·99 in every group of 100. Of these 12·48 were under five years of age, leaving a net of 17·51 illiterates over five years. In 1901 Canada had 24·62 illiterates in every group of 100 of the population. Of these 11·96 were under five years, leaving 12·66 illiterates ; so that there has been an actual decrease in the ten years of 4·85 illiterates over five years in every group of 100.

Suppose we had the total population of Canada in a big field and divided them into groups of 10,000. There would be 583 groups to represent the population of 1901. Each of these groups would contain 7,537 persons able to read and 2,463 not able to read. These 2,463 could be divided into two sub groups (a) children under five years of age, 1,196, (b) all others unable to read 1,267.

Similar groups (483) of 10,000 in 1891 would have 7,001 persons able to read and 2,999 not able, the latter being subdivided into (a) children under five years of age 1,249, (b) all others 1,750.

The returns for 1891 show that the population of 4,833,239 was divided into 2,460,471 males and 2,372,768 females. Of the females 297,490 were under five years, leaving 2,075,278 five years old and upwards. Of these latter 1,682,783 could read. These were divided into 111,632 who could only read and 1,571,151 who could read and write. These figures leave the illiterates of the female sex 392,495, or 16·5 per cent of the total female population, or 18·9 per cent of the total female population five years old and over. The returns of the Census of 1901 do not supply the material for a comparison of the status of female education after the lapse of a decade.

Under the British North America Act, 1867, the right to legislate on matters respecting education was placed in the hands of the governments of the several provinces, the rights and privileges of denominational and separate schools then existing being especially protected.

ONTARIO.

Subject to the approval of the Provincial Government, all regulations for the public and high schools are made by the Minister of Education. These schools are under the control of local boards of trustees, elected by the ratepayers, and are allowed to have none but certificated teachers. Education of children between the ages of 8 and 14 is compulsory. Some of the noteworthy features in Ontario's System of Education are : uniform course of study for all schools ; all public and High Schools in the hands of professionally trained teachers ; provincial, instead of local, control of examination of teachers ; uniformity of text-books and common matriculation for admission to all universities and learned professions. These give unity to the system which includes (a) Kindergarten, (b) Public or Separate schools, (c) High Schools or Collegiate Institutes, (d) the University.

The following table gives particulars respecting the public schools of Ontario in the years 1881 and 1903, Roman Catholic separate schools included.

three Art schools in operation in 1903. In connection with the control of the Department of Education were 2,366,325 books, and about 36,480 members. Their assets amounted to \$124,500, with liabilities of \$16,339. Besides the libraries, with upwards of 628,248 volumes and assets amounting to \$845,104 and liabilities \$105,600. A day in May in each year has been set apart as Arbor Day, for the purpose of planting trees and improving the landscape. In 1903, 8,195 trees were planted and 14,960

The following table gives the number of teachers receiving superannuation and the amount paid to them, during the years 1881 to 1903.

TABLE SHOWING THE NUMBER OF TEACHERS RECEIVING SUPERANNUATION, 1881-1903.

QUEBEC.

Educational matters in the province of Quebec are under the control of the Superintendent of Public Instruction, assisted by a council consisting of 35 members, and divided into committees for the management of Roman Catholic and Protestant schools respectively. Compulsory school age is from 5 to 16 years. The schools are maintained partly by local taxation and partly by Government grants and are individually controlled by local boards.

The following table gives the number of educational institutions of all grades in the province.

904 there were 1,218 school-houses in the province, of which 1,040 frame, 81 brick, 25 stone and 72 log. The number of trees planted 830.

Collegiate Institutes for more advanced education are attached to the public schools at Winnipeg, Portage la Prairie and Brandon, and the total number of pupils enrolled during the year 1904 was 905, 294 and 296 respectively. There is also a Normal School at Winnipeg for the training of teachers.

The following table gives the particulars of Normal Schools in Manitoba, 1885-1904 :—

* The decrease is due to a change in regulations, requiring all teachers to take 3rd class training (short session) before taking 2nd or 1st (long session).

BRITISH COLUMBIA.

The educational system of British Columbia is free, undenominational and supported by the Government, except the schools in the cities of Nanaimo, New Westminster, Vancouver and Victoria. (See foot-notes on the following pages). There is a Superintendent of Education, acting under the Provincial Secretary, and each school is locally controlled by trustees, elected by the ratepayers of each school district. The Lieutenant Governor in Council is empowered to create new school districts as they become necessary, provided that no school district shall contain less than fifteen children of school age, viz., between 5 and 16 years of age.

The following table shows the number of schools, teachers and pupils:—

EDUCATIONAL STATISTICS OF BRITISH COLUMBIA, 1880-1904.

PRINCE EDWARD ISLAND.

Educational matters in Prince Edward Island are under the control of a Board of Education consisting of the Government, Chief Superintendent of Education, and the Principal of the Prince of Wales College, and are supported partly by Government grants and partly by district assessment.

The following table is a summary of the educational statistics of the province, 1888-1904:—

Year.	No. of School Departments in operation.	No. of Teachers.	Pupils Enrolled.	Average Attendance.	Percentage of Attendance.	EXPENDITURE.		
						Government.	School Board.	Total.
						\$	\$	\$
1888.....	512	509	22,478	12,248	54.89	108,346	38,609	147,455

NORTH-WEST TERRITORIES.

The educational system of the North-west Territories is administered by a Department of Education, which is under the control of one of the members of the Executive Council, who is officially designated as the Commissioner of Education.

The law provides that no school district shall comprise an area of more than 25 square miles, nor shall it contain less than four resident heads of families, or a smaller school population than 12, i.e., children between the ages of 5 and 16.

No religious instruction is allowed in any public school before 3.30 o'clock in the afternoon, at which time such instruction as is permitted by the trustees may be given, parents having the privilege of withdrawing their children at that hour, if desired.

In 1903 there were 998 school districts in the Territories, and 494 male teachers and 658 female teachers. The figures for 1904 have not been supplied to us.

amount of teachers' salaries. ‡ By amendment to School Act in 1891, city districts were required to refund one-half of amount of teachers' salaries, and meet all other expenses connected with their schools. § By amendment to School Act in 1893, city districts are required to pay all expenses connected with the maintenance of the schools, and are allowed a per capita grant of \$10 on the average actual daily attendance. They are also given the provincial revenue tax. Includes expenditure on Normal School of \$5,548 and cost of educating Deaf and Dumb, \$3,208.

* The classical colleges in Quebec are a combination of school and college, attended by both boys and young men. They confer certain degrees, and are mostly affiliated with Laval University. It not being possible to separate them, the pupils in these colleges are counted twice over, viz. in this table and in the one in the preceding table.

a Includes value of furniture.

‡ There are good Ladies' Colleges in the Province of Quebec, but the returns of the Superintendent of Education for the Province of Quebec are so incomplete that no satisfactory analysis can be made.

The next table gives the receipts and expenditures of the several institutions, distinguishing between Government aid and other receipts. The funds derived from other sources are generally made up of patients' fees, subscriptions and donations, and, in some cases, municipal aid. The amount derived from patients is, in most cases, very small :—

TEMPERANCE.

Previous issues of the Year Book contain particulars of the elections under the Canada Temperance Act which has been submitted to public opinion in nine cities and seventy-three counties. It is in force in one city and twenty six counties.

The following is a summary :—

Carried five times and still in force	1
" four "	1
" twice "	4
" once "	21
—	
At present in force...	27
—	
Defeated the first time and not submitted again.	17
Carried the first election, but defeated the second	30
Carried twice and lost twice.	1
Carried once and lost twice.	1
Carried twice and lost once	4
Lost twice and not carried at all.	1
Carried three times, rejected the fourth, carried the fifth and rejected the sixth.	1
—	
	55
—	

The following statement gives the places in which the Canada Temperance Act was in force on April 1, 1905 :—

Nova Scotia.	New Brunswick.	Prince Edward Island.	Manitoba.
Annapolis. Cape-Breton. Cumberland. Digby. Guysborough. Hants. Inverness. King's. Pictou. Queen's. Shelburne. Yarmouth.	Albert. Carleton. Charlotte. Fredericton. King's. Northumberland. Queen's. Sunbury. Westmoreland. York.	King's. Queen's. Prince.	Lisgar. Marquette.

In the provinces of Ontario, Quebec and British Columbia the Act is nowhere in force.

*Provincial List.

REFERENDUM ACT, 1902.

The Legislature of Manitoba having passed an Act respecting the prohibition of the sale of intoxicating liquors in the province, and the judicial committee of the Privy Council of England having decided that the Act was *intra vires* of the provincial authority, the Legislature by an Act styled "The Referendum Act, 1902," appointed the 2nd of April, 1902 as the day on which the electors should answer the question; "Are you in favour of bringing the Liquor Act into force on the 1st day of June, 1902."

The Referendum Act provided that the Liquor Act should be brought into force, (1) if 45 per cent of the total number of persons entitled to vote gave affirmative answers to the question submitted, or (2) if at least 60 per cent of the persons so entitled, actually voted, and 60 per cent of these voted "yes," or (3) if 62½ per cent of the actual voters answered "yes."

The official returns show the following results of the vote:—

Total affirmative answers to said question	15,606
Total negative answers to said question	22,464
Total number voting	38,071
Total number of persons entitled to vote	74,477

The Liquor Act, 1902 (Ontario), provided in effect for the prohibition of the sale by retail in the province of fermented spirituous and malt liquors. Boarding houses, clubs and societies were inhibited keeping liquors on their premises, and only limited quantities were to be kept by doctors and druggists, and by clergymen for sacramental purposes.

STATISTICAL YEAR-BOOK

whether provided for a referendum to the voters, the question being "shall the Act come into force?" It also provided that the Act should be put into operation if on the voting those in favour of the Act were at least one half of the ballots cast, the number of ballots to be at least one half of the total vote in the general election of 1898.

The referendum took place on the 4th of December, 1902, and the number of votes polled was 303,297, of which in favour of the Act, 103,548. The votes in favour being 12,974 less than one half of the total vote, the Act was rejected. The supporters of the Act numbered 96,201.

STATISTICAL YEAR-BOOK

for drunkenness in the period 1894-1900 average in 1901 was 1,357 above the seven years average, in 1903 is 5,162 above. In ten years, comparing 1903 in convictions for drunkenness was over 40 per cent. 1,147 women convicted of drunkenness in 1902, 1,000 and 1,177 in 1903, it is plain that convictions are really decreasing.

Increase of 3,198 shown in 1903 compared with 1902 represents the increase in Ontario, 714 the increase in Manitoba. The increase in Nova Scotia was 100 in the mining town of Sydney. In Ontario four hundred of convictions in 1903 as 1902. 13 had 1 more by 1,162. Those which had an increase ran from an increase of 182, Thunder Bay and Rainy River increase to Huron with an increase of but five.

The following table shows the Civil Condition of the people of

TOTAL.		MALES.		FEMALES.
Number.	Per Cent.	Number.	Per Cent.	Number.
3,312,593	61.67	1,743,582	63.57	1,564,011

250,156	4.19	73,437	2.69	151,188

It thus appears that the people of Canada are marrying and giving birth in larger numbers than they were at the time of the taking of the census of 1891. At any rate it can fairly be stated that the marriage rate has not decreased.

Following are the statistics of divorce as given in the public records :

DIVORCES IN CANADA.

British Columbia, in addition to the divorce, five judicial separations have been granted, one in 1892, one in 1893, one in 1899 and two in 1900, besides in the latter year four (male) having been granted 'Decree Nisi.' In 1903 two judicial separations were granted.

In Ontario, Quebec, Manitoba and the North-west Territories divorce can be obtained by legislation—an Act of the Parliament of Canada being required. The rules of the Senate touching divorce require the production

of such evidence in support of the application for relief as would be deemed sufficient in a court of law ; in other respects the matter is dealt with as for an ordinary private Act of Parliament.

The following table gives the applicants for divorces by sexes and by provinces :—

PROVINCES.	Males.	Females.	Total.
Ontario.....	34	24	58
Quebec.....	12	7	19
Nova Scotia.....	61	64	125
New Brunswick.....	43	37	80
British Columbia.....	41	25	66
Manitoba.....	2	2	4
The Territories.....	3	1	4
Total.....	196	160	356

The divorced among our population, according to the Census of 1901 numbered 337 men and 324 women. By provinces they are distributed :—

PROVINCES.	Malea.	Females	Number.	Proportion per 100,000 of the Population.

LEPERS IN CANADA, 1904.

TRACADIE LAZARETTO.

Dr. A. C. Smith, the inspector of leprosy and resident physician at the Tracadie Lazaretto, New Brunswick, reports that there are fifteen inmates in the Lazaretto, being one less than the number reported last year. Of the present inmates, ten are males and five females, the youngest 10 and the oldest 62 years of age.

There were four deaths occurred during the past year. Three new cases, one of which was admitted from another province.

The different stages of the disease on October 31, 1902, 1903 and 1904, were :—

	1902	1903	1904
1st stage.....	6	5	7
2nd ".....	11	7	7
3rd ".....	2	4	1
Total.....	19	16	15

According to the Census of 1901 the Indians of the Dominion numbered 33,319, of which 25,593 were in British Columbia, 19,696 in Ontario, 35,588 in Manitoba and the Territories, and 12,272 in the other provinces. The difference between the Census returns and the Indian Department's statement is caused probably by the inclusion in the latter of some half breeds, not included in the Census of 1901.

There has been an increase in the Eastern Provinces of 244, more than offset by the decrease in the western provinces. Part of the decrease in British Columbia is due to the fact that a more accurate census of the North West Coast Indians was obtained for 1904, than had been secured for the previous year.

The total number of pupils on the rolls and the average daily attendance are distributed as follows, June 30, 1904 :—

PROVINCES.	No. of Schools.	Boys.	Girls.	On Rolls.	Average Attendance.

In addition there were 46 boarding schools and 24 industrial schools, 38 in the N. W. Territories, 9 in Manitoba, 17 in British Columbia and 6 in Ontario. In these 3,626 pupils were enrolled, 1,875 being boys and 1,651 girls, with an average attendance of 3,132, making with the day schools a total enrollment of 9,785 pupils with an average attendance of 6,008.

STATISTICAL YEAR-BOOK

	17	4	1,222	342
	79,383	148	59,446	22,037

On many of the Indian reserves in Ontario the methods of cultivation of the lands, the supply and the quality of live stock are equal to the average of the surrounding white communities.

In the fishing and hunting regions of the Dominion the Indians do well, and in 1904 there was a net increase in the receipts from fishing of \$81,400, and from hunting of \$60,744.

The quantity of land sold for the benefit of the Indians during the year 1904 was 67,965 acres, which realized \$62,943. The quantity of surrendered lands now held by the Government for sale is about 291,548 acres.

The amount at the credit of the Indian fund, which consists of moneys accrued from annuities, secured to the Indians under treaty, and from sales of land, timber, stones, &c., surrendered by them, was, on June 30, 1904, \$4,799,135, the expenditure from which, charged principally to interest, amounted to \$322,228. The expenditure from parliamentary appropriations was \$1,079,781, making a total of \$1,402,009.

The following is a statement of the expenditure from the parliamentary grant by provinces, fiscal year ended June 30, 1904 :—

EXPENDITURE FROM PARLIAMENTARY GRANT IN 1904.

	Ontario and Quebec.	Nova Scotia.	New Brunswick.	Prince Edward Island.	Manitoba and North- west Territories	British Columbia.
	\$	\$	\$	\$	\$	\$

Miscellaneous.....	14,980	2,274	602	31	7,633	15,682
Totals.....	102,104	9,975	8,008	1,828	804,099	137,596

* Including maritime provinces,

† Including implements.

‡ Includes medical attendance.

In addition to the above, the sum of \$8,692 was expended under the head of 'General,' \$11,000 for compensation for price of islands and improvements on islands in the St. Lawrence River, and \$7,480 for schools and destitute Indians in the Yukon district, making the expenditure \$1,090,781.

Ranged according to religious beliefs the 107,978 Indians are divided: Church of England, 14,758; Presbyterians, 1,409; Methodists, 11,177; Roman Catholics, 34,915; other christian creeds, 1,661; Pagans, 11,269. Thus Roman Catholics who constitute 41.51 per cent of the whole population of Canada, include 32.32 per cent of the Indian population; the Church of England which has 12.67 per cent of the whole population of the Dominion, has 13.66 per cent of the Indians, or more than its proportion of the general population. Methodists have 17.07 per cent of the total population and 10.35 per cent of the Indian. Presbyterians have 15.68 per cent of the general population and 1.30 per cent of the specific Indian population. About 10.50 per cent of the Indians are given as pagans.

The Indians of the province of Quebec have an average annual income from their own handicraft of \$60.50 per head, the largest of any of the provinces. British Columbia following closely with \$60.20 per head of the Indian population. The Ontario Indians have an annual average income from their own efforts of \$51.20; those of Nova Scotia, \$35.70; of New Brunswick, \$57.50; of Manitoba, \$33.06; of Prince Edward Island, \$71.60. and of the 13,861 Indians included in the North-west Territories whose returns are given, \$49.40.

WIRELESS TELEGRAPHY.

There are twelve Marconi stations on the River and Gulf of St Lawrence and the Atlantic Coast of Canada, under the direction of the Department of Marine and Fisheries, namely.

(1) Fame Point, Heath Point, Point Amour, Belle Isle, Cape Ray and Cape Race, in operation; and

(2) Whittle Rocks, Point Rich, Halifax, St John, Sable Island and Cape Sable Island, under construction.

Of the twelve stations nine are high power and three low power stations. The high power stations can communicate with vessels approximately 250 miles each side of them, and the low power stations about 130 miles.

The vote for wireless telegraphy is \$100,000.

There is also in operation in Glace Bay, Cape Breton Island, a Marconi station towards the construction of which the Dominion Parliament voted the sum of \$80,000 in 1903.

CHINESE.

Statement showing the transactions under the Chinese Immigration Act to June 30, 1904.

The Act went into force as respects arrivals by vessels sailing from ports in North America on August 20, 1885, and as respects arrivals by other vessels on January 1, 1886, *vide* 48-49 Victoria, chapter 71.

The Act as it appears in the Revised Statutes, chapter 67 (1886), is slightly changed from the original. There have been since then two amendments thereto, viz., as per 50-51 Victoria, chapter 35 (1887), and 55-56 Victoria, chapter 25 (1892). The general Acts were repealed by the Act 63-64 Victoria, chapter 32, which came into force January 1, 1901, and was modified by chapter 5, Acts of 1902.

The administration of the Act was by Order in Council of September 1, 1885, assigned to the Department of Customs and transferred to the Department of Trade and Commerce by Order in Council of March 13, 1893.

The annual revenue, expenditure, &c., under the Act has been as follows:—

YEAR ENDED JUNE 30.	IMMIGRANTS.		Total Collections from all sources.	Refunds.	Expenses of Collection	Share of Capitation Fee paid to Provinces.

*Balance held for subsequent funds.

During the same period 18,555 have taken out certificates of leave or registered for leave up to June 30, 1904, while a very large number have left the country without so registering, having no intention of returning. According to the Census of 1901 there were 17,299 Chinese in Canada. The Census of 1891 gives the number as 9,129. In British Columbia, according to the recent Census, there were 14,869 as against 8,910 in that province in 1891. The increase in British Columbia is equal to 67 per cent, while the total increase is equal to 90 per cent showing that the Chinese have spread throughout the country.

The tax imposed on Chinese under the Act of 1900 was \$100 per head.

Parliament passed an Act in the Session of 1903 increasing the tax to \$500 per head.

The Canadian Patentees were distributed among the provinces of the Dominion in 1904 as follows:—

Ontario	477	New Brunswick	33
Quebec	171	Manitoba and N. W. Territories ..	61
Nova Scotia	36	British Columbia	59
Prince Edward Island	1		

The limit of duration of a patent was formerly fifteen years, but by the Act 55-56 Vic., chap. 24 (1892), this was extended to eighteen years, which period can be reduced by the applicant to six or twelve years on payment of a proportionate fee.

The following table shows the business of the copyrights and trade marks branch since Confederation:—

According to the census returns of 1891 the birth rate was 28·95 per thousand and the death rate was 14·10 for Canada. The birth rate in British Columbia was 23·16 per thousand of the population, and the death

STATISTICAL YEAR-BOOK

er thousand. In Manitoba the birth rate was 23 per thousand, and the death rate 10·36 per thousand. In New Brunswick the birth rate was 25·70 per thousand, and the death rate 13·36 per thousand. In Ontario the birth rate was 24·50 per thousand, and the death rate 11·30 per thousand. In Quebec the birth rate was 24·45 per thousand, and the death rate 18·91 per thousand. In the North-west Territories the birth rate was 24·45 per thousand, and the death rate 7·32.

In 1891 the banner province, having the second lowest death rate, the result being that it had the largest excess of births over deaths.

At the census of 1901 for Canada, the birth rate was 24·45 per thousand, and the death rate was 13·94. By provinces the rate was: Nova Scotia, 26·42 and 11·54; Nova Scotia, 23·56 and 11·61; P. E. Island, 21·27 and 11·49; Quebec, 37·53 and 12·35 and 11·84.

The following table gives the births, deaths and marriages in each of the provinces.

BIRTHS, DEATHS AND MARRIAGES IN FOREIGN COUNTRIES

Year	Births	Deaths	Marriages	Stillborn
	No.	No.	No.	No.
1902	133,300	31,200	14,400	1,000

1900	127,795	28,408	13,643	1,000

PENITENTIARIES.

For the punishment of criminals there are five penitentiaries in the Dominion, situated at Kingston, Ontario; St. Vincent de Paul, Montreal, Que.; Dorchester, N.B.; Stony Mountain, Man.; and New Westminster, B.C. The total number of persons confined in these five penitentiaries on June 30, 1904, was 1,328, of whom 1,305 were males and 23 were females.

The following table gives the number of convicts remaining in each of the penitentiaries on June 30 of each year, the number discharged in each year, and the causes.

of cases tried by stipendiary magistrates and inspection Mounted Police since 1892 is not given separate total returns of the Territories.

Keep in mind that the number of convictions does not give the number of individual criminals, because any person may be convicted during the year, whether for the same or a different offence. It is a separate person for each conviction, as it is well known that a person may be convicted several times a year for such offences as larceny and similar offences.

The totals given above, not including the N

Rape.	1903			1 life sentence.
Murder.	1904	14	8	6 commuted.
Total		223	134	85 commuted. 68 life sentences.

During the period 1880-1904 (25 years) there have been 223 death sentences all for murder excepting one which was for high treason. 134 of

the persons upon whom the sentence of death was pronounced were executed 85 of the death sentences were changed to imprisonment for life. In addition, for other crimes there have been 68 life sentences. There were 49 persons upon whom the courts pronounced sentences of death, whose original sentence was commuted to imprisonment for life, and who after serving various periods were pardoned. Of the 68 whose original sentence was imprisonment for life, 49 were pardoned. Of the 68 sentenced for life, 21 were for manslaughter, 16 for rape, 7 for shooting with intent to kill, 7 for attempting murder, 3 for arson, 3 for damages to property by the use of explosives, and 11 for various offences.

IMMIGRATION.

The following table gives the number of declared settlers arrived in Canada during the years 1899—1904 :

NATIONALITY	CALENDAR YEARS.		6 MONTHS ENDED 30 JUNE.	FISCAL YEARS.		
	1899.	1900.	1901.	1902.	1903.	1904.
From the United States	11,945	8,543	17,987	26,388	49,473	45,229
English and Welsh	8,576	4,129	9,401	13,095	32,510	36,624
Irish	1,337	343	933	1,311	2,236	3,126
Scotch	747	669	1,476	2,853	7,046	10,552
Doukhobors	7,350	"	"	"	"	"
Galicians	6,700	4,992	4,702	6,550	10,141	7,729
German	780	476	984	1,048	1,887	2,966
Scandinavian	1,526	714	1,750	2,451	5,448	3,390
French and Belgians	413	253	492	654	1,240	2,392
Hungarians.		370	546	1,048	2,156	1,091
Hebrews	"	"	"	"	"	3,727
Austrians		155	228	820	798	516
Italian	"	"	"	"	"	4,445
Russians and Finlanders		1,310	1,726	3,759	7,377	2,800
Other nationalities.	5,169	1,941	8,924	7,902	8,152	5,672
Total	44,543	23,895	49,149	67,379	128,364	130,331

NOTE.—For expenditure on immigration see page 564.

*A few Doukhobor arrivals are included in other nationalities.

The Census returns of 1901 gave the number of persons of foreign birth in Canada at 278,449 or 5·2 per cent of the whole population.

The same returns showed that 153,908 persons reported themselves to be naturalized, leaving 124,541 persons in April, 1901, not naturalized.

Under the Naturalization Act of 1902 provision was made for collecting statistics of persons naturalized in the several courts of the Dominion.

As a foreigner has to be in Canada three years before he can obtain a naturalization certificate, the 216,641 foreigners who have come in since the census was taken, according to the immigration returns, are still unnaturalized foreigners.

The returns under the Naturalization Act of 1902 show that 3,813 persons were naturalized in 1902, 6,593 in 1903 and 4,402 in 1904—a total of 14,808 men. Taking each man to represent five persons the total affected by these naturalization papers of 1902-'3-'4 will be 74,000 persons, leaving—without taking into account losses by death—about 50,500 persons who remain aliens after they are able to become naturalized Canadians or less than one tenth of one per cent.
